JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SIXTY-NINTH DAY, MONDAY, MAY 8, 2017

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Kenneth Wilson.

Heavenly Father, we know of no better way to begin the work of this week than by seeking Your guidance and Your council for our lives. We acknowledge that we need You, and we resolve to trust You and to obey You and to do our very best to serve You and our fellow man. In the days ahead of us, days that will call for understanding, for mercy, for the healing of our bodies and our spirit. Every day we are reminded how fragile the thread of life is and how suddenly we may be called to give an account of our lives. May the uncertainty of life make us more anxious to do good while we have the opportunity of this day. Since we shall be judged for every idle word, let us speak carefully, with a deep respect for the truth that cannot be twisted. Bless each member of this body according to their needs.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Owen Plocher and Stella Plocher.

The Journal of the sixty-eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTIETH DAY, TUESDAY, MAY 9, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

All the paths of the Lord are mercy and truth unto such as keep His covenant and His testimonies. (Psalm 25:10)

Almighty God, we pause with bowed heads at the opening of another day, lifting our spirits to You, to whom all thoughts and ambitions are open and all desires known. Teach us to pray that Your presence becomes real to us, as we strive more earnestly to do Your will and to walk in Your paths of peace.

We come concerned by the problems of this day, burdened by many anxieties, tempted to feel our labor is in vain, and wondering what the future holds for us and for our State. We pray for ourselves in these demanding times that we may not add to the divisions that divide us by giving way to petty prejudices but by our dedication to You and our devotion to our State may increase our unity by an ever-widening spirit of cooperation.

Give us strength to walk in Your ways, to travel in Your truth, and to live in Your light.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Isaac DeWaal, Hannah Villmer, Reece Beth Rone, Phoebe Clair Rone, and Parker Hinton.

The Journal of the sixty-ninth day was approved as printed.

The board shall promulgate rules pursuant to chapter 536 for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant.

2. (1) A supervision agreement shall limit the physician assistant to practice only at locations described in subdivision (8) of subsection 1 of this section, where the supervising physician is no further than ~~[fifty]~~ **seventy-five** miles by road using the most direct route available and where the location is not so situated as to create an impediment to effective intervention and supervision of patient care or adequate review of services.

(2) For a physician-physician assistant team working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no supervision requirements in addition to the minimum federal law shall be required.

3. The scope of practice of a physician assistant shall consist only of the following services and procedures:

Prescribing and dispensing of drugs, medications, devices or therapies by a physician assistant shall be pursuant to a physician assistant supervision agreement which is specific to the clinical conditions treated by the supervising physician and the physician assistant shall be subject to the following:

- (1) A physician assistant shall only prescribe controlled substances in accordance with section 334.747;

- (6) A physician assistant may only dispense starter doses of medication to cover a period of time for seventy-two hours or less.

5. A physician assistant shall clearly identify himself or herself as a physician assistant and shall not use or permit to be used in the physician assistant's behalf the terms "doctor", "Dr." or "doc" nor hold himself or herself out in any way to be a physician or surgeon. No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; except that, nothing in this subsection shall be construed to prohibit a physician assistant from enrolling with the department of social services as a MO HealthNet or Medicaid provider while acting under a supervision agreement between the physician and physician assistant.

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536 establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. Persons licensed pursuant to the provisions of chapter 335 shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. The agreement shall contain at least the following provisions:

- (1) Complete names, home and business addresses, zip codes, telephone numbers, and state license numbers of the supervising physician and the physician assistant;
- (2) A list of all offices or locations where the physician routinely provides patient care, and in which of such offices or locations the supervising physician has authorized the physician assistant to practice;
- (3) All specialty or board certifications of the supervising physician;
- (4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:
 - (a) Attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and experience and that the physician assistant shall not practice beyond the scope of the physician assistant's training and experience nor the supervising physician's capabilities and training; and
 - (b) Provide coverage during absence, incapacity, infirmity, or emergency by the supervising physician;
- (5) The duration of the supervision agreement between the supervising physician and physician assistant; and
- (6) A description of the time and manner of the supervising physician's review of the physician assistant's delivery of health care services. Such description shall include provisions that the supervising physician, or a designated supervising physician listed in the supervision agreement review a minimum of ten percent of the charts of the physician assistant's delivery of health care services every fourteen days.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197."; and"; and

Representative Rowland (155) offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 283, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"67.402. 1. The governing body of the following counties may enact nuisance abatement ordinances as provided in this section:

(1) Any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants;

(2) Any county of the first classification with more than seventy-one thousand three hundred but fewer than seventy-one thousand four hundred inhabitants;

(3) Any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but fewer than one hundred ninety-nine thousand two hundred inhabitants;

(4) Any county of the first classification with more than eighty-five thousand nine hundred but fewer than eighty-six thousand inhabitants;

(5) Any county of the third classification without a township form of government and with more than sixteen thousand four hundred but fewer than sixteen thousand five hundred inhabitants;

(6) Any county of the third classification with a township form of government and with more than fourteen thousand five hundred but fewer than fourteen thousand six hundred inhabitants;

(7) Any county of the first classification with more than eighty-two thousand but fewer than eighty-two thousand one hundred inhabitants;

(8) Any county of the first classification with more than one hundred four thousand six hundred but fewer than one hundred four thousand seven hundred inhabitants;

(9) Any county of the third classification with a township form of government and with more than seven thousand nine hundred but fewer than eight thousand inhabitants; ~~and~~

(10) Any county of the second classification with more than fifty-two thousand six hundred but fewer than fifty-two thousand seven hundred inhabitants;

(11) Any county of the first classification with more than sixty-five thousand but fewer than seventy-five thousand inhabitants and with a county seat with more than fifteen thousand but fewer than seventeen thousand inhabitants; and

(12) Any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants and with a county seat with more than two thousand one hundred but fewer than two thousand four hundred inhabitants.

2. The governing body of any county described in subsection 1 of this section may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of rubbish and trash, lumber, bricks, tin, steel, parts of derelict motorcycles, derelict cars, derelict trucks, derelict construction equipment, derelict appliances, broken furniture, or overgrown or noxious weeds in residential subdivisions or districts which may endanger public safety or which is unhealthy or unsafe and declared to be a public nuisance.

3. Any ordinance enacted pursuant to this section shall:

(1) Set forth those conditions which constitute a nuisance and which are detrimental to the health, safety, or welfare of the residents of the county;

(2) Provide for duties of inspectors with regard to those conditions which may be declared a nuisance, and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such property;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the nuisance is to be abated, listing a reasonable time for commencement, and may provide that such notice be served either by personal service or by certified mail, return receipt requested, but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the property as shown by the land records of the recorder of deeds of the county wherein the property is located shall be made parties;

(4) Provide that upon failure to commence work of abating the nuisance within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter before the county commission, giving the affected parties at least ten days' written notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. After the hearings, if evidence supports a finding that the property is a nuisance or detrimental to the health, safety, or welfare of the residents of the county, the county commission shall issue an order making specific findings of fact, based upon competent and substantial evidence, which shows the property to be a nuisance and detrimental to the health, safety, or welfare of the residents of the county and ordering the nuisance abated. If the evidence does not support a finding that the property is a nuisance or detrimental to the health, safety, or welfare of the residents of the county, no order shall be issued.

4. Any ordinance authorized by this section may provide that if the owner fails to begin abating the nuisance within a specific time which shall not be longer than seven days of receiving notice that the nuisance has been ordered removed, the building commissioner or designated officer shall cause the condition which constitutes the nuisance to be removed. If the building commissioner or designated officer causes such condition to be removed or abated, the cost of such removal shall be certified to the county clerk or officer in charge of finance who shall cause the certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the county collector's option, for the property and the certified cost shall be collected by the county collector in the same manner and procedure for collecting real estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property until paid.

5. Nothing in this section authorizes any county to enact nuisance abatement ordinances that provide for the abatement of any condition relating to agricultural structures or agricultural operations, including but not limited to the raising of livestock or row crops.

6. No county of the first, second, third, or fourth classification shall have the power to adopt any ordinance, resolution, or regulation under this section governing any railroad company regulated by the Federal Railroad Administration."; and

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 283, Page 2, Section 233.180, Line 25, by inserting immediately after said section and line the following:

"304.120. 1. Municipalities, by ordinance, may establish reasonable speed regulations for motor vehicles within the limits of such municipalities. No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

(1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
 (2) Establish one-way streets and provide for the regulation of vehicles thereon;
 (3) Require vehicles to stop before crossing certain designated streets and boulevards;
 (4) Limit the use of certain designated streets and boulevards to passenger vehicles, except that each municipality shall allow at least one route, with lawful traffic movement and access from both directions, to be available for use by commercial motor vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize a municipality to limit the use of all routes in the municipality. **The use by commercial motor vehicles of a municipality-designated route for such vehicles in compliance with any ordinances of the designating municipality shall not be deemed a nuisance or evidence of a nuisance. Nothing contained in this subdivision is intended to modify or limit recovery for any claim that is independent of a nuisance claim;**

(5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound-producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

4. No ordinance shall impose liability on the owner-lessor of a motor vehicle when the vehicle is being permissively used by a lessee and is illegally parked or operated if the registered owner-lessor of such vehicle furnishes the name, address and operator's license number of the person renting or leasing the vehicle at the time the violation occurred to the proper municipal authority within three working days from the time of receipt of written request for such information. Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial motor vehicles on all routes within the municipality. For purposes of this section, the term "route" shall mean any state road, county road, or public street, avenue, boulevard, or parkway.

6. No ordinance shall prohibit the operator of a motor vehicle from being in an intersection while a red signal is being displayed if the operator of the motor vehicle entered the intersection during a yellow signal interval. The provisions of this subsection shall supercede any local laws, ordinances, orders, rules, or regulations enacted by a county, municipality, or other political subdivision that are to the contrary."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

VACANCIES: 001

On motion of Representative Redmon, **House Amendment No. 2** was adopted.

Representative Ruth offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 283, Page 1, Section 67.1364, Line 17, by inserting immediately after all of said section and line the following:

"68.075. 1. This section shall be known and may be cited as the "Advanced Industrial Manufacturing Zones Act".

2. As used in this section, the following terms shall mean:

(1) "AIM zone", an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;

(2) **"County average wage", the average wages in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;**

(3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the [state] county average wage.

3. Any port authority located in this state may establish an AIM zone. Such zone may only include the area within the port authority's jurisdiction, **ownership, or control**, and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority's jurisdiction **or under the port authority's ownership or control, and may be expanded or contracted by resolution of the port authority board of commissioners.**

4. Fifty percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within such zone after development or redevelopment has commenced shall not be remitted to the general **revenue** fund of the state of Missouri. Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Roeber offered **House Amendment No. 5.**

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 283, Page 2, Section 137.565, Line 13, by inserting immediately after said line the following:

"162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more

than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. ~~[Directors shall serve a four-year term]~~ **At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term.** Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five. ~~[Each voter may vote for two candidates for at-large director and the two receiving the largest number of votes cast shall be elected.]~~

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes ~~[if there is only one office to be filled and the candidates having the highest number of votes, if more than one office is to be filled.]~~ shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county."; and

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child ~~[or person seventeen years of age]~~, alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall

conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. A traffic court judge may request the juvenile court to order the commitment of a person under the age of ~~[seventeen]~~ **eighteen** to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

~~[3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]~~

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes ~~[seventeen]~~ **eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for ~~[him]~~ **the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of ~~[seventeen]~~ **eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and ~~seventeen~~ **eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023, [or]** distribution of drugs under section 195.211 **as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055,** or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between ~~seventeen~~ **eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under ~~[seventeen]~~ **eighteen** years ~~[and six months]~~ of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of ~~[seventeen]~~ **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the court in person and in writing that a child appears to be within the purview of applicable provisions of section 211.031 ~~[or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031]~~, the court shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child ~~[or person seventeen years of age]~~ require that further action be taken. On the basis of this inquiry, the juvenile court may make such informal adjustment as is practicable without a petition or may authorize the filing of a petition by the juvenile officer. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child ~~[or person seventeen years of age]~~ which would place or commit the child ~~[or person seventeen years of age]~~ to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child ~~[or person seventeen years of age]~~ and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child ~~[or person seventeen years of age]~~ which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child ~~[or person seventeen years of age]~~. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child ~~[or person seventeen years of age]~~. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child ~~[or person seventeen years of age]~~.

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled "In the interest of, a child under **[seventeen] eighteen** years of age" ~~[or "In the interest of, a child seventeen years of age" or "In the interest of, a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition].~~

2. The petition shall set forth plainly:

(1) The facts which bring the child ~~[or person seventeen years of age]~~ within the jurisdiction of the court;

(2) The full name, birth date, and residence of the child ~~[or person seventeen years of age]~~;

(3) The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child ~~[or person seventeen years of age]~~ or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.

211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child ~~[or person seventeen years of age]~~ to appear personally and, unless the court orders otherwise, to bring the child ~~[or person seventeen years of age]~~ before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child ~~[or person seventeen years of age]~~, then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child ~~[or person seventeen years of age]~~ is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child ~~[or person seventeen years of age]~~ into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child ~~[or person seventeen years of age]~~ within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child ~~[or person seventeen years of age]~~ may be given consideration in the disposition of his case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children ~~[or persons seventeen years of age]~~ coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children ~~[or persons seventeen years of age]~~ under its jurisdiction.

211.181. 1. When a child ~~[or person seventeen years of age]~~ is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child ~~[or person seventeen years of age]~~, and the court may, by order duly entered, proceed as follows:

(1) Place the child ~~[or person seventeen years of age]~~ under supervision in his own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child ~~[or person seventeen years of age]~~ to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child ~~[or person seventeen years of age]~~ may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child ~~[or person seventeen years of age]~~ in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child ~~[or person seventeen years of age]~~ in a family home;

This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his ~~seventeenth~~ **or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's ~~seventeenth~~ **eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

State agencies having custody of juveniles who fall within the registration requirements of this section shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person ~~[seventeen]~~ **eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

2. The ballot of submission shall contain, but need not be limited to, the following language:
Shall the county of (county's name) impose a countywide sales tax of (insert amount) and reduce its total property tax levy annually by (insert amount) percent of the total amount of sales tax revenue collected in the same tax year?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified

voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the sales tax and reduce the property tax as herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax and reduce the property tax under the provisions of sections 67.500 to 67.545 and such proposal is approved by a majority of the qualified voters voting thereon.

3. The sales tax may be imposed at a rate of one-fourth of one percent, three-eighths of one percent or one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. Each year in which a sales tax is imposed under the provisions of sections 67.500 to 67.545, the county shall, after determining its budget, excluding funds required to be set aside and placed to the credit of special road districts, within the limits set by the constitution and laws of this state for the following calendar year and the total property tax levy needed to raise the revenues required by such budget, reduce that total property tax levy in an amount sufficient to decrease the total property taxes it will collect by an amount equal to one of the following:

4. No county in this state shall impose a tax under this section for the purpose of funding in whole or in part the construction, operation, or maintenance of any zoological activities, zoological facilities, zoological organizations, the metropolitan zoological park and museum district as created under section 184.350, or any zoological boards.

67.547. 1. In addition to the tax authorized by section 67.505, any county **as defined in section 67.750** may, by a majority vote of its governing body, impose an additional county sales tax on all sales which are subject to taxation under the provisions of sections 144.010 to 144.525. The tax authorized by this section shall be in addition to any and all other sales tax allowed by law; except that no ordinance or order imposing a sales tax under the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose such tax.

If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. - (1) Motor fuel, seventeen cents per gallon;
- (2) Alternative fuels, not subject to the decal fees as provided in section 142.869, with a power potential equivalent of motor fuel. In the event alternative fuel, which is not commonly sold or measured by the gallon, is used in motor vehicles on the highways of this state, the director is authorized to assess and collect a tax upon such alternative fuel measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. The determination by the director of the power potential equivalent of such alternative fuel shall be prima facie correct;
- (3) Aviation fuel used in propelling aircraft with reciprocating engines, nine cents per gallon as levied and imposed by section 155.080 to be collected as required under this chapter;
- (4) Compressed natural gas fuel, five cents per gasoline gallon equivalent until December 31, 2019, eleven cents per gasoline gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per gasoline gallon equivalent thereafter. The gasoline gallon equivalent and method of sale for compressed natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the gasoline gallon equivalent and method of sale for compressed natural gas shall be equal to five and sixty-six-hundredths pounds of compressed natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on compressed natural gas, including but not limited to licensing, reporting, penalties, and interest;

(6) Propane gas fuel, five cents per gallon until December 31, 2019, eleven cents per gallon from January 1, 2020, until December 31, 2024, and then seventeen cents per gallon thereafter. All applicable provisions contained in this chapter governing administration, collection, and enforcement of the state motor fuel tax shall apply to the tax imposed on propane gas including, but not limited to, licensing, reporting, penalties, and interest;

(7) If a natural gas, compressed natural gas, ~~or~~ liquefied natural gas, **electric, or propane** connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, ~~or~~ liquefied natural gas, **electricity, or propane** used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax.

142.869. 1. The tax imposed by this chapter shall not apply to passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by alternative fuel, and for which a valid decal has been acquired as provided in this section, provided that sales made to alternative fueled vehicles powered by **propane**, compressed natural gas, or liquefied natural gas that do not meet the requirements of subsection 3 of this section shall be taxed exclusively pursuant to subdivisions (4) ~~and (5)~~ **to (7)** of subsection 1 of section 142.803, respectively. The owners or operators of such motor vehicles, **except plug-in electric hybrids**, shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: seventy-five dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; one hundred fifty dollars on each motor vehicle with a licensed gross vehicle weight in excess of eighteen thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and 301.063; two hundred fifty dollars on each motor vehicle with a licensed gross weight in excess of thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; and one thousand dollars on each motor vehicle with a licensed gross vehicle weight in excess of thirty-six thousand pounds. **Owners or operators of plug-in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee.** Notwithstanding provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the alternative fuel decal requirements of this section. **For the purposes of this section, a plug-in electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or newer, that has not been modified from the original manufacturer specifications, with an internal combustion engine and batteries that can be recharged by connecting a plug to an electric power source.**

2. Except interstate fuel users and vehicles licensed under a reciprocity agreement as defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles registered outside this state which are powered by alternative fuel other than **propane**, compressed natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has been acquired as provided in this section. The owners or operators of such motor vehicles shall, in lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of issuance and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling such decals in accordance with rules and regulations prescribed by the director shall be allowed to retain fifty cents for each decal fee timely remitted to the director.

3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by compressed natural gas or liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31, 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear an

alternative fuel decal shall be prohibited from selling or providing compressed natural gas or liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection. Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

4. An owner or operator of a motor vehicle powered by propane may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such refueling.

5. The director shall annually, on or before January thirty-first of each year, collect or cause to be collected from owners or operators of the motor vehicles specified in subsection 1 of this section the annual decal fee. Applications for such decals shall be supplied by the department of revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year, a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of such year. **This subsection shall not apply to an owner or operator of a motor vehicle powered by propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel tax.**

~~[5-]~~ **6.** Upon the payment of the fee required by subsection 1 of this section, the director shall issue a decal, which shall be valid for the current calendar year and shall be attached to the lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

~~[6-]~~ **7.** The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance with rules and regulations promulgated by the director.

~~[7-]~~ **8.** It shall be unlawful for any person to operate a motor vehicle required to have an alternative fuel decal upon the highways of this state without a valid decal **unless the motor vehicle is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations that collect the motor fuel tax.**

~~[8-]~~ **9.** No person shall cause to be put, or put, ~~[LP gas]~~ **any alternative fuel** into the fuel supply receptacle **or battery** of a motor vehicle required to have an alternative fuel decal unless the motor vehicle **either** has a valid decal attached to it **or the appropriate motor fuel tax is collected at the time of such fueling.** ~~[Sales of fuel placed in the supply receptacle of a motor vehicle displaying such decal shall be recorded upon an invoice, which invoice shall include the decal number, the motor vehicle license number and the number of gallons placed in such supply receptacle.]~~

~~[9-]~~ **10.** Any person violating any provision of this section is guilty of an infraction and shall, upon conviction thereof, be fined five hundred dollars.

~~[10-]~~ **11.** Motor vehicles displaying a valid alternative fuel decal are exempt from the licensing and reporting requirements of this chapter."; and

Further amend said bill, Page 52, Section 1, Line 62, by inserting the following after all of said line:

"Section 2. Notwithstanding any other provision of law, any political subdivision that imposes a local excise or sales tax enacted after January 1, 2017, under article IV, section 30(a) of the Constitution of Missouri shall use no less than ninety percent of such funds collected for the construction, reconstruction, maintenance, and repair of roads and streets and for the payment and interest on indebtedness incurred on account of road and street purposes, and no more than ten percent of such funds collected for policing, signing, lighting, and cleaning roads and streets."; and

2. As used in this section, the following terms shall mean:

(1) "AIM zone", an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;

(2) **"County average wage", the average wage in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;**

(3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the [state] county average wage.

3. Any port authority located in this state may establish an AIM zone. Such zone may only include the area within the port authority's jurisdiction, **ownership, or control** and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority's jurisdiction **or under the port authority's ownership or control and may be expanded or contracted by resolution of the port authority board of commissioners.**

4. Fifty percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within such zone after development or redevelopment has commenced shall not be remitted to the general **revenue** fund of the state of Missouri. Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023."; and

"190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Such boards which existed prior to August 25, 2010, shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency **telephone** service 911 system to the new entity created by the reclassification of the board.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

House Amendment No. 8

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 112, Page 47, Section 347.048, Line 18, by inserting immediately after said section and line the following:

"393.1075. 1. This section shall be known as the "Missouri Energy Efficiency Investment Act".

2. As used in this section, the following terms shall mean:

- (1) "Commission", the Missouri public service commission;
- (2) "Demand response", measures that decrease peak demand or shift demand to off-peak periods;
- (3) "Demand-side program", any program conducted by the utility to modify the net consumption of electricity on the retail customer's side of the electric meter, including but not limited to energy efficiency measures, ~~load~~ **rate** management, demand response, and interruptible or curtailable load;
- (4) "Energy efficiency", measures that reduce the amount of electricity required to achieve a given end use;
- (5) "Interruptible or curtailable rate", a rate under which a customer receives a reduced charge in exchange for agreeing to allow the utility to withdraw the supply of electricity under certain specified conditions;
- (6) "Total resource cost test", a test that compares the sum of avoided utility costs and avoided probable environmental compliance costs to the sum of all incremental costs of end-use measures that are implemented due to the program, as defined by the commission in rules.

3. It shall be the policy of the state to value demand-side investments equal to traditional investments in supply and delivery infrastructure and allow recovery of all reasonable and prudent costs of delivering cost-effective demand-side programs. In support of this policy, the commission shall:

- (1) Provide timely cost recovery for utilities;
- (2) Ensure that utility financial incentives are aligned with helping customers use energy more efficiently and in a manner that sustains or enhances utility customers' incentives to use energy more efficiently; and
- (3) Provide timely earnings opportunities associated with cost-effective measurable and verifiable efficiency savings.

4. The commission shall permit electric corporations to implement commission-approved demand-side programs proposed pursuant to this section with a goal of achieving all cost-effective demand-side savings. Recovery for such programs shall not be permitted unless the programs are approved by the commission, result in energy or demand savings and are beneficial to all customers in the customer class in which the programs are proposed, regardless of whether the programs are utilized by all customers. The commission shall consider the total resource cost

test a preferred cost-effectiveness test. Programs targeted to low-income customers or general education campaigns do not need to meet a cost-effectiveness test, so long as the commission determines that the program or campaign is in the public interest. Nothing herein shall preclude the approval of demand-side programs that do not meet the test if the costs of the program above the level determined to be cost-effective are funded by the customers participating in the program or through tax or other governmental credits or incentives specifically designed for that purpose.

5. To comply with this section the commission may develop cost recovery mechanisms to further encourage investments in demand-side programs including, in combination and without limitation: capitalization of investments in and expenditures for demand-side programs, rate design modifications, accelerated depreciation on demand-side investments, and allowing the utility to retain a portion of the net benefits of a demand-side program for its shareholders. In setting rates the commission shall fairly apportion the costs and benefits of demand-side programs to each customer class except as provided for in subsection 6 of this section. Prior to approving a rate design modification associated with demand-side cost recovery, the commission shall conclude a docket studying the effects thereof and promulgate an appropriate rule.

6. The commission may reduce or exempt allocation of demand-side expenditures to low-income classes, as defined in an appropriate rate proceeding, as a subclass of residential service.

7. Provided that the customer has notified the electric corporation that the customer elects not to participate in demand-side measures offered by an electrical corporation, none of the costs of demand-side measures of an electric corporation offered under this section or by any other authority, and no other charges implemented in accordance with this section, shall be assigned to any account of any customer, including its affiliates and subsidiaries, meeting one or more of the following criteria:

(1) The customer has one or more accounts within the service territory of the electrical corporation that has a demand of five thousand kilowatts or more;

(2) The customer operates an interstate pipeline pumping station, regardless of size; or

(3) The customer has accounts within the service territory of the electrical corporation that have, in aggregate, a demand of two thousand five hundred kilowatts or more, and the customer has a comprehensive demand-side or energy efficiency program and can demonstrate an achievement of savings at least equal to those expected from utility-provided programs.

8. Customers that have notified the electrical corporation that they do not wish to participate in demand-side programs under this section shall not subsequently be eligible to participate in demand-side programs except under guidelines established by the commission in rulemaking.

9. Customers who participate in demand-side programs initiated after August 1, 2009, shall be required to participate in program funding for a period of time to be established by the commission in rulemaking.

10. Customers electing not to participate in an electric corporation's demand-side programs under this section shall still be allowed to participate in interruptible or curtailable rate schedules or tariffs offered by the electric corporation.

11. The commission shall provide oversight and may adopt rules and procedures and approve corporation-specific settlements and tariff provisions, independent evaluation of demand-side programs, as necessary, to ensure that electric corporations can achieve the goals of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

12. Each electric corporation shall submit an annual report to the commission describing the demand-side programs implemented by the utility in the previous year. The report shall document program expenditures, including incentive payments, peak demand and energy savings impacts and the techniques used to estimate those impacts, avoided costs and the techniques used to estimate those costs, the estimated cost-effectiveness of the demand-side programs, and the net economic benefits of the demand-side programs.

13. Charges attributable to demand-side programs under this section shall be clearly shown as a separate line item on bills to the electrical corporation's customers.

14. ~~[(1) Any customer of an electrical corporation who has received a state tax credit under sections 135.350 to 135.362 or under sections 253.545 to 253.561 shall not be eligible for participation in any demand-side program offered by an electrical corporation under this section if such program offers a monetary incentive to the customer, except as provided in subdivision (4) of this subsection.]~~

~~———— (2) As a condition of participation in any demand side program offered by an electrical corporation under this section when such program offers a monetary incentive to the customer, the commission shall develop rules that require documentation to be provided by the customer to the electrical corporation to show that the customer has not received a tax credit listed in subdivision (1) of this subsection.—~~

~~———— (3) The penalty for a customer who provides false documentation under subdivision (2) of this subsection shall be a class A misdemeanor.—~~

~~———— (4) The provisions of this subsection shall not apply to any low income customer who would otherwise be eligible to participate in a demand side program that is offered by an electrical corporation to low income customers.—~~

~~———— 15.] The commission shall develop rules that provide for disclosure of participants in all demand-side programs offered by electrical corporations under this section when such programs provide monetary incentives to the customer. The disclosure required by this subsection may include, but not be limited to, the following: the name of the participant, or the names of the [principles] **principals** if for a company, the property address, and the amount of the monetary incentive received.";~~ and

No cause of action shall lie in any court of law against any provider of communications service, commercial mobile service, or other communications-related service, or its officers, employees, assignees, agents, vendors, or anyone acting on behalf of such persons, for providing call location information concerning the user of any such service in an emergency situation to a law enforcement official or agency in order to respond to a call for emergency service by a subscriber, customer, or user of such service or for providing caller location information or doing a ping locate in an emergency situation that involves danger of death or serious physical injury to any person where disclosure of communications relating to the emergency is required without delay, whether such provision of information is required by law or voluntary.

8. The fee imposed under this section shall not be imposed on customers who pay for service prospectively, known as purchasers of prepaid wireless telecommunications service customers.

9. No county or city shall submit a proposal to the voters under this section for a fee of more than one dollar until the county or city receives approval for the fee amount from the Missouri 911 service board established under section 650.325. Once a fee of more than one dollar has been approved by the Missouri 911 service board and the voters, the county or city shall not subsequently increase the fee until the increased fee amount has been approved by the Missouri 911 service board and the voters under this section. Any county or city seeking to impose or increase a fee of more than one dollar shall submit to the Missouri 911 service board information to justify the fee amount. The information to be provided shall include, but not be limited to, the following:

(2) The county develops a plan for consolidation of emergency telephone service as defined in section 190.300, and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county; or

12. Any plan developed under subdivision (2) or (3) of subsection 11 of this section shall be filed with the Missouri 911 service board under subsection 4 of section 650.330, and the board shall review the plan to ensure it is not inconsistent with the state consolidation plan issued under subsection 18 of this section. Any plan that is filed under this subsection shall provide for the establishment of a joint emergency communications board as described in section 70.260. The director of the department of revenue shall not remit any funds as provided under this section until the department receives notification from the Missouri 911 service board that the county has filed a plan that is ready for implementation and that the board has received the state consolidation plan issued under subsection 18 of this section. If after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan that the county submitted under subdivision (2) or (3) of subsection 11 of this section, but the county has substantially complied with the plan, then the Missouri 911 service board may grant the county an extension of up to six months to comply with its plan. 13. Each county that does not have a public agency as defined in section 190.300 that provides emergency telephone service as defined in section 190.300 for the county shall either:

(1) Enter into a shared services agreement for providing emergency telephone services with a public agency that provides emergency telephone service, if such an agreement is feasible; or

(2) Form with one or more counties an emergency telephone services district in conjunction with any county with a public agency that provides emergency telephone service within the county. If such a district is formed under this subdivision, the governing body of such district shall be the county commissioners of each county within the district, and each county within such district shall submit to the voters of the county a proposal to impose the fee under this section.

14. A county operating joint or shared emergency telephone service as defined in section 190.300 may submit to the voters of the county a proposal to impose the fee to support joint operations and further consolidation under this section.

15. All 911 fees shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

16. Nothing in subsections 11, 12, 13, and 14 of this section shall apply to a county with a charter form of government where all public safety answering points within the county utilize a common 911 communication service as implemented by the appropriate local and county agencies prior to August 28, 2017.

17. No county which contains any portion of a home rule city with more than four hundred thousand inhabitants and located in more than one county shall submit a proposal to the voters under this section until the county and the home rule city with more than four hundred thousand inhabitants and located in more than one county enter into an agreement for equitable sharing of revenue under this section and section 190.451.

18. By December 31, 2017, the department of public safety shall complete a study of the number of public safety answering points necessary to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, issue a state public safety answering point consolidation plan based on the study, and provide such plan to the Missouri 911 service board.

190.451. 1. As used in this section, the following terms mean:

(1) "Board", the Missouri 911 service board established under section 650.325;

(2) "Consumer", a person who purchases prepaid wireless telecommunications service in a retail transaction;

- (3) "Department", the department of revenue;
- (4) "Prepaid wireless service provider", a provider that provides prepaid wireless service to an end user;
- (5) "Prepaid wireless telecommunications service", a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;
- (6) "Retail transaction", the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;
- (7) "Seller", a person who sells prepaid wireless telecommunications service to another person;
- (8) "Wireless telecommunications service", commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2018, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of each retail transaction. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single nonitemized price, then the seller may elect not to apply such service charge to such transaction. For purposes of this subdivision, an amount of service denominated as ten or fewer minutes, or five dollars or less is minimal.

(2) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(3) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state; and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state under state law.

(4) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller is deemed to collect if the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(5) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law.

(2) Beginning on January 1, 2018, and ending on January 31, 2018, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2018, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created in section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand

one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county may be adjusted after three years, and thereafter the rate may be adjusted every two years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305 and 190.335.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.450, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.450.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.450.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes, except that such prepaid wireless emergency telephone service charge shall be charged in lieu of, and not imposed in addition to, any tax imposed under sections 190.292 or 190.335.

6. The provisions of this section shall expire on December 31, 2024.

190.455. 1. In order to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, it is the public policy of this state to encourage the consolidation of emergency communications operations.

2. Any county, city, or 911 or emergency services board established under chapter 190 or under section 321.243 may contract and cooperate with any other county, city, or 911 or emergency services board established under chapter 190 or under section 321.243 as provided in sections 70.210 to 70.320. Any contracting counties or boards may seek assistance and advice from the Missouri 911 service board established in section 650.325 regarding the terms of the joint contract and the administration and operation of the contracting counties, cities, and boards.

3. If two or more counties, cities, 911 districts, or existing emergency communications entities desire to consolidate their emergency communications operations, a joint emergency communications entity may be established by the parties through an agreement identifying the conditions and provisions of the consolidation and the operation of the joint entity. This agreement may include the establishment of a joint governing body that may be comprised of the boards of the entities forming the agreement currently authorized by statute or an elected or appointed joint board authorized in section 70.260; provided that, the representation on the joint board of each of the entities forming the agreement shall be equal. If the entities entering into an agreement under this subsection decide that any 911 service center responsible for the answering of 911 calls and the dispatch of assistance shall be physically located in a county other than a county with the lowest average county wage from the set of counties where the entities entering into an agreement under this subsection are located in whole or part, then such entities shall provide a written reason for this decision to

the Missouri 911 service board and such document shall be a public record under chapter 610. The county average wage comparison shall be conducted using the information from the Missouri department of economic development, which calculates such county average wages under section 135.950.

4. After August 28, 2017, no public safety answering point operation may be established as a result of its separation from an existing public safety answering point operation without a study by and the approval of the Missouri 911 service board.

5. No provision of this law shall be construed to prohibit or discourage in any manner the formation of multiagency or multijurisdictional public safety answering point operations.

190.460. 1. As an alternative to the procedure provided in section 190.455, two or more 911 central dispatch centers that are organized under sections 190.327 to 190.329 or section 190.335 and funded by public taxes may consolidate into one 911 central dispatch center by following the procedures set forth in this section.

2. If the consolidation of existing 911 central dispatch centers is desired, a number of voters residing in the existing 911 central dispatch centers' service areas equal to ten percent of the votes cast for governor in those service areas in the preceding gubernatorial election may file with the county clerk in which the territory or greater part of the proposed consolidated 911 central dispatch center service area will be situated a petition requesting consolidation of two or more 911 central dispatch centers.

3. The petition shall be in the following form:

"We, the undersigned voters residing in the service areas for the following 911 central dispatch centers, do hereby petition that the following existing 911 central dispatch centers be consolidated into one 911 central dispatch center."

4. An alternative procedure of consolidation may be followed if each of the boards of directors of the existing 911 central dispatch centers passes a resolution in the following form:

"The board of directors of the 911 central dispatch center resolves that the and 911 central dispatch centers be consolidated into one consolidated 911 central dispatch center."

5. Upon the filing of a petition or resolution with the county clerk from each of the service areas of the 911 central dispatch centers to be consolidated, the clerk shall present the petition or resolution to the commissioners of the county commission having jurisdiction, who shall thereupon order the submission of the question to voters within the affected 911 central dispatch center service areas. The filing of a petition shall be no later than twelve months after any original voter's signature contained therein.

6. The notice of election shall contain the names of the existing 911 central dispatch centers to be included in the consolidated 911 central dispatch center.

7. The question shall be submitted in substantially the following form:

"Shall the existing 911 central dispatch centers be consolidated into one 911 central dispatch center?"

☐ YES

☐ NO

8. If the question of consolidation of the 911 central dispatch centers receives a majority of the votes cast in each service area, the county commissions having joint jurisdiction shall each enter an order declaring the proposition passed.

9. Within thirty days after the 911 central dispatch center has been declared consolidated, the respective county commissions having jurisdiction shall jointly meet to appoint a new seven-person board consisting of the agencies and professions listed in subsection 9 of section 190.335, and shall ensure geographic representation by appointing no more than four members from any one county having jurisdiction within the consolidated area for the newly consolidated 911 central dispatch center.

10. Within thirty days after the appointment of the initial board of directors of the newly consolidated 911 central dispatch center, the board of directors shall meet at a time and place designated by the county commissions. At the first meeting, the newly appointed board of directors shall choose a name for the consolidated 911 central dispatch center and shall notify the clerks of the county commission of each county within which the newly consolidated 911 central dispatch center's service area now subsumes.

11. Starting with the April election in the year after the appointment of the initial board of directors, one member shall be subject to running at large as chair for a four-year term. Four members shall be selected by lot to run for two-year terms, and two members shall be selected by lot to run for four-year terms. Thereafter, all terms shall be four-year terms.

12. On the thirtieth day following the appointment of the initial board of directors, the existing 911 central dispatch centers shall cease to exist and the consolidated 911 central dispatch center shall assume all

of the powers and duties exercised by the 911 central dispatch centers. All assets and obligations of the existing 911 central dispatch centers shall become the assets and obligations of the newly consolidated 911 central dispatch center.

13. In any county that has a single board established under chapter 190 or under section 321.243, if a consolidation under this section only affects existing 911 central dispatch centers located wholly within said county, then the existing board shall vote as to whether the existing board shall continue to exist. Upon a majority vote for approval of the existing board continuing to exist, subsections 9 to 12 of this section shall not apply, and the existing board shall continue to exist and have the powers set forth under the applicable section or sections within chapter 190 or under section 321.243. Upon a majority vote in disapproval of the existing board continuing to exist, all applicable subsections of this section shall apply to the consolidation. A tied vote shall be considered a disapproval of the existing board continuing to exist.

190.475. The director of the department of revenue shall maintain a centralized database, which shall be made available to the Missouri 911 service board established under section 650.325, specifying the current monthly fee or tax imposed by each county or city under section 190.292, 190.305, 190.325, 190.335, or 190.450. The database shall be updated no less than sixty days prior to the effective date of the establishment or modification of any monthly fee or tax listed in the database.

(4) Notwithstanding any other provision of the law, no proprietary information submitted pursuant to this section shall be subject to subpoena or otherwise released to any person other than to the submitting wireless service provider, without the express permission of said wireless service provider. General information collected pursuant to this section shall only be released or published in aggregate amounts which do not identify or allow identification of numbers of subscribers or revenues attributable to an individual wireless service provider.—

4. Wireless service providers are entitled to retain one percent of the surcharge money they collect for administrative costs associated with billing and collection of the surcharge.—

5. No more than five percent of the moneys in the fund, subject to appropriation by the general assembly, shall be retained by the office of administration for reimbursement of the costs of overseeing the fund and for the actual and necessary expenses of the board.—
6. The office of administration shall review the distribution formula once every year and may adjust the amount of the fee within the limits of this section, as determined necessary.—

2. A medical director is required for all ambulance services and emergency medical response agencies that provide: advanced life support services; basic life support services utilizing medications or providing assistance with patients' medications; or basic life support services performing invasive procedures including invasive airway procedures. The medical director shall provide medical direction to these services and agencies in these instances.

HCS SCS SB 355, relating to road signs, was taken up by Representative Alferman.

Representative Lichtenegger offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 355, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

- "163.191. 1. As used in this section, the following terms shall mean:
- (1) "Community college", an institution of higher education deriving financial resources from local, state, and federal sources, and providing postsecondary education primarily for persons above the twelfth grade age level, including courses in:
 - (a) Liberal arts and sciences, including general education;
 - (b) Occupational, vocational-technical; and
 - (c) A variety of educational community services.

Community college course offerings **shall generally** lead to the granting of certificates, diplomas, or associate degrees, ~~but do not~~ **and may** include baccalaureate ~~or higher~~ degrees **only when authorized by the coordinating board for higher education in circumstances where the level of education required in a field for accreditation or licensure increases to the baccalaureate degree level or, in the case of applied bachelor's**

degrees, the level of education required for employment in a field increases to that level, and when doing so would not unnecessarily duplicate an existing program, collaboration with a university is not feasible or the approach is not a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner. Quality for such baccalaureate degree programs shall be evaluated at least in part by the delivery of upper-level coursework or competencies, and defined by accreditation or compliance with the Higher Learning Commission standards for bachelor's degrees;

(2) "Operating costs", all costs attributable to current operations, including all direct costs of instruction, instructors' and counselors' compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 6 of this section. Operating costs shall be computed in accordance with accounting methods and procedures to be specified by the department of higher education;

(3) "Year", from July first to June thirtieth of the following year.

2. Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent of the state community colleges' planned operating costs as determined by the department of higher education. The department of higher education shall review all institutional budget requests and prepare appropriation recommendations annually for the community colleges under the supervision of the department. The department's budget request shall include a recommended level of funding.

3. (1) Except as provided in subdivision (2) of this subsection, distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. This model shall be developed and revised as appropriate cooperatively by the community colleges and the department of higher education. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993.

(2) Unless the general assembly chooses to otherwise appropriate state funding, beginning in fiscal year 2016, at least ninety percent of any increase in core funding over the appropriated amount for the previous fiscal year shall be distributed in accordance with the achievement of performance-funding measures under section 173.1006.

4. The department of higher education shall be responsible for evaluating the effectiveness of the resource allocation model and shall submit a report to the governor, the joint committee on education, the speaker of the house of representatives and president pro tempore of the senate by October 31, 2019, and every four years thereafter.

5. The department of higher education shall request new and separate state aid funds for any new community college district for its first six years of operation. The request for the new district shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level.

6. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation, exclusive of any capital appropriations, for the cost of maintenance and repair of facilities and grounds, including surface parking areas, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations, exclusive of any capital appropriations, to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation, and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

7. School districts offering two-year college courses pursuant to section 178.370 on October 31, 1961, shall receive state aid pursuant to subsection 2, subdivision (1) of subsection 3, and subsection 6 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890 are met.

8. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized pursuant to section 178.370 or sections 178.770 to 178.890 shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

9. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180 requiring the state treasurer to convert the warrant requesting payment into a check or draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

172.280. The curators shall have the authority to confer, by diploma, under their common seal, on any person whom they may judge worthy thereof, such degrees as are known to and usually granted by any college or university. **The University of Missouri is the state's only public research university and the exclusive grantor of research doctorates. As such, except as provided in section 175.040, the University of Missouri shall be the only state college or university that may offer doctor of philosophy degrees or first-professional degrees, including chiropractic, dentistry, law, medicine, optometry, osteopathic medicine, pharmacy, podiatry, and veterinary medicine.**

173.005. 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education ~~[shall have approval of]~~ **may approve, not approve, or provisionally approve** proposed new degree programs to be offered by the state institutions of higher education. **The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:**

(b) Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;

(c) Has the existing capacity to ensure the program is delivered in a high-quality manner;

(d) Has demonstrated that the proposed program is needed;

(e) Has a clear plan to meet the articulated workforce need; and

(f) Such other factors deemed relevant by the coordinating board;

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

(12) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

(13) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;

- a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and
- b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.

The board of regents of each state college and each state teachers college shall have power and authority to confer upon students, by diploma under the common seal, such degrees as are usually granted by such colleges, **and additional degrees only when authorized by the coordinating board for higher education in circumstances in which offering such degree would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner. In the case of nonresearch doctoral degrees in allied health professions, an institution may be authorized to offer such degree independently if offering it in collaboration with another institution would not increase the quality of the program or allow it to be delivered more efficiently. The University of Missouri shall annually request an appropriation under capital improvements, subject to availability of funds, for a program of grants established for the engineering colleges of the University of Missouri for the purpose of assisting such colleges in the purchase of teaching and research laboratory equipment exclusive of laboratory or classroom furniture. The amount granted for each engineering college may not exceed the lesser of an amount equal to one thousand two hundred dollars per each such bachelor's degree awarded in the previous fiscal year in all engineering programs currently accredited by the accreditation board for engineering and technology, or the dollar value of new funds for equipment purchase which such colleges may obtain from sources other than state appropriations for laboratory equipment.

2. For purposes of this section, the fair market value of in-kind contributions of laboratory equipment to the colleges may be included as funds for equipment purchase from sources other than state appropriations. In the event that new funds for laboratory equipment purchase obtained by any college of engineering from such nonstate sources exceed the amount necessary to reach the maximum dollar limits herein specified, such excess amounts will be carried over to the following fiscal year and considered the same as that year's new equipment funds from nonstate sources.

3. In the event that the appropriations for this grant program are insufficient to fund all grants approved for a given fiscal year, all such grants shall be reduced pro rata as necessary.

4. The provisions of this section shall terminate on June 30, [2017] **2027**.

173.2530. 1. After establishing such standards and regulations, the CBMHI shall develop a process for evaluating student counseling programs at public institutions of higher education to assess whether programs have met the board's criteria. The evaluation process at each institution of higher education shall include measurement of an institution's ability to adequately meet student mental health needs using assessment criteria developed in validated studies of well-being and mental health of students in order to ensure that the effectiveness of the student counseling programs are objectively evaluated.

2. The CBMHI shall prescribe policies and procedures for annual review of an institution's counseling program and actions to be taken when an institution's counseling program fails to meet CBMHI standards.

3. For purposes of sections 173.2530 and 173.2532, the term "student counseling facility" means any entity that provides confidential mental health counseling, psychiatric services, or developmental counseling to college students that is located on campus or is associated with the institution of higher education and operates in accordance with state and federal law pertaining to mental health professionals as well as applicable professional and ethical codes.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 173.2532. Beginning in the 2019-20 school year, and continuing on an annual basis thereafter, student counseling facilities in operation at public institutions of higher education in this state shall participate in an annual needs assessment to identify deficiencies that place such facilities below standards established by the coordinating board for mental health issues in higher education under section 173.2532. The CBMHI shall develop specific procedures through which the assessments are written, distributed, collected, and evaluated."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

~~[(7)]~~ (8) "Full-time student", an individual who is enrolled in and is carrying a sufficient number of credit hours or their equivalent at an approved private, ~~or~~ public, **or virtual** institution to secure the degree or certificate toward which he or she is working in no more than the number of semesters or their equivalent normally required by that institution in the program in which the individual is enrolled. This definition shall be construed as the successor to subdivision (7) of section 173.205 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.205.

2. The failure of an approved virtual institution to continuously maintain all of the requirements in subdivision (4) of subsection 1 of this section shall preclude such institution's students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

(1) Is a citizen or a permanent resident of the United States;

(2) Is a resident of the state of Missouri, as determined by reference to standards promulgated by the coordinating board;

(3) Is enrolled, or has been accepted for enrollment, as a full-time undergraduate student in an approved private, ~~or~~ public, **or virtual** institution; and

(4) Is not enrolled or does not intend to use the award to enroll in a course of study leading to a degree in theology or divinity.

2. If an applicant is found guilty of or pleads guilty to any criminal offense during the period of time in which the applicant is receiving financial assistance, such applicant shall not be eligible for renewal of such assistance, provided such offense would disqualify the applicant from receiving federal student aid under Title IV of the Higher Education Act of 1965, as amended.

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private, ~~or~~ public, **or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

(b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri; and

(c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions;

(2) For the 2014-15 academic year and subsequent years:

(a) One thousand three hundred dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and

(b) Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including State Technical College of Missouri, ~~[or]~~ approved private institutions, **or approved virtual institutions**.

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public ~~[or]~~, private, **or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, WEDNESDAY, MAY 10, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty. (Psalm 91:1)

Almighty and Everlasting God, above the conflicts of this busy day and the disorders of this final week we would come to You seeking the calm of Your holy presence. In the secret place of the Most High we would dwell, lifting our hearts to You, praying for the guidance of Your spirit and the direction of Your wisdom as we face the experiences of another full day.

Help us to serve our constituents with persistent faithfulness and patient dependability that we may keep in our State the hope of all people and the channel of peace for our generation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to serve as an Honorary Page for the Day, to serve without compensation: Cassie Weigel.

The Journal of the seventieth day was approved as printed by the following vote:

Provided however, a recreational vehicle as defined in section 700.010 may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

7. All length provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. (3) Notwithstanding any other provision of law to the contrary, agricultural machinery and implements may be operated on state highways between the hours of sunset and sunrise for agricultural purposes provided such vehicles are equipped with lighting meeting the requirements of section 307.115.

13. As used in this chapter the term "implements of husbandry" means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

On motion of Representative Brattin, **House Amendment No. 3** was adopted.

Representative Korman offered **House Amendment No. 4**.

House Amendment No. 4

AMEND Senate Bill No. 222, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"287.020. 1. The word "employee" as used in this chapter shall be construed to mean every person in the service of any employer, as defined in this chapter, under any contract of hire, express or implied, oral or written, or under any appointment or election, including executive officers of corporations. Except as otherwise provided in section 287.200, any reference to any employee who has been injured shall, when the employee is dead, also include his dependents, and other persons to whom compensation may be payable.

The word "employee" shall also include all minors who work for an employer, whether or not such minors are employed in violation of law, and all such minors are hereby made of full age for all purposes under, in connection with, or arising out of this chapter. The word "employee" shall not include an individual who is the owner, as defined in ~~subdivision (42) of~~ section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies. The word "employee" also shall not include any person performing services for board, lodging, aid, or sustenance received from any religious, charitable, or relief organization.

2. The word "accident" as used in this chapter shall mean an unexpected traumatic event or unusual strain identifiable by time and place of occurrence and producing at the time objective symptoms of an injury caused by a specific event during a single work shift. An injury is not compensable because work was a triggering or precipitating factor.

3. (1) In this chapter the term "injury" is hereby defined to be an injury which has arisen out of and in the course of employment. An injury by accident is compensable only if the accident was the prevailing factor in causing both the resulting medical condition and disability. "The prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability.

(2) An injury shall be deemed to arise out of and in the course of the employment only if:

(a) It is reasonably apparent, upon consideration of all the circumstances, that the accident is the prevailing factor in causing the injury; and

(b) It does not come from a hazard or risk unrelated to the employment to which workers would have been equally exposed outside of and unrelated to the employment in normal nonemployment life.

(3) An injury resulting directly or indirectly from idiopathic causes is not compensable.

(4) A cardiovascular, pulmonary, respiratory, or other disease, or cerebrovascular accident or myocardial infarction suffered by a worker is an injury only if the accident is the prevailing factor in causing the resulting medical condition.

(5) The terms "injury" and "personal injuries" shall mean violence to the physical structure of the body and to the personal property which is used to make up the physical structure of the body, such as artificial dentures, artificial limbs, glass eyes, eyeglasses, and other prostheses which are placed in or on the body to replace the physical structure and such disease or infection as naturally results therefrom. These terms shall in no case except as specifically provided in this chapter be construed to include occupational disease in any form, nor shall they be construed to include any contagious or infectious disease contracted during the course of the employment, nor shall they include death due to natural causes occurring while the worker is at work.

4. "Death" when mentioned as a basis for the right to compensation means only death resulting from such violence and its resultant effects occurring within three hundred weeks after the accident; except that in cases of occupational disease, the limitation of three hundred weeks shall not be applicable.

5. Injuries sustained in company-owned or subsidized automobiles in accidents that occur while traveling from the employee's home to the employer's principal place of business or from the employer's principal place of business to the employee's home are not compensable. The extension of premises doctrine is abrogated to the extent it extends liability for accidents that occur on property not owned or controlled by the employer even if the accident occurs on customary, approved, permitted, usual or accepted routes used by the employee to get to and from their place of employment.

6. The term "total disability" as used in this chapter shall mean inability to return to any employment and not merely mean inability to return to the employment in which the employee was engaged at the time of the accident.

7. As used in this chapter and all acts amendatory thereof, the term "commission" shall hereafter be construed as meaning and referring exclusively to the labor and industrial relations commission of Missouri, and the term "director" shall hereafter be construed as meaning the director of the department of insurance, financial institutions and professional registration of the state of Missouri or such agency of government as shall exercise the powers and duties now conferred and imposed upon the department of insurance, financial institutions and professional registration of the state of Missouri.

8. The term "division" as used in this chapter means the division of workers' compensation of the department of labor and industrial relations of the state of Missouri.

9. For the purposes of this chapter, the term "minor" means a person who has not attained the age of eighteen years; except that, for the purpose of computing the compensation provided for in this chapter, the provisions of section 287.250 shall control.

10. In applying the provisions of this chapter, it is the intent of the legislature to reject and abrogate earlier case law interpretations on the meaning of or definition of "accident", "occupational disease", "arising out of", and "in the course of the employment" to include, but not be limited to, holdings in: *Bennett v. Columbia Health Care and Rehabilitation*, 80 S.W.3d 524 (Mo.App. W.D. 2002); *Kasl v. Bristol Care, Inc.*, 984 S.W.2d 852 (Mo.banc 1999); and *Drewes v. TWA*, 984 S.W.2d 512 (Mo.banc 1999) and all cases citing, interpreting, applying, or following those cases.

11. For the purposes of this chapter, "occupational diseases due to toxic exposure" shall only include the following: mesothelioma, asbestosis, berylliosis, coal worker's pneumoconiosis, bronchiolitis obliterans, silicosis, silicotuberculosis, manganism, acute myelogenous leukemia, and myelodysplastic syndrome.

287.040. 1. Any person who has work done under contract on or about his premises which is an operation of the usual business which he there carries on shall be deemed an employer and shall be liable under this chapter to such contractor, his subcontractors, and their employees, when injured or killed on or about the premises of the employer while doing work which is in the usual course of his business.

2. The provisions of this section shall not apply to the owner of premises upon which improvements are being erected, demolished, altered or repaired by an independent contractor but such independent contractor shall be deemed to be the employer of the employees of his subcontractors and their subcontractors when employed on or about the premises where the principal contractor is doing work.

3. In all cases mentioned in the preceding subsections, the immediate contractor or subcontractor shall be liable as an employer of the employees of his subcontractors. All persons so liable may be made parties to the proceedings on the application of any party. The liability of the immediate employer shall be primary, and that of the others secondary in their order, and any compensation paid by those secondarily liable may be recovered from those primarily liable, with attorney's fees and expenses of the suit. Such recovery may be had on motion in the original proceedings. No such employer shall be liable as in this section provided, if the employee was insured by his immediate or any intermediate employer.

4. The provisions of this section shall not apply to the relationship between a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041 or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies, and an owner, as defined in ~~subdivision (42) of~~ section 301.010, and operator of a motor vehicle.

288.035. Notwithstanding the provisions of section 288.034, in the case of an individual who is the owner, as defined in ~~subdivision (42) of~~ section 301.010, and operator of a motor vehicle which is leased or contracted with a driver to a for-hire common or contract motor vehicle carrier operating within a commercial zone as defined in section 390.020 or 390.041, or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation or any of its subagencies, such owner/operator shall not be deemed to be an employee, provided, however, such individual owner and operator shall be deemed to be in

employment if the for-hire common or contract vehicle carrier is an organization described in Section 501(c)(3) of the Internal Revenue Code or any governmental entity.

301.010. As used in this chapter and sections 304.010 to 304.040, 304.120 to 304.260, and sections 307.010 to 307.175, the following terms mean:

Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of

ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as "junk", as defined in section 301.010, the purchaser may forward to the director of revenue a properly completed application for a junking certificate as well as the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such junking certificate may be granted within thirty days of the submission of a request. A junking certificate shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.

3. For any vehicle issued a junking certificate or such similar document or classification pursuant to the laws of another state, regardless of whether such designation has been subsequently changed by law in any other state, the department shall only issue a junking certificate, and a salvage certificate of title or original certificate of ownership shall not thereafter be issued for such vehicle. Notwithstanding the provisions of this subsection, if the vehicle has not previously been classified as a junk vehicle, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of ownership or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to ~~subdivision (51) of~~ section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of ownership, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of title or ownership for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification **card** along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle

or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title or ownership and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations, ~~[stinger-steered combination automobile transporters]~~ and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the ~~[highways and transportation]~~ **commission** for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding automobile or boat

transporters, truck-trailer boat transporter combinations and stinger-steered ~~[combinations]~~ **combination boat transporters** shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

(1) Stinger-steered combination automobile transporters having a length not in excess of eighty feet may be operated on the interstate highways of this state and such other highways as may be designated by the commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length provisions regarding stinger-steered automobile combination transporters are exclusive of front and rear overhang, which shall be no greater than a four-foot front overhang and no greater than a six-foot rear overhang.

(2) Automobile transporters may transport cargo or general freight on a backhaul, as long as in compliance with weight limitations for a truck-tractor and semitrailer combination as outlined in section 304.180.

8. Driveaway saddlemount combinations having a length not in excess of ninety-seven feet may be operated on the interstate highways of this state and such other highways as may be designated by the ~~[highways and transportation]~~ commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount combinations must comply with the safety requirements of Section 393.71 of Title 49 of the Code of Federal Regulations and may contain no more than three saddlemounted vehicles and one fullmount.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. No towaway trailer transporter combination vehicles operated upon the interstate and designated primary highway system of this state shall have an overall length of more than eighty-two feet.

11. The ~~[highways and transportation]~~ commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8, ~~[and]~~ 9, **and 10** of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8, ~~[and]~~ 9, **and 10** of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

~~12.~~ **12.** Except as provided in subsections 5, 6, 7, 8, 9, ~~[and]~~ 10, **and 11** of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway~~[-except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles].~~

~~13.~~ **13.** (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol; or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section 400.9-102 or to vehicles temporarily transporting agricultural implements or implements of husbandry or road-making machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9-102 may be operated occasionally for short distances on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

~~14.~~ **14.** As used in this chapter the term "implements of husbandry" means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

[14-] 15. Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires. Such units shall observe all axle weight limits. The ~~chief engineer of the state transportation department~~ **commission** shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.

304.180. 1. No vehicle or combination of vehicles shall be moved or operated on any highway in this state having a greater weight than twenty thousand pounds on one axle, no combination of vehicles operated by transporters of general freight over regular routes as defined in section 390.020 shall be moved or operated on any highway of this state having a greater weight than the vehicle manufacturer's rating on a steering axle with the maximum weight not to exceed twelve thousand pounds on a steering axle, and no vehicle shall be moved or operated on any state highway of this state having a greater weight than thirty-four thousand pounds on any tandem axle; the term "tandem axle" shall mean a group of two or more axles, arranged one behind another, the distance between the extremes of which is more than forty inches and not more than ninety-six inches apart.

2. An "axle load" is defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes forty inches apart, extending across the full width of the vehicle.

3. Subject to the limit upon the weight imposed upon a highway of this state through any one axle or on any tandem axle, the total gross weight with load imposed by any group of two or more consecutive axles of any vehicle or combination of vehicles shall not exceed the maximum load in pounds as set forth in the following table:

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the ~~[state highways and transportation]~~ commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of ~~[Section 127 of Title 23 of the United States Code]~~ **P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.**

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, ~~[and]~~ 10, 12, and 13 of this section.

7. Notwithstanding any provision of this section to the contrary, the ~~[department of transportation]~~ **commission** shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The ~~[department of transportation]~~ **commission** shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle

operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk, from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

11. Notwithstanding any provision of this section or any other law to the contrary, the ~~[department of transportation]~~ **commission** shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the **department of transportation** motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The ~~[department of transportation]~~ **commission** shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

12. Notwithstanding any provision of this section, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear drive steer axle.

13. Notwithstanding any provision of this section, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds."; and

Further amend said bill, Page 1, Section 307.005, Line 4, by inserting after all of said section and line the following:

"407.816. 1. As used in subdivision (7) of section 407.815, the term "motor vehicle" shall not include "trailer" as such term is defined in ~~[subdivision (60) of]~~ section 301.010.

2. Prior to August 1, 2002, the provisions of section 407.817, subdivisions (13), (17) and (18) of section 407.825 and section 407.826 shall not apply to recreational vehicle dealers or manufacturers.

(2) The driver of an emergency vehicle may:

(a) Park or stand irrespective of the provisions of sections 304.014 to 304.025;

(c) Exceed the prima facie speed limit so long as the driver does not endanger life or property;

(d) Disregard regulations governing direction of movement or turning in specified directions.

(3) The exemptions granted to an emergency vehicle pursuant to subdivision (2) of this subsection shall apply only when the driver of any such vehicle while in motion sounds audible signal by bell, siren, or exhaust whistle as may be reasonably necessary, and when the vehicle is equipped with at least one lighted lamp displaying a red light or blue light visible under normal atmospheric conditions from a distance of five hundred feet to the front of such vehicle.

6. No person shall purchase an emergency light as described in this section without furnishing the seller of such light an affidavit stating that the light will be used exclusively for emergency vehicle purposes.

7. Violation of this section shall be deemed a class A misdemeanor."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 225, Page 1, Section A, Line 4, by inserting after all of said section and line the following:

"226.520. On and after March 30, 1972, no outdoor advertising shall be erected or maintained within six hundred sixty feet of the nearest edge of the right-of-way and visible from the main traveled way of any highway which is part of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System in this state except the following:

(1) Directional and other official signs, including, but not limited to, signs pertaining to natural wonders, scenic, cultural (including agricultural activities or attractions), scientific, educational, religious sites, and historical attractions, which are required or authorized by law, and which comply with regulations which shall be promulgated by the department relative to their lighting, size, number, spacing and such other requirements as may be appropriate to implement sections 226.500 to 226.600, but such regulations shall not be inconsistent with, nor more restrictive than, such national standards as may be promulgated from time to time by the Secretary of the Department of Transportation of the United States, under subsection (c) of Section 131 of Title 23 of the United States Code, **and two-year colleges shall qualify for substantially the same signs as traditional four-year colleges, theological schools, and seminaries;**

(2) Signs, displays, and devices advertising activities conducted on the property upon which they are located, or services and products therein provided;

(3) Outdoor advertising located in areas which are zoned industrial, commercial or the like as provided in sections 226.500 to 226.600 or under other authority of law;

(4) Outdoor advertising located in unzoned commercial or industrial areas as defined and determined pursuant to sections 226.500 to 226.600;

(5) Outdoor advertising for tourist-oriented businesses, and scoreboards used in sporting events or other electronic signs with changeable messages which are not prohibited by federal regulations or local zoning ordinances. Outdoor advertising which is authorized by this subdivision (5) shall only be allowed to the extent that such outdoor advertising is not prohibited by Title 23, United States Code, Section 131, as now or thereafter amended, and lawful regulations promulgated thereunder. The general assembly finds and declares it to be the policy of the state of Missouri that the tourism industry is of major and critical importance to the economic well-being of the state and that directional signs, displays and devices providing directional information about goods and services in the interest of the traveling public are essential to the economic welfare of the tourism industry. The general assembly further finds and declares that the removal of directional signs advertising tourist-oriented businesses is harmful to the tourism industry in Missouri and that the removal of directional signs within or near areas of the state where there is high concentration of tourist-oriented businesses would have a particularly harmful effect upon the economies within such areas. The state highways and transportation commission is authorized and directed to determine those specific areas of the state of Missouri in which there is high concentration of tourist-oriented businesses, and within such areas, no directional signs, displays and devices which are lawfully erected,

which are maintained in good repair, which provide directional information about goods and services in the interest of the traveling public, and which would otherwise be required to be removed because they are not allowed to be maintained under the provisions of sections 226.500 through 226.600 shall be required to be removed until such time as such removal has been finally ordered by the United States Secretary of Transportation;

(6) The provisions of this section shall not be construed to require removal of signs advertising churches or items of religious significance, items of native arts and crafts, woodworking in native products, or native items of artistic, historical, geologic significance, or hospitals or airports."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Alferman, **House Amendment No. 4** was adopted.

AMEND House Committee Substitute for Senate Bill No. 225, Page 30, Section 407.816, Line 7, by inserting immediately after all of said section and line the following:

"Section 1. 1. Such access shall be provided to weigh station bypass service providers on a nondiscriminatory basis.

2. 3. The provisions of this section shall terminate on December 31, 2032."; and

House Amendment No. 6

AMEND House Committee Substitute for Senate Bill No. 225, Page 1, Section A, Line 4, by inserting the following after all of said section and line:

"229.150. 1. All driveways or crossings over ditches connecting highways with the private property shall be made under the supervision of the **road** overseer or commissioners of the road districts.

2. ~~[Any]~~ **No** person or persons ~~[who]~~ shall willfully or knowingly obstruct or damage any public road by obstructing the side or cross drainage or ditches thereof, or by turning water upon such road or right-of-way, or by throwing or depositing brush, trees, stumps, logs, or any refuse or debris whatsoever, in said road, or on the sides or in the ditches thereof, or by fencing across or upon the right-of-way of the same, or by planting any hedge or erecting any advertising sign within the lines established for such road, or by changing the location thereof, or shall obstruct **or damage** said road, highway, or drains in any other manner whatsoever~~[-, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined not less than five dollars nor more than two hundred dollars, or by imprisonment in the county jail for not exceeding six months, or by both such fine and imprisonment].~~

3. **Road damage or obstruction shall not constitute violations under this section when farming or ranching lands have been improved using soil and water conservation practices implemented in conformance with the Missouri soil and water conservation program or natural resources conservation service technical standards.**

4. The road overseer of any district, or county highway engineer, who finds any road **damaged or** obstructed as above specified, ~~[shall]~~ **may** notify the ~~[person]~~ **landowner** violating the provisions of this section, ~~[verbally or]~~ in writing, **using any mail service with delivery tracking**, to remove such obstruction, **to repair such damage in a manner approved by the road overseer or county highway engineer making the request, or to pay the reasonable cost of such removal or repair.** ~~[Within ten days after being notified, he shall pay the sum of five dollars for each and every day after the tenth day if such obstruction is maintained or permitted to remain; such fine to be recovered by suit brought by the road overseer, in the name of the road district, in any court of competent~~

~~jurisdiction]~~ If the landowner fails to remove any obstruction, make any repairs, or remit any payment of costs as requested within thirty days of the tracked delivery date, the road overseer or county highway engineer may petition the associate circuit court of the county in which the land is located to authorize the overseer or engineer or an agent or employee thereof, to enter the landowner's land to remove the obstruction or to repair the damage, in order to restore the roadway or drainage ditch to a condition substantially the same as the adjacent roadways and drainage ditches. Such entry on the landowner's lands shall be limited to the extent necessary to repair the roadway or drainage ditch, and shall constitute no cause of action for trespass. Such authorization and entry shall not be granted until the opportunity for a hearing has been completed and the petition has been granted. The petition shall include an estimate of the costs.

5. If the court enters a judgment granting the petition and authorizing the actions requested therein, the judgment shall include an award for the reasonable cost of removal or repair, court costs, and reasonable attorney's fees, and shall become a lien on such lands, and shall be collected as state and county taxes are collected by law. If the court denies the petition, the county shall be responsible for the landowner's court costs and reasonable attorney's fees."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Eggleston, **House Amendment No. 6** was adopted.

Representative Love offered **House Amendment No. 7**.

House Amendment No. 7

AMEND House Committee Substitute for Senate Bill No. 225, Page 1, Section A, Line 4, by inserting immediately after all of said section and line the following:

"226.540. Notwithstanding any other provisions of sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended in areas zoned industrial, commercial or the like and in unzoned commercial and industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highways and transportation commission regulations;

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and the lights are not of such intensity so as to cause glare, impair the vision of the driver of a motor vehicle, or otherwise interfere with a driver's operation of a motor vehicle;

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established herein and in rules promulgated by the commission. In determining the size of a conforming or nonconforming sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be considered a substantial increase to the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. Signs erected in accordance with the provisions of

sections 226.500 to 226.600 prior to August 28, 2002, which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall be deemed legally nonconforming and may be maintained in accordance with the provisions of sections 226.500 to 226.600. Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of this subdivision;

(3) Spacing of signs:

(a) On all interstate highways, freeways, and nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within one thousand four hundred feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) The spacing between structure provisions of this subdivision do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

(c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

(d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly seven hundred fifty feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. **On nonfreeway primary highways where there is an unzoned commercial or industrial area on one side of the road in accordance with this section, the unzoned commercial or industrial area shall also include those lands located on the opposite side of the highway to the extent of the same dimensions.** Unzoned land shall not include:

(a) Land on the opposite side of the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate, ~~federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area~~ **or primary freeway highways;** or

(b) Land zoned by a state or local law, regulation, or ordinance;

(5) "Commercial or industrial activities" as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

- (a) Outdoor advertising structures;
- (b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;
- (c) Transient or temporary activities;
- (d) Activities more than six hundred sixty feet from the nearest edge of the right-of-way or not visible from the main traveled way;
- (e) Activities conducted in a building principally used as a residence;
- (f) Railroad tracks and minor sidings;

(6) The words "unzoned commercial or industrial land" shall also include all areas not specified in this section which constitute an "unzoned commercial or industrial area" within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities.

Commercial or industrial activities as used in this section are limited to those activities:

- (a) In which the primary use of the property is commercial or industrial in nature;
- (b) Which are clearly visible from the highway and recognizable as a commercial business;
- (c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and
- (d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

- a. The presence of a permanent and substantial building;
 - b. The existence of utilities and local business licenses, if any, for the commercial activity;
 - c. On-premise signs or other identification;
 - d. The presence of an owner or employee on the premises for at least twenty hours per week;
- (7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of two hundred dollars for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall be granted a permit for signs less than seventy-six square feet without payment of the fee. **The permit fee of two hundred dollars shall be waived for landowners, provided that the landowner owns both the land upon which the outdoor advertising is placed and the business being**

advertised on the sign, so long as the business being advertised is located within seven hundred fifty feet of the sign location. In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of two hundred dollars. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992. **The permit fee of two hundred dollars shall be waived for landowners, provided that the landowner owns both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is located within seven hundred fifty feet of the sign location.**

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

(1) All signs erected prior to January 1, 1968;

(2) All signs erected before March 30, 1972, but on or after January 1, 1968, which would otherwise be lawful but for the failure to have a permit for such signs prior to March 30, 1972, except that any sign or structure which was not in compliance with sizing, spacing, lighting, or location requirements of sections 226.500 to 226.600 as the sections appeared in the revised statutes of Missouri 1969, wheresoever located, shall not be considered a lawfully existing sign or structure;

(3) All signs erected after March 30, 1972, which are in conformity with sections 226.500 to 226.600;

(4) All signs erected in compliance with sections 226.500 to 226.600 prior to August 28, 2002.

4. On or after August 28, 1992, the state highways and transportation commission may, in addition to the fees authorized by subsections 1 and 2 of this section, collect a biennial inspection fee every two years after a state permit has been issued. Biennial inspection fees due after August 28, 2002, and prior to August 28, 2003, shall be fifty dollars. Biennial inspection fees due on or after August 28, 2003, shall be seventy-five dollars. 5. In order to effect the more efficient collection of biennial inspection fees, the state highways and transportation commission is encouraged to adopt a renewal system in which all permits in a particular county are renewed in the same month. In conjunction with the conversion to this renewal system, the state highways and transportation commission is specifically authorized to prorate renewal fees based on changes in renewal dates.

6. Sign owners or owners of the land on which signs are located must apply to the state highways and transportation commission for biennial inspection and submit any fees as required by this section on or before December 31, 1992. For a permitted sign which does not have a permit, a permit shall be issued at the time of the next biennial inspection.

7. The state highways and transportation commission shall deposit all fees received for outdoor advertising permits and inspection fees in the state road fund, keeping a separate record of such fees, and the same may be expended by the commission in the administration of sections 226.500 to 226.600."; and

The judges of the supreme court may appoint a committee consisting of at least seven associate circuit judges, who shall meet en banc and establish and maintain a schedule of fines to be paid for violations of sections 210.104, 577.070, and 577.073, and chapters 252, 301, 302, 304, 306, 307 and 390, with such fines increasing in proportion to the severity of the violation. The associate circuit judges of each county may meet en banc and adopt the schedule of fines and participation in the centralized bureau pursuant to this section. Notice of such adoption and participation shall be given in the manner provided by supreme court rule. Upon order of the supreme court, the associate circuit judges of each county may meet en banc and establish and maintain a schedule of fines to be paid for violations of municipal ordinances for cities, towns and villages electing to have violations of its municipal ordinances heard by associate circuit judges, pursuant to section 479.040; and for traffic court divisions established pursuant to section 479.500. The schedule of fines adopted for violations of municipal ordinances may be modified from time to time as the associate circuit judges of each county en banc deem advisable. No fine established pursuant to this subsection may exceed the maximum amount specified by statute or ordinance for such violation. **Individual political subdivisions, including counties and municipalities, shall be prohibited from imposing a fine for any violation in excess of the fine specified for the violation on the schedule of fines established and maintained by the supreme court under this subsection.**

2. In no event shall any schedule of fines adopted pursuant to this section include offenses involving the following:

- (1) Any violation resulting in personal injury or property damage to another person;
- (2) Operating a motor vehicle while intoxicated or under the influence of intoxicants or drugs;
- (3) Operating a vehicle with a counterfeited, altered, suspended or revoked license;
- (4) Fleeing or attempting to elude an officer.

3. There shall be a centralized bureau to be established by supreme court rule in order to accept pleas of not guilty or guilty and payments of fines and court costs for violations of the laws and ordinances described in subsection 1 of this section, made pursuant to a schedule of fines established pursuant to this section. The centralized bureau shall collect, with any plea of guilty and payment of a fine, all court costs which would have been collected by the court of the jurisdiction from which the violation originated.

4. If a person elects not to contest the alleged violation, the person shall send payment in the amount of the fine and any court costs established for the violation to the centralized bureau. Such payment shall be payable to the central violations bureau, shall be made by mail or in any other manner established by the centralized bureau, and shall constitute a plea of guilty, waiver of trial and a conviction for purposes of section 302.302, and for purposes of imposing any collateral consequence of a criminal conviction provided by law. By paying the fine and costs, the person also consents to attendance either online or in person at any driver-improvement program or motorcycle-rider training course ordered by the court and consents to verification of such attendance as directed by the bureau. Notwithstanding any provision of law to the contrary, the prosecutor shall not be required to sign any information, ticket or indictment if disposition is made pursuant to this subsection. In the event that any payment is made pursuant to this section by credit card or similar method, the centralized bureau may charge an additional fee in order to reflect any transaction cost, surcharge or fee imposed on the recipient of the credit card payment by the credit card company.

5. If a person elects to plead not guilty, such person shall send the plea of not guilty to the centralized bureau. The bureau shall send such plea and request for trial to the prosecutor having original jurisdiction over the offense. Any trial shall be conducted at the location designated by the court. The clerk of the court in which the case is to be heard shall notify in writing such person of the date certain for the disposition of such charges. The prosecutor shall not be required to sign any information, ticket or indictment until the commencement of any proceeding by the prosecutor with respect to the notice of violation.

6. In courts adopting a schedule of fines pursuant to this section, any person receiving a notice of violation pursuant to this section shall also receive written notification of the following:

- (1) The fine and court costs established pursuant to this section for the violation or information regarding how the person may obtain the amount of the fine and court costs for the violation;

(2) That the person must respond to the notice of violation by paying the prescribed fine and court costs, or pleading not guilty and appearing at trial, and that other legal penalties prescribed by law may attach for failure to appear and dispose of the violation. The supreme court may modify the suggested forms for uniform complaint and summons for use in courts adopting the procedures provided by this section, in order to accommodate such required written notifications.

7. Any moneys received in payment of fines and court costs pursuant to this section shall not be considered to be state funds, but shall be held in trust by the centralized bureau for benefit of those persons or entities entitled to receive such funds pursuant to this subsection. All amounts paid to the centralized bureau shall be maintained by the centralized bureau, invested in the manner required of the state treasurer for state funds by sections 30.240, 30.250, 30.260 and 30.270, and disbursed as provided by the constitution and laws of this state. Any interest earned on such fund shall be payable to the director of the department of revenue for deposit into a revolving fund to be established pursuant to this subsection. The state treasurer shall be the custodian of the revolving fund, and shall make disbursements, as allowed by lawful appropriations, only to the judicial branch of state government for goods and services related to the administration of the judicial system.

8. Any person who receives a notice of violation subject to this section who fails to dispose of such violation as provided by this section shall be guilty of failure to appear provided by section 544.665; and may be subject to suspension of driving privileges in the manner provided by section 302.341. The centralized bureau shall notify the appropriate prosecutor of any person who fails to either pay the prescribed fine and court costs, or plead not guilty and request a trial within the time allotted by this section, for purposes of application of section 544.665. The centralized bureau shall also notify the department of revenue of any failure to appear subject to section 302.341, and the department shall thereupon suspend the license of the driver in the manner provided by section 302.341, as if notified by the court.

9. In addition to the remedies provided by subsection 8 of this section, the centralized bureau and the courts may use the remedies provided by sections 488.010 to 488.020 for the collection of court costs payable to courts, in order to collect fines and court costs for violations subject to this section."; and"; and

In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation

in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof, if said political subdivision or municipality levies ad valorem taxes, for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years ~~[following the date on which the original enhanced enterprise zone was designated by the department]~~, **provided, however, that during the ten years prior to the expiration of an enhanced enterprise zone no exemption shall be granted for a period of more than ten years.**

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Fraker, **House Amendment No. 1** was adopted.

Representative Miller offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 11, Page 4, Section 88.770, Line 41, by inserting immediately after all of said section and line the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the

calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase

in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of subsection 1 of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri;

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;
- (3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as

indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

- (a) A former automobile manufacturing plant; or
- (b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2017, and before August 28, 2027, be increased by or exceed three million dollars. Any individual redevelopment plans or projects approved prior to August 28, 2017, which are expanded with buildings of new construction shall not be increased by more than three million dollars in excess of the original previously approved maximum projected amount. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2027, exceed twenty million dollars; provided however, that such ceilings shall not apply to redevelopment plans or projects exempted from such ceilings under subdivision (3) of this subsection. For all redevelopment plans or projects approved on or after August 28, 2017, at no time shall a single redevelopment plan or project receive an appropriation under this section that exceeds three million dollars annually.

(5) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase

shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971."; and

Further amend said bill, Page 5, Section 100.180, Line 8, by inserting after all of said section and line the following:

"144.026. 1. The director of revenue shall not send notice to any taxpayer under subsection 2 of section 144.021 regarding the decision in IBM Corporation v. Director of Revenue, [~~Case No. 94999~~] 491 S.W.3d 535 (Mo. banc 2016) prior to August 28, 2017.

2. This section affirms the construction and application of existing law as expressed by the Missouri supreme court in Bridge Data Co. v. Director of Revenue, 794 S.W.2d 204 (Mo. banc 1990), DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001), Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002), and Southwestern Bell Tel. Co. v. The director of revenue and all courts of competent jurisdiction shall follow the construction, application, and reasoning of the Missouri supreme court in these decisions and shall apply such reasoning to all pending audits, assessments, refund claims, and claims for credit not finally adjudicated as of the effective date of this section, as well as all future audits, assessments, refund claims, and claims for credit."; and

House Amendment No. 7

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 11, Page 5, Section 100.180, Line 9, by inserting immediately after said section and line the following:

- "393.1075. 1. This section shall be known as the "Missouri Energy Efficiency Investment Act".
2. As used in this section, the following terms shall mean:
- (1) "Commission", the Missouri public service commission;
 - (2) "Demand response", measures that decrease peak demand or shift demand to off-peak periods;
 - (3) "Demand-side program", any program conducted by the utility to modify the net consumption of electricity on the retail customer's side of the electric meter, including but not limited to energy efficiency measures, ~~load~~ **rate** management, demand response, and interruptible or curtailable load;
 - (4) "Energy efficiency", measures that reduce the amount of electricity required to achieve a given end use;
 - (5) "Interruptible or curtailable rate", a rate under which a customer receives a reduced charge in exchange for agreeing to allow the utility to withdraw the supply of electricity under certain specified conditions;
 - (6) "Total resource cost test", a test that compares the sum of avoided utility costs and avoided probable environmental compliance costs to the sum of all incremental costs of end-use measures that are implemented due to the program, as defined by the commission in rules.
3. It shall be the policy of the state to value demand-side investments equal to traditional investments in supply and delivery infrastructure and allow recovery of all reasonable and prudent costs of delivering cost-effective demand-side programs. In support of this policy, the commission shall:
- (1) Provide timely cost recovery for utilities;
 - (2) Ensure that utility financial incentives are aligned with helping customers use energy more efficiently and in a manner that sustains or enhances utility customers' incentives to use energy more efficiently; and
 - (3) Provide timely earnings opportunities associated with cost-effective measurable and verifiable efficiency savings.
4. The commission shall permit electric corporations to implement commission-approved demand-side programs proposed pursuant to this section with a goal of achieving all cost-effective demand-side savings. Recovery for such programs shall not be permitted unless the programs are approved by the commission, result in energy or

demand savings and are beneficial to all customers in the customer class in which the programs are proposed, regardless of whether the programs are utilized by all customers. The commission shall consider the total resource cost test a preferred cost-effectiveness test. Programs targeted to low-income customers or general education campaigns do not need to meet a cost-effectiveness test, so long as the commission determines that the program or campaign is in the public interest. Nothing herein shall preclude the approval of demand-side programs that do not meet the test if the costs of the program above the level determined to be cost-effective are funded by the customers participating in the program or through tax or other governmental credits or incentives specifically designed for that purpose.

5. To comply with this section the commission may develop cost recovery mechanisms to further encourage investments in demand-side programs including, in combination and without limitation: capitalization of investments in and expenditures for demand-side programs, rate design modifications, accelerated depreciation on demand-side investments, and allowing the utility to retain a portion of the net benefits of a demand-side program for its shareholders. In setting rates the commission shall fairly apportion the costs and benefits of demand-side programs to each customer class except as provided for in subsection 6 of this section. Prior to approving a rate design modification associated with demand-side cost recovery, the commission shall conclude a docket studying the effects thereof and promulgate an appropriate rule.

6. The commission may reduce or exempt allocation of demand-side expenditures to low-income classes, as defined in an appropriate rate proceeding, as a subclass of residential service.

7. Provided that the customer has notified the electric corporation that the customer elects not to participate in demand-side measures offered by an electrical corporation, none of the costs of demand-side measures of an electric corporation offered under this section or by any other authority, and no other charges implemented in accordance with this section, shall be assigned to any account of any customer, including its affiliates and subsidiaries, meeting one or more of the following criteria:

(1) The customer has one or more accounts within the service territory of the electrical corporation that has a demand of five thousand kilowatts or more;

(2) The customer operates an interstate pipeline pumping station, regardless of size; or

(3) The customer has accounts within the service territory of the electrical corporation that have, in aggregate, a demand of two thousand five hundred kilowatts or more, and the customer has a comprehensive demand-side or energy efficiency program and can demonstrate an achievement of savings at least equal to those expected from utility-provided programs.

8. Customers that have notified the electrical corporation that they do not wish to participate in demand-side programs under this section shall not subsequently be eligible to participate in demand-side programs except under guidelines established by the commission in rulemaking.

9. Customers who participate in demand-side programs initiated after August 1, 2009, shall be required to participate in program funding for a period of time to be established by the commission in rulemaking.

10. Customers electing not to participate in an electric corporation's demand-side programs under this section shall still be allowed to participate in interruptible or curtailable rate schedules or tariffs offered by the electric corporation.

11. The commission shall provide oversight and may adopt rules and procedures and approve corporation-specific settlements and tariff provisions, independent evaluation of demand-side programs, as necessary, to ensure that electric corporations can achieve the goals of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

12. Each electric corporation shall submit an annual report to the commission describing the demand-side programs implemented by the utility in the previous year. The report shall document program expenditures, including incentive payments, peak demand and energy savings impacts and the techniques used to estimate those impacts, avoided costs and the techniques used to estimate those costs, the estimated cost-effectiveness of the demand-side programs, and the net economic benefits of the demand-side programs.

13. Charges attributable to demand-side programs under this section shall be clearly shown as a separate line item on bills to the electrical corporation's customers.

14. ~~[(1) Any customer of an electrical corporation who has received a state tax credit under sections 135.350 to 135.362 or under sections 253.545 to 253.561 shall not be eligible for participation in any demand side~~

program offered by an electrical corporation under this section if such program offers a monetary incentive to the customer, except as provided in subdivision (4) of this subsection.—

——— (2) As a condition of participation in any demand-side program offered by an electrical corporation under this section when such program offers a monetary incentive to the customer, the commission shall develop rules that require documentation to be provided by the customer to the electrical corporation to show that the customer has not received a tax credit listed in subdivision (1) of this subsection.—

——— (3) The penalty for a customer who provides false documentation under subdivision (2) of this subsection shall be a class A misdemeanor.—

——— (4) The provisions of this subsection shall not apply to any low-income customer who would otherwise be eligible to participate in a demand-side program that is offered by an electrical corporation to low-income customers.—

——— 15.] The commission shall develop rules that provide for disclosure of participants in all demand-side programs offered by electrical corporations under this section when such programs provide monetary incentives to the customer. The disclosure required by this subsection may include, but not be limited to, the following: the name of the participant, or the names of the ~~[principles]~~ **principals** if for a company, the property address, and the amount of the monetary incentive received."; and

In providing such services, the board of directors may contract with any person to provide services relating, in whole or in part, to the services which the board itself may provide under this section, and for such purpose may expend the tax proceeds derived from the tax authorized by section 67.990.

4. - (3) The geographic area where the attorney services are to be provided; and
- (4) The amount of experience desired for the particular kind of attorney services to be provided and the nature of the private attorney's experience with similar issues or cases.

2. If the attorney general makes the determination described in subsection 1 of this section, the attorney general shall request written proposals from private attorneys to represent the state, unless the attorney general determines that requesting proposals is not feasible under the circumstances and sets forth the basis for this determination in writing. If a request for proposals is issued, the attorney general shall choose the lowest and best bid or request **that** the office of administration establish an independent panel to evaluate the proposals and choose the lowest and best bid.

3. The state shall not enter into a contract for contingency fee attorney services unless the following requirements are met throughout the contract period and any extensions to the contract:

- (1) The government attorneys shall retain complete control over the course and conduct of the case;
 - (2) A government attorney with supervisory authority shall oversee the litigation;

- and

(5) Decisions regarding settlement of the case shall be reserved exclusively to the discretion of the attorney general.

4. The attorney general shall develop a standard addendum to every contract for contingent fee attorney services that shall be used in all cases, describing in detail what is expected of both the contracted private attorney and the state, including, without limitation, the requirements listed in subsection 3 of this section.

5. Copies of any executed contingency fee contract and the attorney general's written determination to enter into a contingency fee contract with the private attorney shall be posted on the attorney general's website for public inspection within five business days after the date the contract is executed and shall remain posted on the website for the duration of the contingency fee contract, including any extensions or amendments to the contract.

Any payment of contingency fees shall be posted on the attorney general's website within fifteen days after the payment of such contingency fees to the private attorney and shall remain posted on the website for at least three hundred sixty-five days.

6. Any private attorney under contract to provide services to the state on a contingency fee basis shall, from the inception of the contract until at least four years after the contract expires or is terminated, maintain detailed current records, including documentation of all expenses, disbursements, charges, credits, underlying receipts and invoices, and other financial transactions that concern the provision of such attorney services. Any request under chapter 610 for inspection and copying of such records shall be served upon and responded to by the attorney general's office.

7. **Except as otherwise provided in subsection 8 of this section, a retained private attorney is not entitled to a fee, exclusive of any costs and expenses described in subsection 8 of this section, of more than:**

- (2) **Ten percent of that portion of any amount recovered that is more than ten million dollars but less than or equal to fifteen million dollars;**
- (3) **Five percent of that portion of any amount recovered that is more than fifteen million dollars but less than or equal to twenty million dollars; and**
- (4) **Two percent of that portion of any amount recovered that is more than twenty million dollars.**

8. **The total fee payable to all retained private attorneys in any matter that is the subject of a contingency fee contract shall not exceed ten million dollars, exclusive of any costs and expenses provided for by the contract and actually incurred by the retained private attorneys, regardless of the number of actions or proceedings or the number of retained private attorneys involved in the matter.**

9. **A contingency fee:**

- (1) **Is payable only from moneys that are actually received under a judgment or settlement agreement; and**
- (2) **Shall not be based on any amount attributable to a fine or civil penalty.**

10. **As used in this section, amount recovered does not include any moneys paid as costs.**

11. By February first of each year, the attorney general shall submit a report to the president pro tem of the senate and the speaker of the house of representatives describing the use of contingency fee contracts with private attorneys in the preceding calendar year. At a minimum, the report shall:

Representative Taylor declared the bill passed.

HCS SB 501, relating to health care, was taken up by Representative Stephens (128).

Representative Bondon offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 501, Page 6, Section 195.206, Line 34, by inserting immediately after all of said section and line the following:

"197.005. 1. As used in this section, the term "Medicare conditions of participation" shall mean federal regulatory standards established under Title XVIII of the Social Security Act and defined in 42 CFR Part 482, as amended, for hospitals and 42 CFR Part 485, as amended, for hospitals designated as critical access hospitals under 42 U.S.C. Section 1395i-4.

2. To minimize the administrative cost of enforcing and complying with duplicative regulatory standards, on and after July 1, 2018, compliance with Medicare conditions of participation shall be deemed to constitute compliance with the standards for hospital licensure under sections 197.010 to 197.120 and regulations promulgated thereunder.

3. Nothing in this section shall preclude the department from promulgating regulations effective on or after July 1, 2018, to define separate regulatory standards that do not duplicate or contradict the Medicare conditions of participation, with specific state statutory authorization to create separate regulatory standards.

4. Regulations promulgated by the department to establish and enforce hospital licensure regulations under this chapter that duplicate or conflict with the Medicare conditions of participation shall lapse and expire on and after July 1, 2018.

197.040. After ninety days from the date this law becomes effective, no person or governmental unit, acting severally or jointly with any other person or governmental unit, shall establish, conduct or maintain a hospital in this state without a license under this law **and section 197.005** issued by the department of health and senior services.

197.050. Application for a license shall be made to the department of health and senior services upon forms provided by it and shall contain such information as the department of health and senior services requires, which may include affirmative evidence of ability to comply with such reasonable standards, rules and regulations as are lawfully prescribed hereunder **in compliance with section 197.005**. Until June 30, 1989, each application for a license, except applications from governmental units, shall be accompanied by an annual license fee of two hundred dollars plus two dollars per bed for the first one hundred beds and one dollar per bed for each additional bed. Beginning July 1, 1989, each application for a license, except applications from governmental units, shall be accompanied by an annual license fee of two hundred fifty dollars plus three dollars per bed for the first four hundred beds and two dollars per bed for each additional bed. All license fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the general revenue fund.

197.070. The department of health and senior services may deny, suspend or revoke a license in any case in which it finds that there has been a substantial failure to comply with the requirements established under this law **and section 197.005**.

197.071. Any person aggrieved by an official action of the department of health and senior services affecting the licensed status of a person under the provisions of sections ~~[497.010]~~ **197.005** to 197.120, including the refusal to grant, the grant, the revocation, the suspension, or the failure to renew a license, may seek a determination thereon by the administrative hearing commission pursuant to the provisions of section 621.045, and it shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department of health and senior services.

197.080. 1. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section, **section 197.005**, and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

2. The department shall review and revise regulations governing hospital licensure and enforcement to promote hospital and regulatory efficiencies ~~[and]~~ . **The department shall eliminate all** duplicative regulations and inspections by or on behalf of state agencies and the Centers for Medicare and Medicaid Services (CMS). The hospital licensure regulations adopted under this ~~[section]~~ **chapter** shall incorporate standards which shall include, but not be limited to, the following:

(1) Each citation or finding of a regulatory deficiency shall refer to the specific written regulation, any state associated written interpretive guidance developed by the department and any publicly available, professionally recognized standards of care that are the basis of the citation or finding;

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the CMS Conditions of Participation (COP) and associated interpretive guidance. However, this shall not preclude the department from enforcing standards produced by the department which exceed the federal CMS' COP and associated interpretive guidance, so long as such standards produced by the department promote a higher degree of patient safety and do not contradict the federal CMS' COP and associated interpretive guidance;

(3) The department shall establish and publish guidelines for complaint investigation, including but not limited to:

(a) The department's process for reviewing and determining which complaints warrant an on-site investigation based on a preliminary review of available information from the complainant, other appropriate sources, and when not prohibited by CMS, the hospital. For purposes of providing hospitals with information necessary to improve processes and patient care, the number and nature of complaints filed and the recommended actions by the department and, as appropriate CMS, shall be disclosed upon request to hospitals so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) A departmental investigation of a complaint shall be focused on the specific regulatory standard and departmental written interpretive guidance and publicly available professionally recognized standard of care related to the complaint. During the course of any complaint investigation, the department shall cite any serious and immediate threat discovered that may potentially jeopardize the health and safety of patients;

(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

(4) Hospitals and hospital personnel shall have the opportunity to participate in annual continuing training sessions when such training is provided to state licensure surveyors with prior approval from the department director and CMS when appropriate. Hospitals and hospital personnel shall assume all costs associated with facilitating the training sessions and use of curriculum materials, including but not limited to the location for training, food, and printing costs;

(5) Time lines for the department to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations shall be identical to, to the extent practicable, the time lines established for the federal hospital certification and enforcement system in the CMS State Operations Manual, as amended. These time lines shall be the guide for the department to follow. Every reasonable attempt shall be made to meet the time lines. However, failure to meet the established time lines shall in no way prevent the department from performing any necessary inspections to ensure the health and safety of patients.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the

provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

197.100. 1. Any provision of chapter 198 and chapter 338 to the contrary notwithstanding, the department of health and senior services shall have sole authority, and responsibility for inspection and licensure of hospitals in this state including, but not limited to, all parts, services, functions, support functions and activities which contribute directly or indirectly to patient care of any kind whatsoever. The department of health and senior services shall annually inspect each licensed hospital and shall make any other inspections and investigations as it deems necessary for good cause shown. The department of health and senior services shall accept reports of hospital inspections from **or on behalf of** governmental agencies, the joint commission, and the American Osteopathic Association Healthcare Facilities Accreditation Program, provided the accreditation inspection was conducted within one year of the date of license renewal. Prior to granting acceptance of any other accrediting organization reports in lieu of the required licensure survey, the accrediting organization's survey process must be deemed appropriate and found to be comparable to the department's licensure survey. It shall be the accrediting organization's responsibility to provide the department any and all information necessary to determine if the accrediting organization's survey process is comparable and fully meets the intent of the licensure regulations. The department of health and senior services shall attempt to schedule inspections and evaluations required by this section so as not to cause a hospital to be subject to more than one inspection in any twelve-month period from the department of health and senior services or any agency or accreditation organization the reports of which are accepted for licensure purposes pursuant to this section, except for good cause shown.

2. Other provisions of law to the contrary notwithstanding, the department of health and senior services shall be the only state agency to determine life safety and building codes for hospitals defined or licensed pursuant to the provisions of this chapter, including but not limited to sprinkler systems, smoke detection devices and other fire safety-related matters so long as any new standards shall apply only to new construction."; and

Further amend said bill, Page 19, Section B, Line 6, by inserting immediately after all of said section and line the following:

"Section C. The enactment of section 197.005 and the repeal and reenactment of sections 197.040, 197.050, 197.070, 197.071, 197.080, and 197.100 of section A of this act shall become effective on July 1, 2018."; and

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

~~[(8)]~~ **(9)** Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

~~[(9)]~~ **(10)** Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

~~[(10)]~~ **(11)** Home health care services;

~~[(11)]~~ **(12)** Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

~~[(13)]~~ **(14)** Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

~~[(14)]~~ **(15)** Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

~~[(15)]~~ **(16)** Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

~~[(46)]~~ (17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

~~[(47)]~~ (18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

~~[(48)]~~ (19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

~~[(49)]~~ (20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

~~[(20)]~~ (21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical,

psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

~~[(24)]~~ (22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

~~[(22)]~~ (23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

~~[(23)]~~ (24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

~~[(24)]~~ (25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested

with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions ~~[(44)]~~ (15) and ~~[(45)]~~ (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and

compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists."; and

This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity **of no further than seventy-five miles**, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary

licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

(2) For a physician-physician assistant team working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no supervision requirements in addition to the minimum federal law shall be required.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.

5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. (3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state will determine which entity will be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. (h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the

views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;
- (4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;
- (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;
- (6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;
- (7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;
- (8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;
- (9) The commission shall maintain its financial records in accordance with the bylaws; and

- (7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed; provided that, at all times the commission shall strive to avoid any appearance of impropriety;
- (8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;
- (9) To establish a budget and make expenditures;
- (10) To borrow money;

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

- (2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

- (3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

- (4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of commission or member state funds;
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1533. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

- (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and
- (2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1536. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1539. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

SCS#2 SB 128, relating to the sixteenth judicial circuit, was taken up by Representative Roeber.

Representative McGaugh offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute No. 2 for Senate Bill No. 128, Page 1, Section A, Line 2, by inserting immediately after said section and line the following:

"29.225. When requested by a prosecuting attorney or circuit attorney or law enforcement agency, the auditor or his or her authorized representatives may audit all or part of any political subdivision or other government entity as part of an investigation of improper government activities, including official misconduct, fraud, misappropriation, mismanagement, waste of resources, or a violation of state or federal law, rule, or regulation.

105.478. Any person guilty of knowingly violating any of the provisions of sections 105.450 to 105.498 shall be punished as follows:

(1) ~~[For the first offense, such person is guilty of a]~~ **The offense is a class B misdemeanor, unless the person has previously been found guilty of knowingly violating any of the provisions of sections 105.450 to 105.498, in which case such person shall be guilty of a class E felony;**

(2) ~~[For the second and subsequent offenses]~~ **For any offense involving more than seven hundred fifty dollars in value of any combination of goods or services, such person is guilty of a class E felony.**

210.845. 1. The provisions of any decree respecting support may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modifications of any child support award, the court, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he cohabits, and the earning capacity of a party who is not employed. If the application of the guidelines and criteria set forth in supreme court rule 88.01 to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, then a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable.

2. When the party seeking modification has met the burden of proof set forth in subsection 1 of this section, the child support shall be determined in conformity with criteria set forth in supreme court rule 88.01.

3. A responsive pleading shall be filed in response to any motion to modify a child support or custody judgment.

252.069. Any agent of the conservation commission may enforce the provisions of sections 577.070 and 577.080 and arrest violators only upon the water, the banks thereof, or upon public land.

302.441. 1. If a person is required to have an ignition interlock device installed on such person's vehicle, he or she may apply to the court for an employment exemption variance to allow him or her to drive an employer-owned vehicle not equipped with an ignition interlock device for employment purposes only. Such exemption shall not be granted to a person who is self-employed or who wholly or partially owns **or controls** an entity that owns an employer-owned vehicle.

2. A person who is granted an employment exemption variance under subsection 1 of this section shall not drive, operate, or be in physical control of an employer-owned vehicle used for transporting children under eighteen years of age or vulnerable persons, as defined in section 630.005, or an employer-owned vehicle for personal use.

400.9-501. (a) Except as otherwise provided in subsection (b), if the local law of this state governs perfection of a security interest or agricultural lien, the office in which to file a financing statement to perfect the security interest or agricultural lien is:

(1) The office designated for the filing or recording of a record of a mortgage on the related real property, if:

(A) The collateral is as-extracted collateral or timber to be cut; or

(B) The financing statement is filed as a fixture filing and the collateral is goods that are or are to become fixtures; or

(2) The office of the secretary of state in all other cases, including a case in which the collateral is goods that are or are to become fixtures and the financing statement is not filed as a fixture filing.

(b) The office in which to file a financing statement to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the secretary of state. The financing statement also constitutes a fixture filing as to the collateral indicated in the financing statement which is or is to become fixtures.

~~[(c) A person shall not knowingly or intentionally file, attempt to file, or record any document related to real property with a recorder of deeds under chapter 59 or a financing statement with the secretary of state under subdivision (2) of subsection (a) or subsection (b) of this section, with the intent that such document or statement be used to harass or defraud any other person or knowingly or intentionally file, attempt to file, or record such a document or statement that is materially false or fraudulent.]~~

~~— (1) A person who violates this subsection shall be guilty of a class E felony.—~~

~~— (2) If a person is convicted of a violation under this subsection, the court may order restitution.—~~

~~— (d) In the alternative to the provisions of sections 428.105 through 428.135, if a person files a false or fraudulent financing statement with the secretary of state under subdivision (2) of subsection (a) or subsection (b) of this section, a debtor named in that financing statement may file an action against the person that filed the financing~~

~~statement seeking appropriate equitable relief, actual damages, or punitive damages, including, but not limited to, reasonable attorney fees.]~~

452.370. 1. Except as otherwise provided in subsection 6 of section 452.325, the provisions of any judgment respecting maintenance or support may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable. **A responsive pleading shall be filed in response to any motion to modify a child support or maintenance judgment.** In a proceeding for modification of any child support or maintenance judgment, the court, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the child support guidelines and criteria set forth in section 452.340 and applicable supreme court rules to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable, if the existing amount was based upon the presumed amount pursuant to the child support guidelines.

2. When the party seeking modification has met the burden of proof set forth in subsection 1 of this section, the child support shall be determined in conformity with criteria set forth in section 452.340 and applicable supreme court rules.

3. Unless otherwise agreed in writing or expressly provided in the judgment, the obligation to pay future statutory maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

4. Unless otherwise agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child. The parent entitled to receive child support shall have the duty to notify the parent obligated to pay support of the child's emancipation and failing to do so, the parent entitled to receive child support shall be liable to the parent obligated to pay support for child support paid following emancipation of a minor child, plus interest.

5. If a parent has made an assignment of support rights to the family support division on behalf of the state as a condition of eligibility for benefits pursuant to the Temporary Assistance for Needy Families program and either party initiates a motion to modify the support obligation by reducing it, the state of Missouri shall be named as a party to the proceeding. The state shall be served with a copy of the motion by sending it by certified mail to the director of the family support division.

6. The court shall have continuing personal jurisdiction over both the obligee and the obligor of a court order for child support or maintenance for the purpose of modifying such order. Both obligee and obligor shall notify, in writing, the clerk of the court in which the support or maintenance order was entered of any change of mailing address. If personal service of the motion cannot be had in this state, the motion to modify and notice of hearing shall be served outside the state as provided by supreme court rule 54.14. The order may be modified only as to support or maintenance installments which accrued subsequent to the date of personal service. For the purpose of 42 U.S.C. Section 666(a)(9)(C), the circuit clerk shall be considered the appropriate agent to receive notice of the motion to modify for the obligee or the obligor, but only in those instances in which personal service could not be had in this state.

7. If a responsive pleading raising the issues of custody or visitation is filed in response to a motion to modify child support filed at the request of the family support division by a prosecuting attorney or circuit attorney or an attorney under contract with the division, such responsive pleading shall be severed upon request.

8. Notwithstanding any provision of this section which requires a showing of substantial and continuing change in circumstances, in a IV-D case filed pursuant to this section by the family support division as provided in section 454.400, the court shall modify a support order in accordance with the guidelines and criteria set forth in supreme court rule 88.01 and any regulations thereunder if the amount in the current order differs from the amount which would be ordered in accordance with such guidelines or regulations.

452.747. 1. Any petition for modification of child custody decrees filed under the provisions of section 452.410 or sections 452.700 to 452.930 shall be verified and, if the original proceeding originated in the state of Missouri, shall be filed in that original case, but service shall be obtained and responsive pleadings ~~may~~ **shall** be filed as in any original proceeding.

2. Before making a decree under section 452.410 or sections 452.700 to 452.930, the litigants, any parent whose parental rights have not been previously terminated, and any person who has physical custody of the child shall be served in the manner provided by the rules of civil procedure and applicable court rules and ~~may~~ **shall** within thirty days after the date of service (forty-five days if service by publication) file a verified answer. If any such persons are outside this state, notice and opportunity to be heard shall be given under section 452.740.

454.500. 1. At any time after the entry of an order pursuant to sections 454.470 and 454.475, the obligated parent, the division, or the person or agency having custody of the dependent child may file a motion for modification with the director. Such motion shall be in writing, shall set forth the reasons for modification, and shall state the address of the moving party. The motion shall be served by the moving party in the manner provided for in subsection 5 of section 454.465 upon the obligated parent or the party holding the support rights, as appropriate. In addition, if the support rights are held by the family support division on behalf of the state, a true copy of the motion shall be mailed by the moving party by certified mail to the person having custody of the dependent child at the last known address of that person. **The obligated parent or the party holding the support rights shall file a pleading in response to the motion to modify.** A hearing on the motion shall then be provided in the same manner, and determinations shall be based on considerations set out in section 454.475, unless the party served fails to respond within thirty days, in which case the director may enter an order by default. If the child for whom the order applies is no longer in the custody of a person receiving public assistance or receiving support enforcement services from the department, or a division thereof, pursuant to section 454.425, the director may certify the matter for hearing to the circuit court in which the order was filed pursuant to section 454.490 in lieu of holding a hearing pursuant to section 454.475. If the director certifies the matter for hearing to the circuit court, service of the motion to modify shall be had in accordance with the provisions of subsection 5 of section 452.370. If the director does not certify the matter for hearing to the circuit court, service of the motion to modify shall be considered complete upon personal service, or on the date of mailing, if sent by certified mail. For the purpose of 42 U.S.C. Section 666(a)(9)(C), the director shall be considered the appropriate agent to receive the notice of the motion to modify for the obligee or the obligor, but only in those instances in which the matter is not certified to circuit court for hearing, and only when service of the motion is attempted on the obligee or obligor by certified mail.

2. A motion for modification made pursuant to this section shall not stay the director from enforcing and collecting upon the existing order pending the modification proceeding unless so ordered by the court.

3. Only payments accruing subsequent to the service of the motion for modification upon all named parties to the motion may be modified. Modification may be granted only upon a showing of a change of circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modification of any child support award, the director, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the guidelines and criteria set forth in supreme court rule 88.01 to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, then a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable.

4. If the division has entered an order under section 454.470 or 454.500, and an additional child or children not the subject of the order are born to the parties, the division may, following the filing of a motion to modify, service of process, and opportunity for a hearing pursuant to this section, modify the underlying child support order to include a single child support obligation for all children of the parties in conformity with the criteria set forth in supreme court rule 88.01.

5. The circuit court may, upon such terms as may be just, relieve a parent from an administrative order entered against that parent because of mistake, inadvertence, surprise, or excusable neglect.

6. No order entered pursuant to section 454.476 shall be modifiable pursuant to this section, except that an order entered pursuant to section 454.476 shall be amended by the director to conform with any modification made by the court that entered the court order upon which the director based his or her order.

7. When the party seeking modifications has met the burden of proof set forth in subsection 3 of this section, then the child support shall be determined in conformity with the criteria set forth in supreme court rule 88.01.

8. The last four digits of the Social Security number of the parents shall be recorded on any order entered pursuant to this section. The full Social Security number of each party and each child shall be retained in the manner required by section 509.520.

456.4-414. 1. After notice to the qualified beneficiaries, the trustee of a trust consisting of trust property having a total value less than ~~[one hundred thousand]~~ **two hundred fifty thousand** dollars may terminate the trust if the trustee concludes that the value of the trust property is insufficient to justify the cost of administration.

2. The court may modify or terminate a trust or remove the trustee and appoint a different trustee if it determines that the value of the trust property is insufficient to justify the cost of administration.

3. Upon termination of a trust under this section, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust.

4. This section does not apply to an easement for conservation or preservation.

456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.

2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such proceedings under this chapter. If a petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction, or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

(1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;

(2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;

(3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the appointment of a guardian or conservator for the settlor;

- (4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;

 - (7) **Filing a motion, pleading, or other claim for relief concerning a breach of trust by a trustee including, but not limited to, a claim under section 456.10-1001. For purposes of this subdivision, "breach of trust" means a trustee's violation of the terms of a trust instrument, a violation of the trustee's general fiduciary obligations, or a trustee's violation of a duty that equity imposes on a trustee;**
 - (8) **Filing a motion, pleading, or other claim for relief concerning removal of a trustee including, but not limited to, a claim for removal under section 456.7-706;**
 - (9) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.
8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys' fees to any party, as provided in section 456.10-1004.

As used in this paragraph, the terms "alternate payee" and "qualified domestic relations order" have the meaning given to them in Section 414(p) of the Internal Revenue Code of 1986, as amended. If proceedings under Title 11 of the United States Code are commenced by or against such person, no amount of funds shall be exempt in such proceedings under any such plan, contract, or trust which is fraudulent as defined in subsection 2 of section 428.024 and for the period such person participated within three years prior to the commencement of such proceedings. 513.440. Each head of a family may select and hold, exempt from execution, any other property, real, personal or mixed, or debts and wages, not exceeding in value the amount of one thousand ~~two~~ **six** hundred fifty dollars plus ~~three~~ **four** hundred fifty dollars for each of such person's unmarried dependent children under the age of twenty-one years or dependent as defined by the Internal Revenue Code of 1986, as amended, determined to be disabled by the Social Security Administration, except ten percent of any debt, income, salary or wages due such head of a family.

514.040. 1. Except as provided in subsection 3 of this section, if any court shall, before or after the commencement of any suit pending before it, be satisfied that the plaintiff is a poor person, and unable to prosecute his or her suit, and pay all or any portion of the costs and expenses thereof, such court may, in its discretion, permit him or her to commence and prosecute his or her action as a poor person, and thereupon such poor person shall have all necessary process and proceedings as in other cases, without fees, tax or charge as the court determines the person cannot pay; and the court may assign to such person counsel, who, as well as all other officers of the court, shall perform their duties in such suit without fee or reward as the court may excuse; but if judgment is entered for the plaintiff, costs shall be recovered, which shall be collected for the use of the officers of the court.

2. In any civil action brought in a court of this state by any offender convicted of a crime who is confined in any state prison or correctional center, the court shall not reduce the amount required as security for costs upon filing such suit to an amount of less than ten dollars pursuant to this section. This subsection shall not apply to any action for which no sum as security for costs is required to be paid upon filing such suit.

3. Where a party is represented in a civil action by a legal aid society or a legal services or other nonprofit organization funded in whole or substantial part by moneys appropriated by the general assembly of the state of Missouri, which has as its primary purpose the furnishing of legal services to indigent persons, by a law school clinic which has as its primary purpose educating law students through furnishing legal services to indigent persons, or by private counsel working on behalf of or under the auspices of such society, all costs and expenses, **except guardian ad litem fees as provided by this subsection**, related to the prosecution of the suit may be waived without the necessity of a motion and court approval, provided that a determination has been made by such society or organization that such party is unable to pay the costs, fees and expenses necessary to prosecute or defend the action, and that a certification that such determination has been made is filed with the clerk of the court. **In the event an action involving the appointment of a guardian ad litem goes to trial, an updated certification shall be filed prior to the trial commencing. The waiver of guardian ad litem fees for a party who has filed a certification may be reviewed by the court at the conclusion of the action upon the motion of any party requesting the court to apportion guardian ad litem fees.**

4. Any party may present additional evidence on the financial condition of the parties. Based upon that evidence, if the court finds the certifying party has the present ability to pay, the court may enter judgment ordering the certifying party to pay a portion of the guardian ad litem fees.

5. Any failure to pay guardian ad litem fees shall not preclude a certifying party from filing future suits, including motions to modify, and shall not be used as a basis to limit the certifying party's prosecution or defense of the action.

515.575. 1. Except as otherwise ordered by the court, the entry of an order appointing a general receiver shall operate as a stay, applicable to all persons, of:

(1) The commencement or continuation, including the issuance, employment, or service of process, of a judicial, administrative, or other action or proceeding against the debtor that was or could have been commenced before the entry of the order of appointment, or to recover a claim against the debtor that arose before the entry of the order of appointment;

(2) The enforcement against the debtor or any estate property of a judgment obtained before the order of appointment;

(3) Any act to obtain possession of estate property from the receiver, or to interfere with, or exercise control over, estate property;

(4) Any act to create, perfect, or enforce any lien or claim against estate property except by exercise of a right of setoff, to the extent that the lien secures a claim against the debtor that arose before the entry of the order of appointment; or

(5) Any act to collect, assess, or recover a claim against the debtor that arose before the entry of the order of appointment.

2. The stay shall automatically expire as to the acts specified in subdivisions (1), (2), and ~~[(3)]~~ (5) of subsection 1 of this section sixty days after the entry of the order of appointment unless before the expiration of the sixty-day period the debtor or receiver, for good cause shown, obtains an order of the court extending the stay, after notice and a hearing. A person whose action or proceeding is stayed by motion to the court may seek relief from the stay for good cause shown. Any judgment obtained against the debtor or estate property following the entry of the order of appointment is not a lien against estate property unless the receivership is terminated prior to a conveyance of the property against which the judgment would otherwise constitute a lien.

3. The entry of an order appointing a receiver does not operate as a stay of:

(1) The commencement or continuation of a criminal proceeding against the debtor;

(2) The commencement or continuation of an action or proceeding to establish paternity, or to establish or modify an order for alimony, maintenance, or support, or to collect alimony, maintenance, or support under any order of a court;

(3) Any act to perfect or to maintain or continue the perfection of an interest in estate property pursuant to any generally applicable Missouri law that permits perfection of an interest in property to be effective against an entity that acquires rights in such property before the date of perfection. Such right to perfect an interest in estate property includes any act to perfect an interest in purchase money collateral pursuant to sections 400.9-301 to 400.9-339, perfection of a lien that may be placed against real property under the provisions of chapter 429, or the

assertion of a right to continue in possession of any estate property that is in the possession of a person entitled to retain possession of such property pending payment for work performed with respect to such property. If perfection of an interest would otherwise require seizure of the property involved or the commencement of an action, the perfection shall instead be accomplished by filing, and by serving upon the receiver, or receiver's counsel, if any, notice of the interest within the time fixed by law for seizure or commencement;

(4) The commencement or continuation of an action or proceeding by a governmental unit to enforce its police or regulatory power;

(5) The enforcement of a judgment, other than a money judgment, obtained in an action or proceeding by a governmental unit to enforce its police or regulatory power, or with respect to any licensure of the debtor;

(6) The exercise of a right of setoff, including but not limited to, any right of a commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to set off a claim for a margin payment or settlement payment arising out of a commodity contract, forward contract, or securities contract against cash, securities, or other property held or due from the commodity broker, forward contract merchant, stockbroker, financial institution, or securities clearing agency to margin, guarantee, secure, or settle the commodity contract, forward contract, or securities contract, and any right of a swap participant to set off a claim for a payment due to the swap participant under or in connection with a swap agreement against any payment due from the swap participant under or in connection with the swap agreement or against cash, securities, or other property of the debtor held by or due from the swap participant to guarantee, secure, or settle the swap agreement;

(7) The establishment by a governmental unit of any tax liability and any appeal thereof; or

(8) Any action pending in a court other than that in which the receiver is appointed until transcription of the order appointing the receiver or extending the stay is made to the other court in which an action against the debtor is pending.

4. For the purposes of subdivision (8) of subsection 3 of this section, the receiver or any party in interest is authorized to cause to be transcribed any order appointing a receiver or extending the stay to any and all courts in which any action against a debtor is pending in this state. A court that receives a transcript of an order of receivership or extension of stay may on its own order sua sponte transfer the matter before the court to the court issuing an order of receivership.

515.635. To the extent that funds are available in the estate for distribution to creditors in a general receivership, the holder of an allowed noncontingent, liquidated claim is entitled to receive interest at the legal rate or other applicable rate from the date of appointment of the receiver or the date on which the claim became a noncontingent, liquidated claim. If there are ~~sufficient~~ **insufficient** funds in the estate to fully pay all interest owing to all members of the class, then interest shall be paid proportionately to each member of the class.

544.671. Notwithstanding any supreme court rule or judicial ruling to the contrary, no defendant under a sentence of death or imprisonment in the penitentiary for life, or any sentence of imprisonment for a violation of section 579.065, 565.021, ~~565.050~~, **565.052 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider assaulted in the performance of his or her official duties or as a direct result of such official duties**, **565.054 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider assaulted in the performance of his or her official duties or as a direct result of such official duties**, **565.056 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider assaulted in the performance of his or her official duties or as a direct result of such official duties**, section 566.030, **566.031**, 566.032, 566.040 as it existed prior to August 28, 2013, 566.060, **566.061**, 566.062, 566.070 as it existed prior to August 28, 2013, or 566.100, and no defendant who has pled guilty to or been found guilty of any felony sexual offense under chapter 566, where the victim was less than seventeen years of age at the time the crime was committed, any sexual offense under chapter 568, where the victim was less than seventeen years of age at the time the crime was committed, or any pornographic offense involving a minor as set forth in sections 573.023, 573.025, 573.035, and 573.037, and any felony violation of section 573.040, shall be entitled to bail pending appeal after June 29, 1994. Pursuant to the prerogative of the general assembly to declare the public policy of this state in matters regarding criminal liability of persons and to enact laws relating to judicial procedure, the general assembly declares that subsequent to June 29, 1994, no person shall be entitled to bail or continuation of bail pursuant to section 547.170 if that person is under a sentence of death or imprisonment in the penitentiary for life, or any sentence of imprisonment for a violation of section 579.065, 565.021, ~~565.050~~, **565.052 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider**

assaulted in the performance of his or her official duties or as a direct result of such official duties, 565.054 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider assaulted in the performance of his or her official duties or as a direct result of such official duties, 565.056 in which the victim is a law enforcement officer, firefighter, or emergency medical service provider assaulted in the performance of his or her official duties or as a direct result of such official duties, section 566.030, 566.031, 566.032, 566.040 as it existed prior to August 28, 2013, 566.060, 566.061, 566.062, 566.070 as it existed prior to August 28, 2013, or 566.100, ~~and no defendant who~~ or if that person has pled guilty to or been found guilty of any felony sexual offense under chapter 566, where the victim was less than seventeen years of age at the time the crime was committed, any sexual offense under chapter 568, where the victim was less than seventeen years of age at the time the crime was committed, or any pornographic offense involving a minor as set forth in sections 573.023, 573.025, 573.035, and 573.037, and any felony violation of section 573.040.

552.020. 1. No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him **or her** or to assist in his **or her** own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, ~~he~~ the judge shall, upon his **or her** own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability, developmental disability, or mental illness. The order shall direct that a written report or reports of such examination be filed with the clerk of the court. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he **or she** has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his **or her** designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

3. A report of the examination made under this section shall include:

- (1) Detailed findings;
- (2) An opinion as to whether the accused has a mental disease or defect;
- (3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him **or her** or to assist in his **or her** own defense;
- (4) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; and
- (5) A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings.

4. If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his **or her** conduct or as a result of mental disease or defect was incapable of conforming his **or her** conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and

the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection 11 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or developmental disability facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

- (1) Location and degree of necessary supervision of housing;
- (2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;

- (3) Medication follow-up, including necessary testing to monitor medication compliance;

- (4) At least monthly contact with the department's forensic case monitor;

- (5) Any other conditions or supervision as may be warranted by the circumstances of the case.

5. If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

6. The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his **or her** counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

7. If neither the state nor the accused nor his **or her** counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court may make a determination and finding on the basis of the report filed or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

8. At a hearing on the issue pursuant to subsection 7 of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

9. If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. **After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.**

10. Any person committed pursuant to subsection 9 of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection 9 of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. If the motion is not contested by the accused or his **or her** counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he **or she** is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

11. The following provisions shall apply after a commitment as provided in this section:

- (1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or

reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his **or her** counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section with the additional requirement that it include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his **or her** counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or developmental disability facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he **or she** is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

12. If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or dismissal of the charges pursuant to subsection 11 of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he **or she** has been found restored to competency.

13. The result of any examinations made pursuant to this section shall not be a public record or open to the public.

14. No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his **or her** motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he **or she** was afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

577.037. 1. Upon the trial of any person for any criminal offense or violations of county or municipal ordinances, or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content, the amount of alcohol in the person's blood at the time of the act, as shown by any chemical analysis of the person's blood, breath, saliva, or urine, is admissible in evidence and the provisions of subdivision (5) of section 491.060 shall not prevent the admissibility or introduction of such evidence if otherwise admissible.

2. If a chemical analysis of the defendant's breath, blood, saliva, or urine demonstrates there was eight-hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken. If a chemical analysis of the defendant's breath, blood, saliva, or urine demonstrates that there was less than eight-hundredths of one percent of alcohol in the defendant's blood, any charge alleging a criminal offense related to the operation of a vehicle, vessel, or aircraft while in an intoxicated condition shall be dismissed with prejudice unless one or more of the following considerations cause the court to find a dismissal unwarranted:

- (1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;
- (2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or
- (3) There is substantial evidence of intoxication from physical observations of witnesses or admissions of the defendant.

3. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

4. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the person was intoxicated.

5. A chemical analysis of a person's breath, blood, saliva or urine, in order to give rise to the presumption or to have the effect provided for in subsection 2 of this section, shall have been performed as provided in sections 577.020 to 577.041 and in accordance with methods and standards approved by the state department of health and senior services.

6. For any criminal offense, violation of a county or municipal ordinance, or in any license suspension or revocation proceeding under the provisions of chapter 302 arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content occurring on or between the dates of December 30, 2012, and April 4, 2014, notwithstanding any other provision of law or regulation, a relevant chemical analysis of a person's breath shall be admissible in all proceedings after the effective date of this section if the standard simulator solutions used to verify and calibrate evidential breath analyzers had a vapor concentration within five percent of the following values:

- (1) One-tenth of one percent;**
- (2) Eight-hundredths of one percent; or**
- (3) Four-hundredths of one percent;**

and otherwise were in accordance with methods and standards approved by the department of health and senior services. This provision is a procedural rule and applies to all actions in progress whether commenced before or after the effective date of this section. Such chemical breath analysis shall be admissible in all proceedings after the effective date of this section even if the offense occurred before the effective date of this section.

7. It is the intent of the legislature to reverse, overturn, and abrogate earlier case law interpretations related to the admissibility of chemical breath analyses to include, but not be limited to, holdings in *Stiers v. Dir. of Revenue*, 477 S.W.3d 611, (Mo. 2016); and *Stiers v. Dir. of Revenue*, ED 101407, 2015 WL 343310 (Mo.App. E.D. Jan. 27, 2015).

- (2) Having knowledge of such accident he or she leaves the place of the injury, damage or accident without stopping and giving the following information to the other party or to a law enforcement officer, or if no law enforcement officer is in the vicinity, then to the nearest law enforcement agency:

- (a) His or her name;
- (b) His or her residence, including city and street number;
- (c) The registration or license number for his or her vehicle or vessel; and
- (d) His or her operator's license number, if any.

2. For the purposes of this section, all law enforcement officers shall have jurisdiction, when invited by an injured person, to enter the premises of any privately owned property for the purpose of investigating an accident and performing all necessary duties regarding such accident.

3. The offense of leaving the scene of an accident is:

- (1) A class A misdemeanor; ~~or~~
- (2) A class E felony if:
 - (a) Physical injury was caused to another party; or
 - (b) Damage in excess of one thousand dollars was caused to the property of another person; or
 - (c) The defendant has previously been found guilty of any offense in violation of this section; or

committed in another jurisdiction which, if committed in this state, would be a violation of an offense of this section; **or**

(3) A class D felony if a death has occurred as a result of the accident.

4. A law enforcement officer who investigates or receives information of an accident involving an all-terrain vehicle and also involving the loss of life or serious physical injury shall make a written report of the investigation or information received and such additional facts relating to the accident as may come to his or her knowledge, mail the information to the department of public safety, and keep a record thereof in his or her office.

5. The provisions of this section shall not apply to the operation of all-terrain vehicles when property damage is sustained in sanctioned all-terrain vehicle races, derbies and rallies.

589.664. 1. If an individual is a participant in the Address Confidentiality Program pursuant to section 589.663, no person or entity shall be compelled to disclose the participant's actual address during the discovery phase of or during a proceeding before a court or other tribunal unless the court or tribunal first finds, on the record, that:

- (1) There is a reasonable belief that the address is needed to obtain information or evidence without which the investigation, prosecution, or litigation cannot proceed; and**
- (2) There is no other practicable way of obtaining the information or evidence.**

2. The court must first provide the program participant and the secretary of state notice that address disclosure is sought.

3. The program participant shall have an opportunity to present evidence regarding the potential harm to the safety of the program participant if the address is disclosed. In determining whether to compel disclosure, the court must consider whether the potential harm to the safety of the participant is outweighed by the interest in disclosure.

4. Notwithstanding any other provision in law, no court shall order an individual who has had his or her application accepted by the secretary to disclose his or her actual address or location of his or her residence without giving the secretary proper notice. The secretary shall have the right to intervene in any civil proceeding in which a court is considering a participant to disclose their actual address.

5. Disclosure of a participant's actual address under this section shall be limited under the terms of the order to ensure that the disclosure and dissemination of the actual address will be no wider than necessary for the purposes of the investigation, prosecution, or litigation.

6. Nothing in this section prevents the court or other tribunal from issuing a protective order to prevent disclosure of information other than the participant's actual address that could reasonably lead to the discovery of the program participant's location.

589.675. If the secretary deems it appropriate, the secretary ~~shall~~ **may** make a program participant's address and mailing address available for inspection or copying ~~[under the following circumstances:-~~

~~———(1)——] to a person identified in a court order, upon the secretary's receipt of such court order that **complies with section 559.664** [specifically orders the disclosure of a particular program participant's address and mailing address and the reasons stated for the disclosure; or~~

~~———(2) If the certification has been cancelled because the applicant or program participant violated subdivision (2) of section 589.663].~~

595.045. 1. There is established in the state treasury the "Crime Victims' Compensation Fund". A surcharge of seven dollars and fifty cents shall be assessed as costs in each court proceeding filed in any court in the state in all criminal cases including violations of any county ordinance or any violation of criminal or traffic laws of the state, including an infraction and violation of a municipal ordinance; except that no such fee shall be collected in any proceeding in any court when the proceeding or the defendant has been dismissed by the court or when costs are to be paid by the state, county, or municipality. A surcharge of seven dollars and fifty cents shall be assessed as costs in a juvenile court proceeding in which a child is found by the court to come within the applicable provisions of subdivision (3) of subsection 1 of section 211.031.

2. Notwithstanding any other provision of law to the contrary, the moneys collected by clerks of the courts pursuant to the provisions of subsection 1 of this section shall be collected and disbursed in accordance with sections 488.010 to 488.020 and shall be payable to the director of the department of revenue.

3. The director of revenue shall deposit annually the amount of two hundred fifty thousand dollars to the state forensic laboratory account administered by the department of public safety to provide financial assistance to defray expenses of crime laboratories if such analytical laboratories are registered with the federal Drug Enforcement Agency or the Missouri department of health and senior services. Subject to appropriations made therefor, such funds shall be distributed by the department of public safety to the crime laboratories serving the courts of this state making analysis of a controlled substance or analysis of blood, breath or urine in relation to a court proceeding.

4. The remaining funds collected under subsection 1 of this section shall be denoted to the payment of an annual appropriation for the administrative and operational costs of the office for victims of crime and, if a statewide automated crime victim notification system is established pursuant to section 650.310, to the monthly payment of expenditures actually incurred in the operation of such system. Additional remaining funds shall be subject to the following provisions:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

(2) Beginning on September 1, 2004, and on the first of each month, the director of revenue or the director's designee shall deposit fifty percent of the balance of funds available to the credit of the crime victims' compensation fund and fifty percent to the services to victims' fund established in section 595.100.

5. The director of revenue or such director's designee shall at least monthly report the moneys paid pursuant to this section into the crime victims' compensation fund and the services to victims fund to the department of public safety.

6. The moneys collected by clerks of municipal courts pursuant to subsection 1 of this section shall be collected and disbursed as provided by sections 488.010 to 488.020. Five percent of such moneys shall be payable to the city treasury of the city from which such funds were collected. The remaining ninety-five percent of such moneys shall be payable to the director of revenue. The funds received by the director of revenue pursuant to this subsection shall be distributed as follows:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

(2) Beginning on September 1, 2004, and on the first of each month the director of revenue or the director's designee shall deposit fifty percent of the balance of funds available to the credit of the crime victims' compensation fund and fifty percent to the services to victims' fund established in section 595.100.

7. These funds shall be subject to a biennial audit by the Missouri state auditor. Such audit shall include all records associated with crime victims' compensation funds collected, held or disbursed by any state agency.

8. In addition to the moneys collected pursuant to subsection 1 of this section, the court shall enter a judgment in favor of the state of Missouri, payable to the crime victims' compensation fund, of sixty-eight dollars upon a plea of guilty or a finding of guilt for a class A or B felony; forty-six dollars upon a plea of guilty or finding of guilt for a class C ~~or~~, D, or E felony; and ten dollars upon a plea of guilty or a finding of guilt for any misdemeanor under Missouri law except for those in chapter 252 relating to fish and game, chapter 302 relating to drivers' and commercial drivers' license, chapter 303 relating to motor vehicle financial responsibility, chapter 304 relating to traffic regulations, chapter 306 relating to watercraft regulation and licensing, and chapter 307 relating to vehicle equipment regulations. Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

10. The department of revenue shall maintain records of funds transmitted to the crime victims' compensation fund by each reporting court and collections pursuant to subsection 16 of this section and shall maintain separate records of collection for alcohol-related offenses.

11. The state courts administrator shall include in the annual report required by section 476.350 the circuit court caseloads and the number of crime victims' compensation judgments entered.

12. All awards made to injured victims under sections 595.010 to 595.105 and all appropriations for administration of sections 595.010 to 595.105, except sections 595.050 and 595.055, shall be made from the crime victims' compensation fund. Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080 requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

13. When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

14. All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

15. Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

16. The department may receive gifts and contributions for the benefit of crime victims. Such gifts and contributions shall be credited to the crime victims' compensation fund as used solely for compensating victims under the provisions of sections 595.010 to 595.075.

595.219. 1. In addition to the court's authority to order a defendant to make restitution for the damage or loss caused by his or her offense as provided in section 559.105, the court may enter a judgment of restitution against the offenders convicted of official misconduct in the first or second degrees pursuant to the provisions of this section.

2. The court may order the defendant to make restitution to:

- (1) The victim;**
- (2) Any governmental entity; or**
- (3) A third-party payor, including an insurer that has made payment to the victim to compensate the victim for a property loss or a pecuniary loss.**

3. Restitution payments to the victim have priority over restitution payments to a third-party payor.

If the victim has been compensated for the victim's loss by a third-party payor, the court may order restitution payments to the third-party payor in the amount that the third-party payor compensated the victim.

4. Payment of restitution to a victim under this section has priority over payment of restitution to any governmental entity.

5. A restitution hearing to determine the liability of the defendant shall be held not later than thirty days after final disposition of the case and may be extended by the court for good cause. In the restitution hearing, a written statement or bill for medical, dental, hospital, funeral, or burial expenses shall be prima facie evidence that the amount indicated on the written statement or bill represents a fair and reasonable charge for the services or materials provided. The burden of proving that the amount indicated on the written statement or bill is not fair and reasonable shall be on the person challenging the fairness and reasonableness of the amount.

6. A judgment of restitution against a defendant may not be entered unless the defendant has been afforded a reasonable opportunity to be heard and to present appropriate evidence in his or her behalf. The defendant shall be advised of his or her right to obtain counsel for representation at the hearing. A hearing under this section may be held as part of a final disposition hearing for the case.

7. The judgment may be enforced in the same manner as enforcing monetary judgments by the prosecuting attorney on behalf of the victim.

8. A judgment of restitution ordered pursuant to this section against a defendant shall not be a bar to a proceeding against the defendant pursuant to section 537.045 or section 8.150 for the balance of the damages not paid pursuant to this section.

650.520. 1. There is hereby created a statewide program called the "Blue Alert System" referred to in this section as the "system" to aid in the identification, location, and apprehension of any individual or individuals suspected of killing or seriously wounding any local, state, or federal law enforcement officer.

2. For the purposes of this section, "law enforcement officer" means any public servant having both the power and duty to make arrests for violations of the laws of this state, and federal law enforcement officers authorized to carry firearms and to make arrests for violations of the laws of the United States.

3. The department of public safety shall develop regions to provide the system. The department of public safety shall coordinate local law enforcement agencies and public commercial television and radio broadcasters to provide an effective system. In the event that a local law enforcement agency opts not to set up a system and a killing or serious wounding of a law enforcement officer occurs within the jurisdiction, it shall notify the department of public safety who will notify local media in the region.

4. The blue alert system shall include all state agencies capable of providing urgent and timely information to the public together with broadcasters and other private entities that volunteer to participate in the dissemination of urgent public information. At a minimum, the blue alert system shall include the department of public safety, highway patrol, department of transportation, and Missouri lottery.

5. The department of public safety shall have the authority to develop, implement, and manage the blue alert system.

6. Participation in the blue alert system is entirely at the option of local law enforcement agencies, federally licensed radio and television broadcasters, and other private entities that volunteer to participate in the dissemination of urgent public information.

7. Any person who knowingly makes a false report that triggers an alert pursuant to this section is guilty of a class A misdemeanor."; and

456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.

2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such proceedings under this chapter. If a petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction, or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have

no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

(1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;

(2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;

(3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the appointment of a guardian or conservator for the settlor;

(4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;

(5) Disclosure to any person of information concerning a trust instrument or that is relevant to a proceeding before the court concerning the trust instrument or property of the trust estate, unless such disclosure is otherwise prohibited by law;

(6) Filing a motion, pleading, or other claim for relief seeking approval of a nonjudicial settlement agreement concerning a trust instrument, as set forth in section 456.1-111;

(7) **Filing a motion, pleading, or other claim for relief concerning a breach of trust by a trustee including, but not limited to, a claim under section 456.10-1001. For purposes of this subdivision, "breach of trust" means a trustee's violation of the terms of a trust instrument, a violation of the trustee's general fiduciary obligations, or a trustee's violation of a duty that equity imposes on a trustee;**

(8) **Filing a motion, pleading, or other claim for relief concerning removal of a trustee including, but not limited to, a claim for removal under section 456.7-706;**

(9) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.

8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys' fees to any party, as provided in section 456.10-1004.

456.8-808. 1. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.

2. A trust instrument may provide for ~~the appointment of a trust protector. For purposes of this section, a "trust protector", whether referred to in the trust instrument by that name or by some other name, is a person, other than the settlor, a trustee, or a beneficiary, who is expressly granted in the trust instrument one or more powers over the trust]~~ **one or more persons, not then serving as a trustee and not the settlor or a beneficiary, to be given any powers over the trust as expressly granted in the trust instrument. Any such person may be identified and appointed as a trust protector or similar term. Whenever a trust instrument names, appoints, authorizes, or otherwise designates a trust protector, the trust shall be deemed a directed trust.**

3. A trust protector appointed in the trust instrument shall have only the powers granted to the trust protector by the express terms of the trust instrument, and a trust protector is only authorized to act within the scope of the authority expressly granted in the trust instrument. Without limiting the authority of the settlor to grant powers to a trust protector, the express powers that may be granted include, but are not limited to, the following:

(1) Remove and appoint a trustee **or a trust protector** or name a successor trustee or trust protector;

(2) Modify or amend the trust instrument to:

(a) Achieve favorable tax status or respond to changes in the Internal Revenue Code or state law, or the rulings and regulations under such code or law;

(b) Reflect legal changes that affect trust administration;

(c) Correct errors or ambiguities that might otherwise require court construction; or

(d) Correct a drafting error that defeats a grantor's intent;

- (3) Increase, decrease, modify, or restrict the interests of the beneficiary or beneficiaries of the trust;
- (4) Terminate the trust in favor of the beneficiary or beneficiaries of the trust;
- (5) Change the applicable law governing the trust and the trust situs; or
- (6) Such other powers as are expressly granted to the trust protector in the trust instrument.

4. Notwithstanding any provision in the trust instrument to the contrary, a trust protector shall have no power to modify a trust to:

(1) Remove a requirement from a trust created to meet the requirements of 42 U.S.C. Section 1396p(d)(4) to pay back a governmental entity for benefits provided to the permissible beneficiary of the trust at the death of that beneficiary; or

(2) Reduce or eliminate an income interest of the income beneficiary of any of the following types of trusts:

(a) A trust for which a marital deduction has been taken for federal tax purposes under Section 2056 or 2523 of the Internal Revenue Code or for state tax purposes under any comparable provision of applicable state law, during the life of the settlor's spouse;

(b) A charitable remainder trust under Section 664 of the Internal Revenue Code, during the life of the noncharitable beneficiary;

(c) A grantor retained annuity trust under Section 2702 of the Internal Revenue Code, during any period in which the settlor is a beneficiary; or

(d) A trust for which an election as a qualified Sub-Chapter S Trust under Section 1361(d) of the Internal Revenue Code is currently in place.

5. Except to the extent otherwise provided in a trust instrument specifically referring to this subsection, the trust protector shall not exercise a power in a way that would result in a taxable gift for federal gift tax purposes or cause the inclusion of any assets of the trust in the trust protector's gross estate for federal estate tax purposes.

6. Except to the extent otherwise provided in the trust instrument and in subsection 7 of this section, and notwithstanding any provision of sections 456.1-101 to 456.11-1106 to the contrary:

(1) A trust protector shall act in a fiduciary capacity in carrying out the powers granted to the trust protector in the trust instrument, and shall have such duties to the beneficiaries, the settlor, or the trust as set forth in the trust instrument; **provided, however, that the trust instrument may provide that the trust protector shall act in a nonfiduciary capacity.** A trust protector is not a trustee, and is not liable or accountable as a trustee when performing or declining to perform the express powers given to the trust protector in the trust instrument. A trust protector is not liable for the acts or omissions of any fiduciary or beneficiary under the trust instrument;

(2) A trust protector is exonerated from any and all liability for the trust protector's acts or omissions, or arising from any exercise or nonexercise of the powers expressly conferred on the trust protector in the trust instrument, unless it is established by a preponderance of the evidence that the acts or omissions of the trust protector were done or omitted in breach of the trust protector's duty, in bad faith or with reckless indifference;

(3) A trust protector is authorized to exercise the express powers granted in the trust instrument at any time and from time to time after the trust protector acquires knowledge of their appointment as trust protector and of the powers granted. **The trust protector may take any action, judicial or otherwise, necessary to carry out the duties given to the trust protector in the trust instrument;**

(4) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reasonable compensation, and reimbursement of the reasonable costs and expenses incurred, in determining whether to carry out, and in carrying out, the express powers given to the trust protector in the trust instrument;

(5) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reimbursement of the reasonable costs and expenses, including attorney's fees, of defending any claim made against the trust protector arising from the acts or omissions of the trust protector acting in that capacity unless it is established by clear and convincing evidence that the trust protector was acting in bad faith or with reckless indifference; and

(6) The express powers granted in the trust instrument shall not be exercised by the trust protector for the trust protector's own personal benefit.

7. If a trust protector is granted a power in the trust instrument to direct, consent to, or disapprove a trustee's actual or proposed investment decision, distribution decision, or other decision of the trustee required to be performed under applicable trust law in carrying out the duties of the trustee in administering the trust, then only with respect to such power, excluding the powers identified in subsection 3 of this section, the trust protector shall have the same duties and liabilities as if serving as a trustee under the trust instrument **unless the trust instrument expressly provides otherwise. In carrying out any written directions given to the trustee by the trust protector concerning actual or proposed investment decisions, the trustee shall not be subject to the provisions of sections 469.900 to 469.913. For purposes of this subsection, "investment decisions" means,**

with respect to any investment, decisions to retain, purchase, sell, exchange, tender, or otherwise engage in transactions affecting the ownership of investments or rights therein, and, with respect to nonpublicly traded investments, the valuation thereof.

8. Any trustee of a directed trust shall not be accountable under the law or equity for any act or omission of a trust protector and shall stand absolved from liability for executing the decisions or instructions from a trust protector, or for monitoring the actions or inactions of a trust protector. A trustee shall take reasonable steps to facilitate the activity of a trust protector in a directed trust. A trustee shall carry out the written directions given to the trustee by a trust protector acting within the scope of the powers expressly granted to the trust protector in the trust instrument. Except ~~in cases of bad faith or reckless indifference on the part of the trustee, or~~ as otherwise provided in the trust instrument, the trustee shall not be liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the written direction of the trust protector or the failure of the trust protector to provide consent. Except as otherwise provided in the trust instrument, the trustee shall have no duty to monitor the conduct of the trust protector, provide advice to or consult with the trust protector, or communicate with or warn or apprise any beneficiary concerning instances in which the trustee would or might have exercised the trustee's own discretion in a manner different from the manner directed by the trust protector. **Except as otherwise provided in the trust instrument, any actions taken by the trustee at the trust protector's direction shall be deemed to be administrative actions taken by the trustee solely to allow the trustee to carry out the instructions of the trust protector, and shall not be deemed to constitute an act by the trustee to monitor the trust protector or otherwise participate in actions within the scope of the trust protector's authority.**

9. Except to the extent otherwise expressly provided in the trust instrument, the trust protector shall be entitled to receive information regarding the administration of the trust as follows:

(1) Upon the request of the trust protector, unless unreasonable under the circumstances, the trustee shall promptly provide to the trust protector any and all information related to the trust that may relate to the exercise or nonexercise of a power expressly granted to the trust protector in the trust instrument. The trustee has no obligation to provide any information to the trust protector except to the extent a trust protector requests information under this section;

(2) The request of the trust protector for information under this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust; and

(3) If the trustee is bound by any confidentiality restrictions with respect to an asset of a trust, a trust protector who requests information under this section about such asset shall agree to be bound by the confidentiality restrictions that bind the trustee before receiving such information from the trustee.

10. A trust protector may resign by giving thirty days' written notice to the trustee and any successor trust protector. A successor trust protector, if any, shall have all the powers expressly granted in the trust instrument to the resigning trust protector unless such powers are expressly modified for the successor trust protector.

11. A trust protector of a trust having its principal place of administration in this state submits personally to the jurisdiction of the courts of this state during any period that the principal place of administration of the trust is located in this state and the trust protector is serving in such capacity. **The trust instrument may also provide that a trust protector is subject to the personal jurisdiction of the courts of this state as a condition of appointment."**; and"; and

3. No person shall serve as a municipal judge of any municipality with a population of seven thousand five hundred or more or of any municipality in a county of the first class with a charter form of government unless the person is licensed to practice law in this state unless, prior to January 2, 1979, such person has served as municipal judge of that same municipality for at least two years.

4. Notwithstanding any other statute, a municipal judge need not be a resident of the municipality or of the circuit in which the municipal judge serves except where ordinance or charter provides otherwise. Municipal judges shall be residents of Missouri.

5. Judges selected under the provisions of this section shall be municipal judges of the circuit court and shall be divisions of the circuit court of the circuit in which the municipality, or major geographical portion thereof, is located. The judges of these municipal divisions shall be subject to the rules of the circuit court which are not inconsistent with the rules of the supreme court. The presiding judge of the circuit shall have general administrative authority over the judges and court personnel of the municipal divisions within the circuit.

6. No municipal judge shall hold any other office in the municipality which the municipal judge serves as judge. The compensation of any municipal judge and other court personnel shall not be dependent in any way upon the number of cases tried, the number of guilty verdicts reached or the amount of fines imposed or collected.

7. Municipal judges shall be at least twenty-one years of age. No person shall serve as municipal judge after that person has reached that person's seventy-fifth birthday.

8. Within six months after selection for the position, each municipal judge who is not licensed to practice law in this state shall satisfactorily complete the course of instruction for municipal judges prescribed by the supreme court. The state courts administrator shall certify to the supreme court the names of those judges who satisfactorily complete the prescribed course. If a municipal judge fails to complete satisfactorily the prescribed course within six months after the municipal judge's selection as municipal judge, the municipal judge's office shall be deemed vacant and such person shall not thereafter be permitted to serve as a municipal judge, nor shall any compensation thereafter be paid to such person for serving as municipal judge.

9. No municipal judge shall serve as a municipal judge in more than five municipalities at one time. **A court that serves more than one municipality shall be treated as a single municipality for the purposes of this subsection.**

479.353. 1. Notwithstanding any provisions to the contrary, the following conditions shall apply to minor traffic violations and municipal ordinance violations:

- (1) The court shall not assess a fine, if combined with the amount of court costs, totaling in excess of:
 - (a) Two hundred twenty-five dollars for minor traffic violations; and

(b) For municipal ordinance violations committed within a twelve-month period beginning with the first violation: two hundred dollars for the first municipal ordinance violation, two hundred seventy-five dollars for the second municipal ordinance violation, three hundred fifty dollars for the third municipal ordinance violation, and four hundred fifty dollars for the fourth and any subsequent municipal ordinance violations;

(2) The court shall not sentence a person to confinement, except the court may sentence a person to confinement for any violation involving alcohol or controlled substances, violations endangering the health or welfare of others, or eluding or giving false information to a law enforcement officer;

(3) A person shall not be placed in confinement for failure to pay a fine unless such nonpayment violates terms of probation or unless the due process procedures mandated by Missouri supreme court rule 37.65 or its successor rule are strictly followed by the court;

(4) Court costs that apply shall be assessed against the defendant unless the court finds that the defendant is indigent based on standards set forth in determining such by the presiding judge of the circuit. Such standards shall reflect model rules and requirements to be developed by the supreme court; and

(5) No court costs shall be assessed if the defendant is found to be indigent under subdivision (4) of this section or if the case is dismissed.

2. When an individual has been held in custody on a notice to show cause warrant for an underlying minor traffic violation, the court, on its own motion or on the motion of any interested party, may review the original fine and sentence and waive or reduce such fine or sentence when the court finds it reasonable given the circumstances of the case.

479.354. For any notice to appear in court, citation, or summons on a minor traffic violation, the date and time the defendant is to appear in court shall be given when such notice to appear in court, citation, or summons is first provided to the defendant. Failure to provide such date and time shall render such notice to appear in court, citation, or summons void."; and

Speaker Pro Tem Haahr declared the bill passed.

HCS SB 30, relating to authorized powers of political subdivisions, was taken up by Representative Fitzpatrick.

Representative Ruth offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 30, Page 1, Section A, Line 2, by inserting immediately after said section and line the following:

"68.075. 1. This section shall be known and may be cited as the "Advanced Industrial Manufacturing Zones Act".

2. As used in this section, the following terms shall mean:

(1) "AIM zone", an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;

(2) "**County average wage**", the average wages in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;

(3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the [state] county average wage.

3. Any port authority located in this state may establish an AIM zone. Such zone may only include the area within the port authority's jurisdiction, **ownership, or control**, and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority's jurisdiction **or under the port authority's ownership or control, and may be expanded or contracted by resolution of the port authority board of commissioners**.

4. Fifty percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within such zone after development or redevelopment has commenced shall not be remitted to the general **revenue** fund of the state of Missouri. Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.

5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all

debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"266.600. No political subdivision shall adopt or enforce any ordinance, rule, or regulation relating to the labeling, cultivation, or other use of seed, fertilizers, or soil conditioners as such terms are defined or used in sections 266.021, 266.291, and 266.361, respectively. The provisions of this section shall not apply to any ordinance, rule, or regulation enacted prior to August 28, 2017."; and

(12) Any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants and with a county seat with more than two thousand one hundred but fewer than two thousand four hundred inhabitants.

2. The governing body of any county described in subsection 1 of this section may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of rubbish and trash, lumber, bricks, tin, steel, parts of derelict motorcycles, derelict cars, derelict trucks, derelict construction equipment, derelict appliances, broken furniture, or overgrown or noxious weeds in residential subdivisions or districts which may endanger public safety or which is unhealthy or unsafe and declared to be a public nuisance.

3. Any ordinance enacted pursuant to this section shall:

(1) Set forth those conditions which constitute a nuisance and which are detrimental to the health, safety, or welfare of the residents of the county;

(2) Provide for duties of inspectors with regard to those conditions which may be declared a nuisance, and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such property;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the nuisance is to be abated, listing a reasonable time for commencement, and may provide that such notice be served either by personal service or by certified mail, return receipt requested, but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the property as shown by the land records of the recorder of deeds of the county wherein the property is located shall be made parties;

(4) Provide that upon failure to commence work of abating the nuisance within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter before the county commission, giving the affected parties at least ten days' written notice of the hearing. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property until paid.

5. Nothing in this section authorizes any county to enact nuisance abatement ordinances that provide for the abatement of any condition relating to agricultural structures or agricultural operations, including but not limited to the raising of livestock or row crops.

2. The ballot of submission shall contain, but need not be limited to, the following language:
Shall the county of (county's name) impose a countywide sales tax of (insert amount) and reduce its total property tax levy annually by (insert amount) percent of the total amount of sales tax revenue collected in the same tax year?

☐ YES

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the sales tax and reduce the property tax as herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax and reduce the property tax under the provisions of sections 67.500 to 67.545 and such proposal is approved by a majority of the qualified voters voting thereon.

3. The sales tax may be imposed at a rate of one-fourth of one percent, three-eighths of one percent or one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. Each year in which a sales tax is imposed under the provisions of sections 67.500 to 67.545, the county shall, after determining its budget, excluding funds required to be set aside and placed to the credit of special road districts, within the limits set by the constitution and laws of this state for the following calendar year and the total property tax levy needed to raise the revenues required by such budget, reduce that total property tax levy in an amount sufficient to decrease the total property taxes it will collect by an amount equal to one of the following:

4. No county in this state shall impose a tax under this section for the purpose of funding in whole or in part the construction, operation, or maintenance of any zoological activities, zoological facilities, zoological organizations, the metropolitan zoological park and museum district as created under section 184.350, or any zoological boards.

(2) One dollar and seventy-five cents to the county general revenue fund; and

(3) ~~[Two]~~ **Three** dollars to the fund established in subsection 2 of this section.

2. **(1)** There is hereby established a revolving fund known as the "Statutory County Recorder's Fund", which shall receive funds paid to the recorders of deeds of the counties of this state pursuant to subdivision (3) of subsection 1 of this section. The director of the department of revenue shall be custodian of the fund and shall make disbursements from the fund for the purpose of subsidizing the fees collected by counties that hereafter elect or have heretofore elected to separate the offices of clerk of the circuit court and recorder. If the fund balance is greater than the annual average disbursement of the previous three years, then up to thirty-three percent of such excess may be used to meet the obligation. If this amount is insufficient or unavailable, the director of the department of revenue shall set a new requisite amount to determine a qualified county under subdivision (1) of this subsection other than fifty-five thousand dollars, which reflects the revenue collected under subdivision (3) of subsection 1 of this section plus an additional thirty-three percent should the balance exist in the statutory recorder's fund."; and

In providing such services, the board of directors may contract with any person to provide services relating, in whole or in part, to the services which the board itself may provide under this section, and for such purpose may expend the tax proceeds derived from the tax authorized by section 67.990.

4. 3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any ~~[transportation development district]~~ **political subdivision** that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

~~[9]~~ 10. The state auditor shall report any violation of subsection ~~[8]~~ 9 of this section to the department of revenue. Upon notification from the state auditor's office that a ~~[transportation development district]~~ **political subdivision** failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such ~~[district]~~ **political subdivision** by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the ~~[district]~~ **political subdivision**;

(3) That the fine will be enforced and collected as provided under subsection ~~[40]~~ **11** of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the ~~[district]~~ **political subdivision** to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection ~~[40]~~ **11** of this section.

~~[40]~~ **11.** The department of revenue may collect the fine authorized under the provisions of subsection ~~[8]~~ **9** of this section by offsetting any sales or use tax distributions due to the ~~[district]~~ **political subdivision**. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

~~[44]~~ **12.** Any transportation development district organized under sections 238.200 to 238.275 having gross revenues of less than five thousand dollars in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section."; and

Notwithstanding any other law to the contrary, in a nonpartisan election in any political subdivision or special district including municipal elections in any city, town, or village with ~~[one]~~ **two** thousand or fewer inhabitants that have adopted a proposal pursuant to subsection 3 of this section but excluding municipal elections in any city, town, or village with more than ~~[one]~~ **two** thousand inhabitants, if the notice provided for in subsection 5 of section 115.127 has been published in at least one newspaper of general circulation as defined in section 493.050 in the district, and ~~[if the number of candidates who have filed for a particular office is equal to the number of positions in that office to be filled by the election, no election shall be held for such office]~~ **if the number of candidates for each office in a particular political subdivision, special district, or municipality is equal to the number of positions for each office within the political subdivision, special district, or municipality to be filled by the election and no ballot measure is placed on the ballot such that a particular political subdivision will owe no proportional election costs if an election is not held, then no election shall be held**, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they had been elected. If no election is held for ~~[such office]~~ **a particular political subdivision, special district, or municipality** as provided in this section, the election authority shall publish a notice containing the names of the candidates that shall assume the responsibilities of office under this section. Such notice shall be published in at least one newspaper of general circulation as defined in section 493.050 in such political subdivision or district by the first of the month in which the election would have occurred, had it been contested. Notwithstanding any other provision of law to the contrary, if at any election the number of candidates filing for a particular office exceeds the number of positions to be filled at such election, the election authority shall hold the election as scheduled, even if a sufficient number of candidates withdraw from such contest for that office so that the number of candidates remaining after the filing deadline is equal to the number of positions to be filled.

2. The election authority or political subdivision responsible for the oversight of the filing of candidates in any nonpartisan election in any political subdivision or special district shall clearly designate where candidates shall form a line to effectuate such filings and determine the order of such filings; except that, in the case of candidates who file a declaration of candidacy with the election authority or political subdivision prior to 5:00 p.m. on the first day for filing, the election authority or political subdivision may determine by random drawing the order in which such candidates' names shall appear on the ballot. If a drawing is conducted pursuant to this subsection, it shall be conducted so that each candidate, or candidate's representative if the candidate filed under subsection 2 of section 115.355, may draw a number at random at the time of filing. If such drawing is conducted, the election authority or political subdivision shall record the number drawn with the candidate's declaration of candidacy. 3. The governing body of any city, town, or village with ~~[one]~~ **two** thousand or fewer inhabitants may submit to the voters at any available election, a question to adopt the provisions of subsection 1 of this section for municipal elections. 2. As used in this section, the following terms shall mean:

(1) "AIM zone", an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;

(2) **"County average wage", the average wages in each county as determined by the Missouri department of economic development for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;**

(3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. 5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.

7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023."; and

The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. ~~[Directors shall serve a four-year term]~~ **At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term.** Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In

addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five. ~~[Each voter may vote for two candidates for at-large director and the two receiving the largest number of votes cast shall be elected.]~~

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. 5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Swan offered **House Amendment No. 5**.

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 114, Page 20, Section 140.100, Line 12, by inserting immediately after said lines the following:

"160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced price lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced price lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

If a charter school declares itself as a local educational agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. 13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

163.018. 1. Notwithstanding the definition of "average daily attendance" in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced price lunch and attend an early childhood education program:

2. (1) For any district that has been declared unaccredited by the state board of education and remains unaccredited as of July 1, 2015, and for any charter school located in said district, the provisions of subsection 1 of this section shall become applicable during the 2015-16 school year.

Representative Rhoads offered **House Amendment No. 6.**

House Amendment No. 6

AMEND House Committee Substitute for Senate Bill No. 114, Page 3, Section 50.1190, Lines 1-9, by removing all of said section and lines; and

Further amend said bill, Page 4, Section 52.290, Line 27, by inserting immediately after all of said section and line the following:

"59.800. 1. Beginning on July 1, 2001, notwithstanding any other condition precedent required by law to the recording of any instrument specified in subdivisions (1) and (2) of **subsection 1** of section 59.330, an additional fee of ~~[five]~~ **six** dollars shall be charged and collected by every recorder of deeds in this state on each instrument recorded. The additional fee shall be distributed as follows:

(1) One dollar and twenty-five cents to the recorder's fund established pursuant to subsection 1 of section 59.319, provided, however, that all funds received pursuant to this section shall be used exclusively for the purchase, installation, upgrade and maintenance of modern technology necessary to operate the recorder's office in an efficient manner;

(2) One dollar and seventy-five cents to the county general revenue fund; and

(3) ~~[Two]~~ **Three** dollars to the fund established in subsection 2 of this section.

2. **(1)** There is hereby established a revolving fund known as the "Statutory County Recorder's Fund", which shall receive funds paid to the recorders of deeds of the counties of this state pursuant to subdivision (3) of subsection 1 of this section. The director of the department of revenue shall be custodian of the fund and shall make disbursements from the fund for the purpose of subsidizing the fees collected by counties that hereafter elect or have heretofore elected to separate the offices of clerk of the circuit court and recorder. The subsidy shall consist of the total amount of moneys collected pursuant to subdivisions (1) and (2) of subsection 1 of this section subtracted from fifty-five thousand dollars, **except if the annual average of funds collected under subsection 1 over the previous three-year period is insufficient to meet all obligations calculated in this subdivision and in which case the provisions of subdivision (2) of this subsection shall apply.** The moneys paid to qualifying counties pursuant to this subsection shall be deposited in the county general revenue fund. For purposes of this section a "qualified county" is a county that hereafter elects or has heretofore elected to separate the offices of clerk of the circuit court and recorder and in which the office of the recorder of deeds collects less than fifty-five thousand dollars in fees pursuant to subdivisions (1) and (2) of subsection 1 of this section, on an annual basis. Moneys in the statutory county recorder's fund shall not be considered state funds and shall be deemed nonstate funds.

(2) If funds collected under subdivision (3) of subsection 1 of this section are insufficient to meet obligations set out in subsection 1 of this section, the department of revenue shall calculate the projected

shortfall that would otherwise be incurred using the formula set out above. If the fund balance is greater than the annual average disbursement of the previous three years, then up to thirty-three percent of such excess may be used to meet the obligation. If this amount is insufficient or unavailable, the director of the department of revenue shall set a new requisite amount to determine a qualified county under subdivision (1) of this subsection other than fifty-five thousand dollars, which reflects the revenue collected under subdivision (3) of subsection 1 of this section plus an additional thirty-three percent should the balance exist in the statutory recorder's fund."; and

Further amend said bill, Pages 18 and 19, Section 137.280, Lines 49-56, by deleting all of said lines and inserting in lieu thereof the following:

"4. If annual waivers exceed forty percent then by February first of each year the assessor shall transmit to the county employees' retirement fund an electronic or paper copy of the log maintained under subsection 3 of section 50.1020 for the prior calendar year."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Rhoads, **House Amendment No. 6** was adopted.

Representative McGaugh offered **House Amendment No. 7**.

Such report and other statistical reports shall be made available to state and local law enforcement agencies and the general public through an electronic or manual medium;

(5) Maintain the privacy and security of information in accordance with applicable state and federal laws, regulations and orders; and

(6) Establish such rules and regulations as are necessary for implementing the provisions of this section.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

3. Every law enforcement agency in the state shall:

~~3.]~~ The sheriff receiving any charge pursuant to subsection 1 of this section shall reimburse the sheriff of any other county or the City of St. Louis the sum of three dollars for each pleading, writ, summons, order of court or other document served in connection with the case or proceeding by the sheriff of the other county or city, and return made thereof, to the maximum amount of the total charge received pursuant to subsection 1 of this section.

~~[4.]~~ 3. The charges provided in subsection 1 of this section shall be taxed as other costs in criminal proceedings immediately upon a plea of guilty or a finding of guilt of any defendant in any criminal procedure. The fund shall be administered by the peace officers standards and training commission established in section 590.120. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the operational support and expansion of the MODEX system.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

Any information in MODEX may be shared with any other law enforcement agency, division, or department of the state of Missouri, or other entity approved by the peace officer standards and training commission, for the purpose of anti-fraud efforts.

513.653. 1. Law enforcement agencies involved in using the federal forfeiture system under federal law shall file a report regarding federal seizures and the proceeds therefrom. Such report shall be filed annually by ~~[January thirty-first]~~ **February fifteenth** for the previous calendar year with the ~~[department of public safety and the]~~ state auditor's office. The report for the calendar year shall ~~[include the type and value of items seized and turned over to the federal forfeiture system, the beginning balance as of January first of federal forfeiture funds or assets previously received and not expended or used, the proceeds received from the federal government (the equitable sharing amount), the expenditures resulting from the proceeds received, and the ending balance as of December thirty-first of federal forfeiture funds or assets on hand. JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, THURSDAY, MAY 11, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Whatsoever ye would that men should do to you, do ye even so to them. (Matthew 7:12)

Almighty God, who is the light and life of those who with true faith and sincere repentance turn to, have mercy upon us as we bow in this chamber of prayer. Pardon and deliver us from all our sins, confirm and strengthen us in all goodness, and bring new life to us as we wait upon You.

With us is a deep weariness of body and within us is a disturbing unrest of spirit. We wonder what can be done, when we can do it, and who will help us do what ought to be done. Grant unto us the realization that with You all things are possible and that we can be equal to every experience through the strength of Your spirit living in our hearts.

Make us the kind of persons who can be trusted with Your design for our citizens, with Your determination for peace in our State, and with Your desire for joy in the hearts of all people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Grace Ann Bernskoetter and Seth Fullerton.

The Journal of the seventy-first day was approved as printed.

"59.800. 1. Beginning on July 1, 2001, notwithstanding any other condition precedent required by law to the recording of any instrument specified in subdivisions (1) and (2) of **subsection 1** of section 59.330, an additional fee of ~~[five]~~ **six** dollars shall be charged and collected by every recorder of deeds in this state on each instrument recorded. The additional fee shall be distributed as follows:

(1) One dollar and twenty-five cents to the recorder's fund established pursuant to subsection 1 of section 59.319, provided, however, that all funds received pursuant to this section shall be used exclusively for the purchase, installation, upgrade and maintenance of modern technology necessary to operate the recorder's office in an efficient manner;

(2) One dollar and seventy-five cents to the county general revenue fund; and

(3) ~~Two~~ **Three** dollars to the fund established in subsection 2 of this section.

2. (1) There is hereby established a revolving fund known as the "Statutory County Recorder's Fund", which shall receive funds paid to the recorders of deeds of the counties of this state pursuant to subdivision (3) of subsection 1 of this section. The director of the department of revenue shall be custodian of the fund and shall make disbursements from the fund for the purpose of subsidizing the fees collected by counties that hereafter elect or have heretofore elected to separate the offices of clerk of the circuit court and recorder. The subsidy shall consist of the total amount of moneys collected pursuant to subdivisions (1) and (2) of subsection 1 of this section subtracted from fifty-five thousand dollars, **except if the annual average of funds collected under subsection 1 over the previous three-year period is insufficient to meet all obligations calculated in this subdivision and in which case the provisions of subdivision (2) of this subsection shall apply.** The moneys paid to qualifying counties pursuant to this subsection shall be deposited in the county general revenue fund. For purposes of this section a "qualified county" is a county that hereafter elects or has heretofore elected to separate the offices of clerk of the circuit court and recorder and in which the office of the recorder of deeds collects less than fifty-five thousand dollars in fees pursuant to subdivisions (1) and (2) of subsection 1 of this section, on an annual basis. Moneys in the statutory county recorder's fund shall not be considered state funds and shall be deemed nonstate funds.

(2) **If funds collected under subdivision (3) of subsection 1 of this section are insufficient to meet obligations set out in subsection 1 of this section, the department of revenue shall calculate the projected shortfall that would otherwise be incurred using the formula set out above. If the fund balance is greater than the annual average disbursement of the previous three years, then up to thirty-three percent of such excess may be used to meet the obligation. If this amount is insufficient or unavailable, the director of the department of revenue shall set a new requisite amount to determine a qualified county under subdivision (1) of this subsection other than fifty-five thousand dollars, which reflects the revenue collected under subdivision (3) of subsection 1 of this section plus an additional thirty-three percent should the balance exist in the statutory recorder's fund.**"; and

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 478, Pages 1 to 4, Section 161.670, Lines 1 to 95, by removing all of said section and lines from the bill and inserting in lieu thereof the following:

"161.670. 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish ~~[a virtual public school]~~ the "**Missouri Course Access and Virtual School Program**" to serve school-age students residing in the state. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall offer instruction in a virtual setting using technology, intranet, and/or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the ~~[virtual public school regardless of the student's physical location]~~ **Missouri course access and virtual school program under to subsection 3 of this section**.

2. For purposes of calculation and distribution of state school aid, students enrolled in ~~[a virtual public school]~~ the **Missouri course access and virtual school program** shall be included ~~[, at the choice of the student's parent or guardian,]~~ in the student enrollment of the school district in which the student physically ~~[resides]~~ **is enrolled under subsection 3 of this section**. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall report to the district of residence the following information about each student served by the ~~[virtual public school]~~ **Missouri course access and virtual school program**: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who successfully has completed the instructional equivalent of six credits per regular term. Each ~~[virtual]~~ **Missouri course access program** course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

3. ~~[When a school district has one or more resident students enrolled in a virtual public school program authorized by this section, whose parent or guardian has chosen to include such student in the district's enrollment, the department of elementary and secondary education shall disburse an amount corresponding to fifteen percent of the state aid under sections 163.031 and 163.043 attributable to such student to the resident district. Subject to an annual appropriation by the general assembly, the department shall disburse an amount corresponding to eighty five percent of the state adequacy target attributable to such student to the virtual public school.~~

4.] (1) A school district or charter school shall allow any eligible student who resides in such district to enroll in Missouri course access program courses of his or her choice as a part of the student's annual course load each school year or a full-time virtual school option, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in and has attended, for at least one semester immediately prior to enrolling in the Missouri course access program, a public school, including any public charter school; and

(b) Prior to enrolling in any Missouri course access program course, a student has received approval from his or her school principal through the procedure described under subdivision (2) of this subsection.

(2) School districts and charter schools, through the school principal and in cooperation with the school's counselor or a person designated by the district or charter school, shall approve or disapprove a student's request to enroll in a Missouri course access program course or full-time virtual school. The school

counselor or a person designated by the district or charter school shall advise any student who requests to enroll in a Missouri course access program course or a full-time virtual school and submit a recommendation to the school principal for final approval. The advice of the school counselor or the person designated by the district or charter school shall be based on his or her assessment of whether participation in the program and enrollment in a particular course are in the student's best interest and shall be done in consultation with the student's parent or legal guardian. Each school district and charter school shall develop a procedure under which a student may appeal the decision made under the provisions of this subdivision. In cases of denial of a request, the school district or charter school shall inform students and parents of the reason for denial and inform them of their right to appeal any enrollment denials in state course access program courses or full-time virtual school to the department of elementary and secondary education, which shall provide a final enrollment decision within seven calendar days. The state board of education shall establish guidelines governing the appeals process.

(3) For students enrolled in any Missouri course access program course in which costs associated with such course are to be paid by the school district or charter school as described under subdivision (1) of this subsection, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course. Payment for a full-time virtual school student shall not exceed the state adequacy target, unless the student receives additional federal or state aid. Nothing in this subdivision shall prohibit a school district or charter school from negotiating lower costs directly with course or full-time virtual school providers, particularly in cases where several students enroll in a single course or full-time virtual school.

(4) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(5) The Missouri course access program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(6) Providers shall monitor student success and engagement of students enrolled in their program and report the information to the school district or charter school. Providers may make recommendations to the school district or charter school regarding the student's continued enrollment in the program. The school district or charter school shall consider recommendations from providers and monitor the progress and success of enrolled students that are enrolled in any course or full-time virtual school offered under this section and may terminate or alter the course offering if it is found the course or full-time virtual school is not meeting the educational needs of the students enrolled in the course.

(7) School districts and charter schools shall monitor student progress and success, and course or full-time virtual school quality, and annually provide feedback to the department of elementary and secondary education regarding course quality.

(8) Pursuant to rules to be adopted by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access program shall be accepted by the school district or charter school.

(9) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access program courses under an agreement that includes terms for paying tuition or course fees.

(10) Nothing in this subsection shall require any school district, charter school, or the state to provide computers, equipment, or internet access to any student unless required by an eligible student with a disability to comply with federal law.

(11) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(12) Courses approved as of January 1, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the state course access and virtual school program, but shall be subject to periodic renewal.

4. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

5. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the timeline established by the department, authorize course or full-time virtual school providers that submit all necessary information pursuant to the requirements of the process;

(3) Review, pursuant to the authorization process, proposals from providers to provide individual courses or a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align with state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level; and

(4) Within thirty days of any denial, provide a written explanation to any course providers or full-time virtual school providers that are denied authorization.

6. If a course or full-time virtual school provider is denied authorization, the course provider may reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the ~~[virtual public school]~~ Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), ~~[adequate yearly progress (AYP)]~~ annual performance report (APR), teacher certification, and curriculum standards.

~~[5-]~~ 10. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

~~[6-]~~ 11. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void."; and

Further amend said bill, Pages 6 and 7, Section 167.121, Lines 1 to 42, by removing all of said section from the bill and inserting in lieu thereof the following:

"167.121. ~~[4-]~~ If the residence of a pupil is so located that attendance in the district of residence constitutes an unusual or unreasonable transportation hardship because of natural barriers, travel time, or distance, the commissioner of education or his designee may assign the pupil to another district. Subject to the provisions of this section, all existing assignments shall be reviewed prior to July 1, 1984, and from time to time thereafter, and may be continued or rescinded. The board of education of the district in which the pupil lives shall pay the tuition of the pupil assigned. The tuition shall not exceed the pro rata cost of instruction.

~~[2. (1) For the school year beginning July 1, 2008, and each succeeding school year, a parent or guardian residing in a lapsed public school district or a district that has scored either unaccredited or provisionally accredited, or a combination thereof, on two consecutive annual performance reports may enroll the parent's or guardian's child in the Missouri virtual school created in section 161.670 provided the pupil first enrolls in the school district of residence. The school district of residence shall include the pupil's enrollment in the virtual school created in section 161.670 in determining the district's average daily attendance. Full-time enrollment in the virtual school shall constitute one average daily attendance equivalent in the school district of residence. Average daily attendance for part-time enrollment in the virtual school shall be calculated as a percentage of the total number of virtual courses enrolled in divided by the number of courses required for full-time attendance in the school district of residence.~~

~~—————(2) A pupil's residence, for purposes of this section, means residency established under section 167.020. Except for students residing in a K-8 district attending high school in a district under section 167.131, the board of the home district shall pay to the virtual school the amount required under section 161.670.~~

~~—————(3) Nothing in this section shall require any school district or the state to provide computers, equipment, internet or other access, supplies, materials or funding, except as provided in this section, as may be deemed necessary for a pupil to participate in the virtual school created in section 161.670.~~

In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements of public moneys in accordance with distribution requirements and procedures developed by the department of elementary and secondary education. House Amendment No. 1

AMEND Senate Substitute for Senate Bill No. 124, Page 1, In the Title, Line 3, by deleting all of said line and inserting in lieu thereof the following:

"to regulatory authority."; and

Further amend said bill, Page 2, Section 1.100, Line 26, by inserting immediately after all of said section and line the following:

"393.355. 1. As used in this section, the following terms shall mean:

(1) "Aluminum smelting facility", a facility whose primary industry is the smelting of aluminum and primary metals, Standard Industrial Classification Code 3334, is located in a county of the third classification, and has had electrical service provided to said facility in the past, in part or whole, by a municipally-owned utility and, in part or whole, by an electric generating cooperative owned by rural electric cooperatives;

(2) "Electrical corporation", as defined in section 386.020, but shall not include an electrical corporation as defined and set forth in subsection 2 of section 393.110;

(3) "Steel works facility", a facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110, and is located in a county of the third classification.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate that is not based on the electrical corporation's cost of service for an aluminum smelting facility or a steel works facility if the commission:

(1) Determines the special rate is in the interest of the state of Missouri when considering the collective interests of the customers of the electrical corporation serving the facility and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) In each general rate proceeding of the electrical corporation serving the facility, allocates the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) Approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to an aluminum smelting facility or steel works facility in the manner specified in subsection 4 of this section shall establish a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to the effective date of this section. The commission shall ensure that the changes in net margin experienced by the electrical corporation are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. An electrical corporation is authorized to provide electric service to an aluminum smelting facility or steel works facility at a special rate authorized by this section in one of two ways, as follows:

(1) Under a rate schedule reflecting the special rate if the facility is located within the electrical corporation's certificated service territory; or

(2) Notwithstanding section 393.170, under a contract reflecting the special rate approved by the commission under the terms and conditions of this section.

In any case where the electric service is provided under contract referenced in subdivision (2) of this subsection, the facility shall be a commission-regulated retail electric customer of the electrical corporation and the rates, charges, and revenues under the contract shall, for ratemaking purposes, be treated by the commission as if the rates, charges, and revenues arise under the electrical corporation's tariff.

5. To receive a special rate, the facility shall file a written application with the commission specifying the requested special rate, any terms or conditions proposed by the facility respecting the requested special rate, and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall not continue beyond December 31, 2027. The commission may impose such conditions on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

393.356. Electrical corporations may file proposed rate or regulatory mechanisms or plans with the commission for the commission's approval. If such a mechanism or plan is approved by the commission as filed or is approved by the commission with modifications acceptable to the electrical corporation, or if the commission approves a special rate under section 393.355, the commission shall lack the authority to modify or eliminate any such mechanism, plan, or special rate during the specified term.

393.1410. 1. It shall be the policy of the state of Missouri for the commission to support expenditures by electrical corporations that maintain or improve the reliability, safety, security, or automation of electric infrastructure, including through the use of the latest technologies to meet the needs and expectations of customers. It shall also be the policy of the state of Missouri for the commission to approve rates designed to allow electrical corporations to recover their full cost of service and provide a reasonable opportunity to earn a fair return.

2. The commission may utilize rate adjustment mechanisms not otherwise specifically authorized by statute including, but not limited to, mechanisms to promote modernization and replacement of an electrical corporation's infrastructure. The commission may also use partially forecasted test years, true-ups of retail revenue requirement components, tracking mechanisms, grid modernization incentive mechanisms, interim rates, performance-based ratemaking, revenue decoupling with regular adjustments, or decisional pre-approval

with post construction review of construction projects. To the extent the commission's approval of a rate adjustment mechanism or other mechanism provided for by this section specifies a term over which the approval is to continue, the commission shall lack the authority to modify or eliminate the electrical corporation's use of the mechanism or tool during the specified term."; and

Notwithstanding any provision of chapter 476 to the contrary, each person who first becomes a judge on or after January 1, 2011, and continues to be a judge may receive benefits as provided in sections ~~[476.445 to 476.688]~~ **476.450 to 476.690** subject to the provisions of this section. **However, any person who filed as a candidate in 2010 to become a judge, was ultimately elected in 2010 and became a judge in 2011 as a result of such election, was eligible in 2010 to receive a future annuity under section 104.1084, and is a judge on the effective date of this section, shall not be subject to the provisions of this section.**

2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Interest credits shall cease upon retirement of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.”; and

Further amend the title and enacting clause accordingly.

Emergency clause adopted.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SS SCS HCS HB 115** entitled:

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-THIRD DAY, FRIDAY, MAY 12, 2017

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

With my whole heart have I sought Thee: let me not wander from Thy commandments. (Psalm 119:10)

Blessed Lord Our God, who turns the shadow of the night into the light of day and gives to us the glory of another day, we lift our hearts unto You in gratitude and thanksgiving at the beginning of this last day of session.

O God, who is the loving creator of all people, make Your presence known to us through the final hours of this day. Merge our moods and our motives into Your own mold that honesty, integrity, and uprightness shall mark all our endeavors. Grant unto us the peace of those who put their trust in You, the strength of those who obey Your commandments, and the love of those who walk in Your way.

While there may be dissent, let there not be dissension; while there may be differences of opinion, may there not be differences in relationships, and while there might be disagreements, let them not develop divisions among us.

Out of the tensions of this day may there come into being a unity of spirit which will strengthen our efforts for legislation with justice, legislation with honor, and legislation with common sense for all Missourians.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Daphne Wehmeir, Sophie McKinney, Bennett Gatlin, Hunter Hummell and Megan Elam.

The Journal of the seventy-second day was approved as printed.

Speaker Richardson declared the bill passed.

HCS SB 326, relating to business organizations, was taken up by Representative McCaherty.

Representative Lauer offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 326, Page 1, Section A, Line 4, by inserting after said section and line:

"285.700. 1. Sections 285.700 to 285.750 shall be known and may be cited as the "Professional Employer Organization Act".

2. The secretary of state or any person designated by the secretary of state may enforce the provisions of sections 285.700 to 285.750.

285.705. As used in sections 285.700 to 285.750, the following terms mean:

- (1) "Client", any person who enters into a professional employer agreement with a PEO;**
- (2) "Coemployer", either a PEO or a client;**
- (3) "Coemployment relationship", a relationship that is intended to be an ongoing relationship rather than a temporary or project-specific relationship, wherein the rights, duties, and obligations of an employer that arise out of an employment relationship have been allocated between coemployers pursuant to a professional employer agreement and sections 285.700 to 285.750. In such a coemployment relationship:**
 - (a) The PEO is entitled to enforce only such employer rights and is subject to only those obligations specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;**
 - (b) The client is entitled to enforce those rights and obligated to provide and perform those employer obligations allocated to such client by the professional employer agreement and sections 285.700 to 285.750; and**
 - (c) The client is entitled to enforce any right and obligated to perform any obligation of an employer not specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;**
- (4) "Covered employee", an individual having a coemployment relationship with a PEO and a client who meets the following criteria:**
 - (a) The individual has received written notice of coemployment with the PEO; and**

(b) The individual's coemployment relationship is pursuant to a professional employer agreement subject to sections 285.700 to 285.750.

Individuals who are officers, directors, shareholders, partners, and managers of the client will be covered employees, except to the extent the PEO and the client have expressly agreed in the professional employer agreement that such individuals would not be covered employees, provided such individuals meet the criteria of this subdivision and act as operational managers or perform day-to-day operational services for the client;

(5) "PEO group", any two or more PEOs that are majority owned or commonly controlled by the same entity, parent, or controlling person;

(6) "Person", any individual, partnership, corporation, limited liability company, association, or any other form of legally recognized entity;

(7) "Professional employer agreement", a written contract by and between a client and a PEO that provides:

(a) For the coemployment of covered employees;

(b) For the allocation of employer rights and obligations between the client and the PEO with respect to the covered employees; and

(c) That the PEO and the client assume the responsibilities required under sections 285.700 to 285.750;

(8) "Professional employer organization" or "PEO", any person engaged in the business of providing professional employer services. A person engaged in the business of providing professional employer services shall be subject to registration and regulation under sections 285.700 to 285.750 regardless of its use of the term or conducting business as a professional employer organization, PEO, staff leasing company, registered staff leasing company, employee leasing company, administrative employer, or any other name. The following shall not be deemed to be professional employer organizations or the providing of professional employment services for the purposes of sections 285.700 to 285.750:

(a) Arrangements wherein a person, whose principal business activity is not entering into professional employer arrangements and does not hold itself out as a PEO, shares employees with a commonly owned company within the meaning of Section 414(b) and (c) of the Internal Revenue Code of 1986, as amended;

(b) Independent contractor arrangements by which a person assumes responsibility for the product produced or service performed by such person or his or her agents and retains and exercises primary direction and control over the work performed by the individuals whose services are supplied under such arrangements; and

(c) Providing temporary help services;

(9) "Professional employer services", the service of entering into coemployment relationships under sections 285.700 to 285.750 in which all or a majority of the employees providing services to a client or to a division or work unit of a client are covered employees;

(10) "Registrant", a PEO registered under sections 285.700 to 285.750;

(11) "Temporary help services", services consisting of a person:

(a) Recruiting and hiring its own employees;

(b) Finding other organizations that need the services of those employees;

(c) Assigning those employees to perform work at or services for the other organizations to support or supplement the other organizations' workforces, or to provide assistance in special work situations including, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects; and

(d) Customarily attempting to reassign the employees to other organizations when they finish each assignment.

285.710. 1. Nothing contained in sections 285.700 to 285.750 or in any professional employer agreement shall affect, modify, or amend any collective bargaining agreement or the rights or obligations of any client, PEO, or covered employee under the federal National Labor Relations Act, the federal Railway Labor Act, or sections 105.500 to 105.530.

2. Nothing in sections 285.700 to 285.750 or in any professional employer agreement shall:

(1) Diminish, abolish, or remove rights of covered employees to a client or obligations of such client to a covered employee existing prior to the effective date of the professional employer agreement;

(2) Affect, modify, or amend any contractual relationship or restrictive covenant between a covered employee and any client in effect at the time a professional employer agreement becomes effective. A professional employer agreement shall also not prohibit or amend any contractual relationship or restrictive covenant that is entered into subsequently between a client or a covered employee. A PEO shall have no responsibility or liability in connection with, or arising out of, any such existing or new contractual relationship or restrictive covenant unless the PEO has specifically agreed otherwise in writing; or

(3) Create any new or additional enforceable right of a covered employee against a PEO that is not specifically provided by the professional employer agreement or sections 285.700 to 285.750.

3. Nothing contained in sections 285.700 to 285.750 or any professional employer agreement shall affect, modify, or amend any state, local, or federal licensing, registration, or certification requirement applicable to any client or covered employee.

4. A covered employee who shall be licensed, registered, or certified according to law or regulation is deemed solely an employee of the client for purposes of any such license, registration, or certification requirement.

5. A PEO shall not be deemed to engage in any occupation, trade, profession, or other activity that is subject to licensing, registration, or certification requirements, or is otherwise regulated by a governmental entity solely by entering into and maintaining a coemployment relationship with a covered employee who is subject to such requirements or regulation.

6. A client shall have the sole right of direction and control of the professional or licensed activities of covered employees and of the client's business. Such covered employees and clients shall remain subject to regulation by the regulatory or governmental entity responsible for licensing, registration, or certification of such covered employees or clients.

7. For purposes of determination of tax credits, economic incentives, or other benefits provided by this state or other government entity and based on employment, covered employees shall be deemed employees solely of the client. A client shall be entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of covered employees of such client. Notwithstanding that the PEO is the W-2 reporting employer, the client shall continue to qualify for such benefit, incentive, or credit. If the grant or amount of any such benefit, incentive, or credit is based on the number of employees, then each client shall be treated as employing only those covered employees coemployed by the client. Covered employees working for other clients of the PEO shall not be counted. Each PEO shall provide, upon request by a client or an agency or department of this state, employment information reasonably required by any agency or department of this state responsible for administration of any such tax credit, economic incentive, or other benefit that is necessary to support any request, claim, application, or other action by a client seeking any such tax credit, economic incentive, or other benefit.

8. With respect to a bid, contract, purchase order, or agreement entered into with the state or a political subdivision of the state, a client company's status or certification as a minority business enterprise or a women's business enterprise, as those terms are defined in section 37.020, shall not be affected because the client company has entered into an agreement with a PEO or uses the services of a PEO.

285.715. 1. Except as otherwise provided in sections 285.700 to 285.750, no person shall provide, advertise, or otherwise hold itself out as providing professional employer services in this state, unless such person is registered under sections 285.700 to 285.750.

2. Each applicant for registration under sections 285.700 to 285.750 shall provide the secretary of state with the following information:

- (1) The name or names under which the PEO conducts business;
- (2) The address of the principal place of business of the PEO and the address of each office it maintains in the state;
- (3) The PEO's taxpayer or employer identification number;
- (4) A list by jurisdiction of each name under which the PEO has operated in the preceding five years, including any alternative names, names of predecessors, and, if known, successor business entities;
- (5) A statement of ownership, which shall include the name and evidence of the business experience of any person that, individually or acting in concert with one or more other persons, owns or controls, directly or indirectly, twenty-five percent or more of the equity interests of the PEO;

(6) A statement of management, which shall include the name and evidence of the business experience of any person who serves as president, chief executive officer, or otherwise has the authority to act as senior executive officer of the PEO; and

(7) A financial statement setting forth the financial condition of the PEO or PEO group. At the time of application for a new license, the applicant shall submit the most recent audit of the applicant, which shall not be older than thirteen months. Thereafter, a PEO or PEO group shall file on an annual basis, within one hundred eighty days after the end of the PEO's or PEO group's fiscal year, a succeeding audit. An applicant may apply for an extension with the secretary of state, but any such request shall be accompanied by a letter from the auditors stating the reasons for the delay and the anticipated audit completion date. The financial statement shall be prepared in accordance with generally accepted accounting principles and audited by an independent certified public accountant licensed to practice in the jurisdiction in which such accountant is located and shall be without qualification as to the going concern status of the PEO. A PEO or PEO group may submit combined or consolidated audited financial statements to meet the requirements of this section. A PEO that has not had sufficient operating history to have audited financials based upon at least twelve months of operating history shall meet the financial capacity requirements of sections 285.700 to 285.750 and present financial statements reviewed by a certified public accountant.

3. (1) Each PEO operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration not later than one hundred eighty days after the effective date of sections 285.700 to 285.750. Such initial registration shall be valid until one hundred eighty days from the end of the PEO's first fiscal year that is more than one year after the effective date of sections 285.700 to 285.750.

(2) Each PEO not operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration prior to initiating operations within this state. In the event a PEO not registered in this state becomes aware that an existing client not based in this state has employees and operations in this state, the PEO shall either decline to provide PEO services for those employees or notify the secretary of state within five business days of its knowledge of this fact and file a limited registration application under subsection 6 of this section or a full business registration if there are more than fifty covered employees. The secretary of state may issue an interim operating permit for the period the registration applications are pending if the PEO is currently registered or licensed by another state and the secretary of state determines it to be in the best interest of the potential covered employees.

4. Within one hundred eighty days after the end of a registration's fiscal year, such registrant shall renew its registration by notifying the secretary of state of any changes in the information provided in such registration's most recent registration or renewal. A registrant's existing registration shall remain in effect during the pendency of a renewal application.

5. PEOs in a PEO group may satisfy the reporting and financial requirements of sections 285.700 to 285.750 on a combined or consolidated basis, provided that each member of the PEO group guarantees the financial capacity obligations under sections 285.700 to 285.750 of each other member of the PEO group. In the case of a PEO or PEO group that submits a combined or consolidated audited financial statement including entities that are not PEOs or that are not in the PEO group, the controlling entity of the PEO group under the consolidated or combined statement shall guarantee the obligations of the PEOs in the PEO group.

6. (1) A PEO is eligible for a limited registration under sections 285.700 to 285.750 if such PEO:

(a) Submits a properly executed request for limited registration on a form provided by the secretary of state;

(b) Is domiciled outside this state and is licensed or registered as a professional employer organization in another state;

(c) Does not maintain an office in this state or directly solicit clients located or domiciled within this state; and

(d) Does not have more than fifty covered employees employed or domiciled in this state on any given day.

(2) A limited registration is valid for one year, and may be renewed.

(3) A PEO seeking limited registration under this section shall provide the secretary of state with information and documentation necessary to show that the PEO qualifies for a limited registration.

(4) The provisions of section 285.725 shall not apply to applicants for limited registration.

7. The secretary of state shall maintain a list of professional employer organizations registered under sections 285.700 to 285.750 that is readily available to the public by electronic or other means.

8. The secretary of state may produce forms necessary to promote the efficient administration of this section.

9. The secretary of state shall, to the extent practical, permit the acceptance of electronic filings in conformance with sections 432.200 to 432.295, including applications, documents, reports, and other filings required by sections 285.700 to 285.750. The secretary of state may provide for the acceptance of electronic filings and other assurance by an independent and qualified assurance organization approved by the secretary of state that provides satisfactory assurance of compliance acceptable to the secretary of state consistent with or in lieu of the requirements of sections 285.715 and 285.725 and other requirements of sections 285.700 to 285.750. The secretary of state shall permit a PEO to authorize such an approved assurance organization to act on the PEO's behalf in complying with the registration requirements of sections 285.700 to 285.750, including electronic filings of information and payment of registration fees. Use of such an approved assurance organization shall be optional and not mandatory for a registrant. Nothing in this subsection shall limit or change the secretary's authority to register or terminate registration of a professional employer organization or to investigate or enforce any provision of sections 285.700 to 285.750.

10. All records, reports, and other information obtained from a PEO under sections 285.700 to 285.750, except to the extent necessary for the proper administration of sections 285.700 to 285.750 by the secretary of state, shall be confidential and shall not be considered a "public record" as that term is defined in section 610.010.

285.720. 1. Upon filing an initial registration statement under sections 285.700 to 285.750, a PEO shall pay an initial registration fee not to exceed five hundred dollars.

2. Upon each annual renewal of a registration statement filed under sections 285.700 to 285.750, a PEO shall pay a renewal fee not to exceed two hundred fifty dollars.

3. The secretary of state shall determine any fee to be charged for a group registration.

4. Each PEO seeking limited registration shall pay a fee in the amount not to exceed two hundred fifty dollars upon initial application for limited registration and upon each renewal of such limited registration.

5. No fee charged under sections 285.700 to 285.750 shall exceed the amount reasonably necessary for the administration of sections 285.700 to 285.750.

285.725. Except as provided by 285.715, each PEO or collectively each PEO group shall maintain either:

(1) Positive working capital as defined by generally accepted accounting principles at registration as reflected in the financial statements submitted to the secretary of state with the initial registration and each annual renewal; or

(2) A PEO or PEO group that does not have positive working capital may provide a bond, irrevocable letter of credit, or securities with a minimum market value equaling the deficiency plus one hundred thousand dollars to the secretary of state. Such bond is to be held by a depository designated by the secretary securing payment by the PEO of all taxes, wages, benefits, or other entitlement due to or with respect to covered employees if the PEO does not make such payments when due.

285.730. 1. Except as specifically provided in sections 285.700 to 285.750 or in the professional employer agreement, in each coemployment relationship:

(1) The client shall be entitled to exercise all rights, and shall be obligated to perform all duties and responsibilities otherwise applicable to an employer in an employment relationship;

(2) The PEO shall be entitled to exercise only those rights and obligated to perform only those duties and responsibilities specifically required under sections 285.700 to 285.750 or set forth in the professional employer agreement. The rights, duties, and obligations of the PEO as coemployer with respect to any covered employee shall be limited to those arising pursuant to the professional employer agreement and sections 285.700 to 285.750 during the term of coemployment by the PEO of such covered employee; and

(3) Unless otherwise expressly agreed by the PEO and the client in a professional employer agreement, the client retains the exclusive right to direct and control the covered employees as is necessary to conduct the client's business, to discharge any of the client's fiduciary responsibilities, or to comply with any licensure requirements applicable to the client or to the covered employees.

2. Except as specifically provided under sections 285.700 to 285.750, the coemployment relationship between the client and the PEO and between each coemployer and each covered employee shall be governed by the professional employer agreement. Each professional employer agreement shall include the following:

- (1) The allocation of rights, duties, and obligations as described in subsection 1 of this section;
- (2) A requirement that the PEO shall have responsibility to:
 - (a) Pay wages to covered employees;
 - (b) Withhold, collect, report, and remit payroll-related and unemployment taxes; and
 - (c) To the extent the PEO has assumed responsibility in the professional employer agreement, to make payments for employee benefits for covered employees.

As used in this section, the term "wages" does not include any obligation between a client and a covered employee for payments beyond or in addition to the covered employee's salary, draw, or regular rate of pay, such as bonuses, commissions, severance pay, deferred compensation, profit sharing, vacation, sick, or other paid-time off pay, unless the PEO has expressly agreed to assume liability for such payments in the professional employer agreement; and

(3) A requirement that the PEO shall have a right to hire, discipline, and terminate a covered employee as may be necessary to fulfill the PEO's responsibilities under sections 285.700 to 285.750 and the professional employer agreement. The client shall have a right to hire, discipline, and terminate a covered employee.

3. With respect to each professional employer agreement entered into by a PEO, such PEO shall provide written notice to each covered employee affected by such agreement of the general nature of the coemployment relationship between and among the PEO, the client, and such covered employee.

4. Except to the extent otherwise expressly provided by the applicable professional employer agreement:

- (1) A client shall be solely responsible for the quality, adequacy, or safety of the goods or services produced or sold in the client's business;
- (2) A client shall be solely responsible for directing, supervising, training, and controlling the work of the covered employees with respect to the business activities of the client and solely responsible for the acts, errors, or omissions of the covered employees with regard to such activities;
- (3) A client shall not be liable for the acts, errors, or omissions of a PEO or of any covered employee of the client and a PEO if such covered employee is acting under the express direction and control of the PEO;
- (4) A PEO shall not be liable for the acts, errors, or omissions of a client or of any covered employee of the client if such covered employee is acting under the express direction and control of the client;
- (5) Nothing in this subsection shall serve to limit any contractual liability or obligation specifically provided in the written professional employer agreement; and
- (6) A covered employee is not, solely as the result of being a covered employee of a PEO, an employee of the PEO for purposes of general liability insurance, fidelity bonds, surety bonds, employer's liability that is not covered by workers' compensation, or liquor liability insurance carried by the PEO unless the covered employees are included by specific reference in the professional employer agreement and applicable prearranged employment contract, insurance contract, or bond.

5. A PEO under sections 285.700 to 285.750 is not engaged in the sale of insurance or in acting as a third party administrator by offering, marketing, selling, administering, or providing professional employer services that include services and employee benefit plans for covered employees. The provisions of this section shall not supercede or preempt any requirements under section 375.014.

6. For purposes of this state or any county, municipality, or other political subdivision thereof:

- (1) Any tax or assessment imposed upon professional employer services or any business license or other fee that is based upon "gross receipts" shall allow a deduction from the gross income or receipts of the business derived from performing professional employer services that is equal to that portion of the fee charged to a client that represents the actual cost of wages and salaries, benefits, payroll taxes, withholding, or other assessments paid to or on behalf of a covered employee by the professional employer organization under a professional employer agreement;
- (2) Any tax assessed or assessment or mandated expenditure on a per capita or per employee basis shall be assessed against the client for covered employees and against the professional employer organization for its employees who are not covered employees coemployed with a client. Benefits or monetary consideration that meet the requirements of mandates imposed on a client and that are received by covered employees through the PEO either through payroll or through benefit plans sponsored by the PEO shall be credited against the client's obligation to fulfill such mandates; and
- (3) In the case of a tax or an assessment imposed or calculated upon the basis of total payroll, the professional employer organization shall be eligible to apply any small business allowance or exemption available to the client for the covered employees for purposes of computing the tax.

285.740. 1. The responsibility to obtain workers' compensation coverage for covered employees in compliance with all applicable laws shall be specifically allocated in the professional employer agreement to either the client or the PEO.

2. (1) Coverage for both the directly employed workers of a client and the covered employees of that client shall be all in the residual or all in the voluntary market with the same carrier.

(2) Workers' compensation coverage for covered employees in the voluntary market may be obtained by either the client through a standard workers' compensation policy or through duly authorized self-insurance or by the PEO through a duly authorized self insurance program, through a master policy issued to the PEO by a carrier authorized to do business in this state, or through a multiple coordinated workers' compensation policy issued by a carrier authorized to do business in this state in the name of the PEO or the client. A PEO authorized to self-insure shall report to the insurer or the appropriate state and rating authorities such client-based information as is necessary to maintain the client's experience rating.

(3) Workers' compensation for covered employees in the residual market may be obtained by the client through a residual market policy or by the PEO through a multiple coordinated policy in either the name of the PEO or the client that provides to the appropriate state and rating authorities the client-based information satisfactory to maintain the client's experience rating.

3. A PEO that applies for coverage or is covered through the voluntary market shall also maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor for each client upon termination of the coemployment relationship. Information reported during the term of the coemployment relationship which is used to calculate an experience modification factor for a client prior to and upon termination of the professional employer agreement shall continue to be used in the future experience ratings of the PEO. Such information shall include:

- (1)** The client's corporate name;
- (2)** The client's taxpayer or employer identification number;
- (3)** Payroll summaries and class codes applicable to each client, and, if requested by the insurer, a listing of all covered employees associated with a given client; and
- (4)** Claims information grouped by client, and any other information maintained by or readily available to the PEO that is necessary for the calculation of an experience modification factor for each client.

4. In addition to any other provision of chapter 287, any material violations of this section by a PEO is grounds for cancellation or nonrenewal of the PEO's insurance policy by the insurer. If a PEO has received notice that its workers' compensation insurance policy will be canceled or nonrenewed, the PEO shall notify by certified mail, within ten days after the receipt of the notice, all of the clients for which there is a coemployment relationship covered under the policy to be canceled, provided that notice shall not be required if the PEO has obtained another insurance policy from a carrier authorized to do business in this state, with an effective date that is the same as the date of cancellation or nonrenewal.

5. If the coemployment relationship with a client is terminated, the client shall utilize an experience modification factor which reflects its individual experience, including, if applicable, experience incurred for covered employees under the professional employer agreement. The PEO shall provide to the client the client's information that is maintained under subsection 3 of this section within five business days of receiving notice from the client or within five business days of providing notice to the client that the coemployment relationship will terminate. The PEO shall also provide such information to any future client insurer, if requested by such client. The PEO shall notify the insurer of its intent to terminate any client relationship prior to termination when feasible. When prior notice is not feasible, the PEO shall notify its insurer within five business days following actual termination.

6. Both the client and the PEO shall be considered the employer for purposes of coverage under chapter 287. The protection of the exclusive remedy provision under section 287.120 shall apply to the PEO, the client, and to all covered employees and other employees of the client irrespective of which coemployer obtains such workers' compensation coverage. Nothing in this section shall be construed to exempt either the client or the PEO from compliance with the provisions of chapter 287.

7. A client may request the information maintained under subsection 3 of this section at any time and every PEO shall provide that information to such client within five business days of receiving such a request.

8. Any PEO in violation of any provision of this section shall have its registration revoked by the secretary of state.

9. A client shall provide any prospective insurer with the information maintained by the PEO under subsection 3 of this section upon receiving such information from the PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

10. (1) A client shall notify any prospective insurer of the client's previous or current relationship with a PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

(2) This subsection shall not apply if the PEO did not provide workers' compensation coverage to a client during the coemployment relationship.

11. For purposes of chapter 288, a PEO registered under sections 285.700 to 285.750 shall be treated as a "lesser employing unit" under section 288.032.

285.750. 1. A person shall not knowingly:

(1) Offer or provide professional employer services or use the names PEO, professional employer organization, staff leasing, employee leasing, administrative employer, or other title representing professional employer services without first becoming registered under sections 285.700 to 285.750; or

(2) Provide false or fraudulent information to the secretary of state in conjunction with any registration, renewal, or in any report required under sections 285.700 to 285.750.

2. Disciplinary action shall be taken by the secretary of state for violation of this section for:

(1) The conviction of a professional employer organization or a controlling person of a PEO of a crime that relates to the operation of a PEO or the ability of the licensee or a controlling person of a licensee to operate a PEO;

(2) Knowingly making a material misrepresentation to the secretary of state or other governmental agency; or

(3) A willful violation of sections 285.700 to 285.750 or any order issued by the secretary of state under sections 285.700 to 285.750.

3. Upon finding, after notice and opportunity for hearing, that a PEO, a controlling person of a PEO, or a person offering PEO services has violated one or more provisions of this section and subject to appeal, the secretary of state may:

(1) Deny an application for a license;

(2) Revoke, restrict, or refuse to renew a license;

(3) Impose an administrative penalty in an amount not to exceed one thousand dollars for each material violation;

(4) Place the licensee on probation for the period and subject to conditions that the secretary of state specifies; or

(5) Issue a cease and desist order."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

36.100. 1. The director shall ascertain the duties, authority and responsibilities of all positions subject to this chapter. After consultation with the appointing authorities, the director shall prepare and recommend to the board, and maintain on a continuing basis, a position classification plan, which shall group all positions in the classified service in classes, based on their duties, authority and responsibilities. Except as provided in subsection 2 of this section, The position classification plan shall set forth, for each class of positions, a class title and a statement of the duties, authority and responsibilities thereof, and the qualifications that are necessary or desirable for the satisfactory performance of the duties of the class; provided, that no plan shall be adopted which prohibits the substitution of experience for education for each class of positions, except that, the board may determine that there is no equivalent substitution in particular cases. Classifications should be sufficiently broad in scope to include as many comparable positions as possible both on an intra- and inter-departmental basis, including both merit and nonmerit agencies.

2. The classification plan may group ~~management~~ positions with similar levels of responsibility or expertise into broad classification bands.

3. The director shall require an initial and ongoing review of the number of classifications in each division of service and shall, in consultation with the agencies, eliminate and combine classes when possible, taking into consideration the recruitment, examination, selection and compensation of personnel in the various classes.

36.120. 1. Before establishing a new position in divisions of the service subject to this chapter, or before making any permanent and substantial change of the duties, authority or responsibilities of a position subject to this chapter, an appointing authority shall notify the director in writing of the appointing authority's intention to do so, except where the positions may be allocated by the appointing authority.

2. The director may at any time allocate any new position to a class, or change the allocation of any position to a class, or recommend to the board changes in the classification plan. Any change in the classification plan recommended by the director shall take effect when approved by the board, or on the ninetieth day after it is recommended to the board if prior thereto the board has not approved it. In case of necessity requiring the immediate establishment of a new class, the director may establish such a class on an interim basis pending approval of the class by the board as recommended by the director.

3. When the allocation of a position to a class is changed, the director shall notify the appointing authority. If allocation authority is delegated, the appointing authority shall notify the director of any changes in the allocation. If the position is filled at the time of reallocation to a class, the appointing authority shall immediately notify the incumbent of the position regarding the allocation change. If the incumbent does not agree with the new allocation, the incumbent may, under conditions specified in the rules, submit to the director a request for a review of the allocation of the position.

4. If any change is made in the classification plan by which a class of positions is divided, altered, or abolished, or classes are combined, the director shall forthwith reallocate the positions affected to their appropriate classes in the amended classification plan. An employee who is occupying a position reallocated to a different class shall, subject to the regulations, be given the same status in the new class as previously held in the class from which his or her position is reallocated. ~~[The director may require that the employee achieve a satisfactory grade on a noncompetitive test of fitness for the class to which his or her position has been reallocated.]~~ **The employee shall possess the minimum qualifications for the class to which his or her position has been reallocated.**

5. After a class of positions has been approved by the board, the director is authorized to make such changes in the class title or in the statement of duties and qualifications for the class as the director finds necessary for current maintenance of the classification plan; provided, however, that changes which materially affect the nature and level of a class or which involve a change in salary range for the class shall be approved by the board.

36.140. 1. After consultation with appointing authorities and the state fiscal officers, and after a public hearing, the director shall prepare and recommend to the board a pay plan for all classes subject to this chapter. The pay plan shall include, for each class of positions, a minimum and a maximum rate, and such provision for intermediate rates as the director considers necessary or equitable. **The pay plan may also provide for the use of open, or stepless, pay ranges.** The pay plan may include provision for grouping of ~~[management]~~ positions with similar levels of responsibility or expertise into broad classification bands for purposes of determining compensation and for such salary differentials and other pay structures as the director considers necessary or equitable. In establishing the rates, the director shall give consideration to the experience in recruiting for positions in the state service, the rates of pay prevailing in the state for the services performed, and for comparable services in public and private employment, living costs, maintenance, or other benefits received by employees, and the financial condition and policies of the state. These considerations shall be made on a statewide basis and shall not make any distinction based on geographical areas or urban and rural conditions. The pay plan shall take effect when approved by the board and the governor, and each employee appointed to a position subject to this chapter after the adoption of the pay plan shall be paid according to the provisions of the pay plan for the position in which he or she is employed; provided, that the commissioner of administration certifies that there are funds appropriated and available to pay the adopted pay plan. The pay plan shall also be used as the basis for preparing budget estimates for submission to the legislature insofar as such budget estimates concern payment for services performed in positions subject to this chapter. Amendments to the pay plan may be recommended by the director from time to time as circumstances require and such amendments shall take effect when approved as provided by this section. The conditions under which employees may be appointed at a rate above the minimum provided for the class, or advance from one rate to another within the rates applicable to their positions, shall be determined by the regulations.

2. Any change in the pay plan shall be made on a uniform statewide basis. No employee in a position subject to this chapter shall receive more or less compensation than another employee solely because of the geographical area in which the employee lives or works.

36.170. 1. The director ~~[shall from time to time]~~ **may** conduct such open competitive and promotional examinations as the director considers necessary. The examinations shall be of such character as to determine the ~~[relative]~~ qualifications, fitness and ability of the persons tested to perform the duties of the **position or** class for which a register is to be established. No question shall be so framed as to elicit information concerning the political or religious opinions or affiliations of an applicant.

2. Agencies may request authority from the director, **or the director may delegate authority to agencies,** to administer examinations for **some or all positions** ~~[-, in accordance with rules adopted by the board] or job classes.~~ When such ~~[a request is approved]~~ **action is taken,** the director ~~[-, in accordance with rules established by the board,]~~ shall establish standards and guidelines to be followed.

3. Pursuant to rules promulgated by the board, appointing authorities may request that the division of personnel administer promotional examinations limited to those already employed by the state or within the department or division of service involved.

4. All examinations **requiring an applicant's physical presence** conducted by the director shall be conducted in a location which is ~~[fully]~~ accessible to persons with disabilities or if such a facility is not available in a given location for such regular examinations, a special examination will be arranged upon request of an applicant with a disability in a facility which is ~~[fully]~~ accessible.

36.180. 1. The standards of education or experience in the classification plan for each class shall be established on the basis of specified knowledge, skills and abilities. Admission to examinations **or the opportunity to be considered for appointment** shall be open to all persons who possess the qualifications and who may be lawfully appointed to a position in the class for which a register is to be established. ~~[The regulations may also require that applicants achieve at least a satisfactory grade in each progressive part of the examination in order to be admitted to subsequent parts of the examination or to receive a final passing score.]~~

2. ~~[To ensure competitive equality between the hearing impaired or the blind and persons not so disabled, the applicant may request from the director the furnishing of a certified interpreter for the hearing impaired or an amanuensis or a reader for the blind when necessary, and the furnishing of a place to take such examination, or such other similar prerequisites to ensure equality in such examination.]~~ **An applicant may request a reasonable accommodation in order to have an opportunity to compete for positions subject to this chapter. The director and the appointing authority filling the particular position shall ensure that reasonable accommodations are granted to applicants to offer them an opportunity to compete for positions.**

3. The director may reject the application of any person for admission to an examination, strike the name of any person from the register, refuse to certify the name of any person, or withdraw the certification of a person if the director finds that the person lacks any of the qualifications, has been convicted of a crime which raises questions about his or her qualifications, has been dismissed from the public service for delinquency, has made a false statement of a material fact or practiced or attempted to practice any fraud or deception, in his or her application or examination or in attempting to secure appointment.

4. The director may take such action as is authorized in subsection 3 of this section if the director finds the person has a health condition or disability which would clearly prohibit the person from performing the duties required for the position for which the applicant has applied.

36.190. 1. ~~[The director shall give]~~ **Appropriate** public notice ~~[of]~~ **shall be given for** each open competitive ~~[and promotional]~~ examination **or when a job class is opened for recruitment** sufficiently in advance ~~[of such examination]~~ and sufficiently widespread in scope to afford persons who are interested ~~[in participating in the examination]~~ a reasonable opportunity to apply. ~~[The time elapsing between the official announcement of an examination and the holding of such examination shall be not less than two calendar weeks, except that a lesser period of advance notice may be permissible under the regulations when the examination is conducted under the provisions of subsection 3 of section 36.320 or when the needs of the service pursuant to subsection 1 of section 36.260 require special notices.]~~

2. Each official notice of an examination **or of when a job class or position is opened for recruitment** shall state the title, duties, pay and qualifications of ~~[positions for which the examination is to be held]~~ **the job class or position;** the time, place and manner of making application ~~[for admission to such examination;]~~ and any other information which ~~[the director consider]~~ **may be considered** pertinent and useful.

3. The director shall ensure that the official announcement of an examination is given the widest distribution necessary to inform qualified persons that the examination is being given. The director may use any means that the director considers necessary to inform qualified persons about the examination. These include, but are not limited to, paid advertisements in newspapers, periodicals, electronic media and announcements to educational institutions. The director may also publish a periodic bulletin containing information about examinations to be sent to subscribers at a price approximating the cost of publication.

36.200. The methods for ~~[rating the various parts of the examinations and the minimum satisfactory grade]~~ **evaluating the qualifications of each applicant** shall be determined by the regulations. Each person who takes any examination shall be given written notice, **which may be by electronic means**, as to whether ~~[he passed or failed the examination]~~ **the applicant is eligible for a particular job class**, and ~~[he]~~ shall be entitled to inspect ~~[his ratings and]~~ **the applicant's** examination papers, but examination papers shall not be open to the general public. A manifest error in ~~[rating an examination which affects the relative ranking of persons]~~ **an eligibility determination** shall be corrected if called to the attention of the director within thirty days after the ~~[establishment of the register]~~ **determination**, but such correction shall not invalidate any appointment previously made from such a register unless it is established that the error was made in bad faith and with intent to deprive a person of certification **or to gain certification for a person that does not meet the minimum qualifications for the class involved.**

36.210. Other provision of the law to the contrary notwithstanding, special procedures for the examination and selection of personnel are authorized as follows:

~~[(1) For positions involving unskilled or semiskilled labor, or domestic, attendant, custodial or comparable work, when the character or place of the work makes it impracticable to supply the needs of the service by appointments made in accordance with the procedure prescribed in other provisions of this chapter, the director, in accordance with the regulations, shall authorize the use of such other procedures as the director determines to be appropriate in order to meet the needs of the service, while assuring the selection of such employees on the basis of merit and fitness. Such procedures, subject to the regulations, may include the testing of applicants and maintenance of registers of eligibles by localities; the testing of applicants, singly or in groups, at periodic intervals, at the place of employment or elsewhere, after such notice as the director considers adequate; the registration of applicants who pass a noncompetitive examination or submit satisfactory evidence of their qualifications, and appointment of registered applicants; or any variation or combination of the foregoing or other suitable methods. When the director finds noncompetitive registration and selection procedures to be appropriate, the director is hereby authorized to delegate to each appointing authority the responsibility for such registration and for selection and appointment of registered applicants. When such delegation is made, the director shall establish the necessary guidelines and standards for appointing authorities and shall require such reports and perform such audits as the director deems necessary to ensure compliance with these guidelines and standards.]~~

~~[(2)]~~ (1) The regulations may prescribe the conditions under which interns, trainees, and participants in special state or federal training, rehabilitation, and employment programs who successfully complete a period of internship or training may be appointed to a permanent position subject to this chapter after passing a noncompetitive qualifying examination.

~~[(3) The board may, in accordance with the regulations, waive competitive examinations for a class or position if it finds that the supply of qualified applicants is generally insufficient to justify competitive examinations and provide meaningful competition in the selection of employees. A request that competitive examination be waived for a particular class or position pursuant to this provision may be made to the board by the director or an appointing authority. The board shall review determinations pursuant to this provision at least annually. Upon waiving such examinations, the regulations of the board shall provide for the registration and appointment of applicants who present satisfactory evidence of their qualifications.]~~

~~[(4)]~~ (2) Upon the approval of the director in accordance with the regulations of the board, appointing authorities may promote employees on the basis of a qualifying noncompetitive examination. Such noncompetitive promotions may be approved in, but are not necessarily limited to, situations in which the promotion represents a normal progression to the next higher level within an established occupational job series, or where the director determines that an employee has been an assistant, understudy or trainee for the position involved or otherwise has had such specific experience or training that a noncompetitive promotion to the position in question is to the best interests of the state service.

~~[(5)]~~ (3) Appointing authorities may request, pursuant to regulations established by the board, to conduct alternative promotional procedures for positions and classes in their divisions of service. The board shall approve such alternative procedures which it finds to be in keeping with merit principles and the best interest of the state service. Upon approval, the appointing authority shall be responsible to conduct promotional procedures in accordance with the board's approval and without favoritism, prejudice or discrimination. The board may withdraw approval pursuant to this provision if it finds that this responsibility has not been met.

~~[(6)]~~ (4) Where appropriate, the director may establish registers by locality for selected classes.

36.220. 1. In any competitive examination given for the purpose of establishing a register of eligibles, veterans, disabled veterans, surviving spouses, and spouses of disabled veterans shall be given preference in appointment and examination ~~[in the following manner:]~~. **For positions and classifications with unranked registers, a veteran, or the surviving spouse of a veteran, a disabled veteran, or the spouse of a disabled veteran shall be given preference in appointments over other eligibles if all other relevant job-related factors are equal. Applicants eligible for a veterans preference will be listed before other eligibles on each certificate. Applicants eligible for a veterans preference will also be identified on the certificate as eligible for the preference.**

~~[(1) A veteran, or the surviving spouse of any veteran whose name appears on a register of eligibles who made a passing grade, shall have five points added to his or her final grade, and his or her rank on the register shall be determined on the basis of this augmented grade.]~~

~~———— (2) The spouse of a disabled veteran, whose name appears on a register of eligibles and who made a passing grade, shall have five points added to his or her final grade, and his or her rank on the register shall be determined on the basis of this augmented grade. This preference shall be given only if the veteran is not employed in the state service and the disability renders him or her unqualified for entrance into the state service. ———~~

~~———— (3) A disabled veteran, whose name appears on a register of eligibles and who made a passing grade, shall have ten points added to his or her final grade, and his or her rank on the register shall be determined on the basis of this augmented grade.] ———~~

2. Any person who has been honorably discharged from the Armed Forces of the United States shall receive appropriate credit for any training or experience gained therein in any examination if the training or experience is related to the duties of the class of positions for which the examination is given.

36.225. 1. In any competitive examination given for the purpose of establishing a register of eligibles, a parental preference shall be given to persons who were previously employed by the state but terminated such employment to care for young children. This preference shall be given only for persons who were full-time homemakers and caretakers of children under the age of ten and were not otherwise gainfully employed for a period of at least two years.

2. ~~[If the name of a person eligible for a parental preference appears on a register of eligibles who made a passing grade, such person shall have five points added to the final grade, and the rank of such person on the register shall be determined on the basis of this augmented grade.]~~ **For positions and classifications with unranked registers, applicants entitled to parental preference shall be given this preference in appointments over other eligibles, excluding applicants eligible for a veterans preference, if all other relevant job-related factors are equal.**

36.240. 1. Whenever an appointing authority proposes to fill one or more vacancies in a class of positions subject to this chapter, the appointing authority shall submit to the director, as far in advance of the desired appointment date as possible, a requisition for the certification of eligible persons from an appropriate register. The requisition shall contain information as required by the director. The appointing authority, subject to conditions specified in the regulations, may also designate special requirements of domicile or the possession of special skills. If the director finds that such requirements would contribute substantially to effective performance of the duties involved, certification may be limited to persons on the register who meet such requirements.

2. When vacancies to be filled are in a class from which employees have been laid off, or demoted in lieu of layoff, certification shall be limited to previous employees until all employees of a division of service on the appropriate reinstatement register have been reinstated in order of rank on the register. Thereafter, certification from reinstatement and other registers shall be in accordance with the provisions of this section and the regulations of the board.

3. Upon a request for certification, the director shall certify for selection ~~[the names of the top fifteen ranking available eligibles or]~~ the names of available eligibles. ~~[comprising the top ranking fifteen percent of available eligibles, whichever is greater, plus such additional eligibles as have a final rating equal to that of the last certified eligible. Upon request of the appointing authority, the director may also certify, for each additional vacancy to be filled from the same certification, the next five ranking available eligibles plus such additional eligibles as have a final rating equal to that of the last certified eligible.]~~

~~———— 4. If the director finds that the nature of the examination process and the type of positions involved justify alternative procedures for filling vacancies, the board may by rule prescribe such procedures which may include certification by broad category of examination rating or within a specified range of scores.] ———~~

~~[5]~~ 4. When a position in divisions of the service subject to this chapter is limited in duration, certification may be limited to ~~[the highest ranking eligible]~~ **any eligible** who will accept employment under such conditions. A person appointed to a position under such conditions shall retain his or her ~~[relative]~~ position on the register and shall be eligible for certification to a permanent position ~~[in the regular order]~~ until the register itself has expired. If a temporary position is limited to less than ninety calendar days' duration, the appointing authority may fill the position by temporary appointment in the manner provided in section 36.270.

~~[6]~~ 5. The rules shall prescribe the conditions under which the name of an eligible who has been certified to and considered for appointment by an appointing authority but has not been appointed may be withheld from further certification to such appointing authority. The eligible shall be entitled to retain his or her place on the eligible register during the life of the register, and shall be certified ~~[in the order of his or her rank]~~ to other vacancies in the class under other appointing authorities.

[7] 6. Eligibles who are not available for appointment when offered certification shall be granted a waiver of certification upon their request. Eligibles who do not respond within a reasonable period to a notice of certification may at the discretion of the director be dropped from the eligible register.

[8] 7. Any person who has obtained regular status in a class of positions subject to subsection 1 of section 36.030 and who has resigned from state service in good standing or who has accepted demotion or transfer for personal reasons may be reemployed without competitive certification in the same or comparable class at the discretion of the appointing authority and under conditions specified in the regulations. Any person who has successfully served at least one year in a position not subject to subsection 1 of section 36.030, but which is subject to section 36.031, and who has resigned from state service in good standing or who has accepted demotion or transfer for personal reasons, may be reemployed without competitive certification in the same or comparable class at the discretion of the appointing authority and under conditions specified in the regulations, provided he or she possesses the qualifications ~~[and has successfully completed a noncompetitive examination]~~ for the class involved. COMMUNICATIONS

May 12, 2017

Adam Crumbliss, Chief Clerk
Missouri House of Representatives
State Capitol, Room 317-A
Jefferson City, MO 65101

Mr. Chief Clerk,

The Committee on Consent and House Procedure has reviewed the House Resolutions requesting the use of the House Chamber and has reluctantly approved the following: **HR 1714**. Given past behavior of the YMCA Youth in Government Program, the committee plans to send members to monitor their behavior on the House Floor and in the Chamber.

Additionally, the Committee strongly urges the leaders of the YMCA Youth in Government Program to follow all House Rules as they relate to decorum and the acceptable use of the Chamber, specifically when it comes to eating in the Chamber, respect for historic artwork, respect for staff, and proper deference for House furniture.

Sincerely,

/s/ Donna Pfautsch
State Representative
Chair, Committee on Consent and House Procedure

May 12, 2017

Adam Crumbliss, Chief Clerk
Missouri House of Representatives
201 W. Capitol Avenue, Room 317A
Jefferson City, Missouri 65101-6806

Dear Chief Clerk,

Due to a possible conflict of interest on House Bill No. 302, I hereby give notice of my intention to recuse myself of any vote.

Respectfully submitted,

/s/ Steven Roberts
Representative, 77th District

The Benediction was given by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be strong and of good courage, fear not, be not dismayed. (I Chronicles 22:13)

Lord of our lives, whose light is truth and whose love is life, we thank You for this longed for hour, during this moment of prayer.

During the busy hours of this final day You helped us to think clearly, to speak constructively, and to act courageously that we proved to ourselves and others the worth of the positions we hold in our public life.

Now give us Your blessings as we return home to the people of good will who follow the light that leads to an enduring peace and to the establishment of law and order where all citizens can live together safely and securely.

May God bless and save us all in the great State of Missouri!

And the House says, "Amen!"

Representative Dunn assumed the Chair.

ADJOURNMENT

On motion of Representative Cierpiot, the House adjourned until 11:00 a.m., Monday, May 22, 2017.

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-FOURTH DAY, MONDAY, MAY 22, 2017

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by D. Adam Crumbliss, Chief Clerk.

Lord,

We come humbly to You in a prayer of remembrance and rebirth. On May 22, 2011, my hometown of Joplin, Missouri met the mighty winds of change. A mile wide and spinning faster than 200 miles per hour, this humble God-fearing community would succumb to the powers of nature only to find a miracle in rebirth.

The losses were mighty. One hundred sixty-one dead, nine hundred ninety injured, thirteen hundred initially missing, and nine hundred displaced animals. The twenty-two-mile path destroyed nearly three billion dollars of property. All totaled, those thirty-eight minutes in May accumulated more death and destruction of any tornado in my father's lifetime.

Reborn, however, is a community of hope. Reborn is a community wrapped in resilient faith. Reborn is a community emboldened in love.

That day Joplin found itself as a home for all who seek shelter from the storm. The aftermath of that storm brought forward eighty thousand volunteers to witness the rebirth of a community of hope.

Today, Lord, we serve witness to that birth six years later to the day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

SIGNING OF HOUSE CONCURRENT RESOLUTION

All other business of the House was suspended while **HCS HCR 19** was read at length and was signed by the Speaker to the end that the same may become law.

The following Representatives offered an objection to **HCS HCR 19**, which was appended to the resolution.

CONSTITUTIONAL OBJECTION

OBJECTION TO SIGNING AND ENACTMENT OF
HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION 19

WHEREAS, Article III, Section 37 of the Constitution of the State of Missouri provides:

“The general assembly shall have no power to contract or authorize the contracting of any liability of the state, or to issue bonds therefor...;” and

WHEREAS, **House Committee Substitute for House Concurrent Resolution 19** violates the Missouri Constitution in the following manner:

HCS for HCR 19 calls for the issuance of bonds in the amount of forty-eight million dollars, provided as the state’s share, to be funded, on or before July 1, 2020, by revenue bonds secured by a pledge of future appropriations to be made by the General Assembly.

HCS for HCR 19 states that the Health and Educational Facilities Authority of the State of Missouri (MOHEFA) shall assist the state in the issuance of revenue bonds in an amount sufficient to pay the state's share of the project cost, plus debt service reserve, capitalized interests, and costs of issuance, to be payable over a term not to exceed ten years.

HCS for HCR 19 resolves that it is the intent of the General Assembly, during each fiscal year of the state during the term of such revenue bonds, to appropriate funds sufficient to pay the debt service on such revenue bonds; and

WHEREAS, HCS for HCR 19 does not fall within any exception listed in Article III, Section 37;

THEREFORE, I conclude that **House Committee Substitute for House Concurrent Resolution 19** violates the Missouri Constitution by ordering the issuance of bonds and obligating the state therefor, and should not be signed by the Officers of the House or Senate, nor should the bill be signed by the governor.

Respectfully submitted,

/s/ Representative Nick Marshall
District 13, Platte County

Re: Objection to SS#2 SCS SB 43, per MO Constitution, Article III, Sec 30

Dear Mr. Clerk:

Pursuant to Article III, Section 30 of the Missouri Constitution, we the undersigned members of the Missouri House of Representatives are formally notifying you of our objections to the signing of **Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill 43**.

In addition to concerns regarding its specific merits, it is our belief that the passage or enactment of this legislation represents a violation of Article III, Section 15 which states in part:

Every senator or representative elect, before entering upon the duties of his office, shall take and subscribe the following oath or affirmation: "I do solemnly swear, or affirm, that I will support the Constitution of the United States and of the state of Missouri, and faithfully perform the duties of my office, and that I will not knowingly receive, directly or indirectly, any money or other valuable thing for the performance or nonperformance of any act or duty pertaining to my office, other than the compensation allowed by law."

As has been noted several times throughout the course of passage of this bill, we believe that a pecuniary interest exists for a Senator in violation of this provision, and will not participate in the passage or enactment of this legislation specifically for this reason.

SUBJ: Constitutional Objection to Senate Substitute Number 2 for Senate Committee Substitute for Senate Bill Number 43

Dear Mr. Speaker, Sir,

Pursuant to Article 3, Section 30 of the Missouri Constitution, I wish to formally record my objection to **Senate Substitute Number 2 for Senate Committee Substitute for Senate Bill Number 43**.

WHEREAS, Article 3, Section 30 of the Constitution of the State of Missouri provides:

“No bill shall become a law until it is signed by the presiding officer of each house in open session, who first shall suspend all other business, declare that the bill shall now be read and that if no objection be made he will sign the same. If in either house any member shall object in writing to the signing of a bill, the objection shall be noted in the journal and annexed to the bill to be considered by the governor in connection therewith. When a bill has been signed, the secretary, or the chief clerk, of the house in which the bill originated shall present the bill in person to the governor on the same day on which it was signed and enter the fact upon the journal.”

THEREFORE, I ask that you record my objection to and my explanation for voting “no” on said bill in the House Journal. While troubling on its merits, the bill represents a severe abuse of power by a sitting Senator. The bill seeks to remove legal protections under which the sponsor of this bill is currently facing litigation. I cannot support the Senator’s unethical act of corruption and violate my oath. Such a vote would dishonor myself, my constituents, and this institution.

Respectfully,

/s/ Joshua D. Peters,
Member of the 99th General Assembly

SIGNING OF SENATE BILL

All other business of the House was suspended while **SS#2 SCS SB 43** was read at length and was signed by the Speaker to the end that the same may become law.

ADJOURNMENT

The Speaker declared the House of Representatives of the Ninety-ninth General Assembly convened in the First Regular Session on January 4, 2017, adjourned as of midnight, May 30, 2017, in accordance with the Constitution.

**SUPPLEMENTAL
MESSAGES FROM THE GOVERNOR**

OFFICE OF THE GOVERNOR
State of Missouri
Jefferson City, 65102

June 29, 2017

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Concurrent Resolution No. 19** entitled:

AN ACT

Relating to the financing of educational facilities.

I disapprove of **House Committee Substitute for House Concurrent Resolution No. 19**. My reasons for disapproval are as follows:

Missouri government must be a wise steward of our citizens' hard-earned tax dollars. It should contribute to the economic growth of our State through the implementation of sound fiscal policy, and it should operate to serve all Missourians as efficiently as possible. Unfortunately, our budget is unbalanced, revenue is down, and the costs of living and conducting business are rising. In order to balance our budget, hard choices have to be made.

If signed into law, House Committee Substitute for House Concurrent Resolution 19 could commit the State to funding 50% of a new conservatory building for the University of Missouri-Kansas City's ("UMKC") music and dance programs. The remainder of the cost of the building would be funded by private donations, grants, and other funds from the University of Missouri. This bill puts Missouri taxpayers on the hook for \$48 million in debt over the next decade. The interest on these bonds is estimated to be between \$7 million and \$10 million. Furthermore, there is no definite plan to cover the facility's operating expenses; therefore, the taxpayers are currently at risk for an estimated \$19 million in operating expenses in the next 10 years.

I came into office as a conservative outsider. I pledged to act as a budget hawk and protect the people's money. My administration asked leaders across government to do more with less taxpayer money, and to get better results for the people of Missouri. I urged the leaders of Missouri's universities to think and act differently, to prioritize, and to make tough decisions.

In a sign of their commitment to heeding this call, the President and the Board of Curators of the University of Missouri System announced that they will reject any additional taxpayer money to pay for the UMKC conservatory. Instead, university leaders have committed to develop a real, detailed plan to pay for the building with alternative means: either through private funds or by reprioritizing their current resources.

Accordingly, I veto this bill to protect Missouri taxpayers and to signal my support for the need for a real plan before the State makes any major capital investment. I cannot support a bill that blindly pledges taxpayer dollars, and certainly not when leaders in the university system have publicly acknowledged that no state funds should be used for this project. Our university leaders and the Kansas City community are ready to do this the right way. My administration is committed to changing the way business is done in Missouri.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Concurrent Resolution No. 19** without my approval.

Sincerely,

/s/ Eric R. Greitens
Governor

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for House Committee Bill No. 3** entitled:

AN ACT

To repeal section 208.1050, RSMo, and to enact in lieu thereof one new section relating to funds for vulnerable senior citizens.

I disapprove of Senate Substitute for House Committee Bill No. 3. My reasons for disapproval are as follows.

Senate Substitute for House Committee Bill No. 3 is an unconstitutional, one-time fix that jeopardizes more than 200 state funds without the courtesy of a public hearing. Senate Substitute for House Committee Bill No. 3 requires the State Treasurer to divert \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund on or before September 1, 2017. To pay for this diversion, the bill authorizes the Commissioner of Administration to transfer \$35,400,000 into General Revenue “from the unexpended balance remaining from all fees, funds and moneys from whatsoever source received by any department, board, bureau, commission, institution, official, or agency of the state government,” with the exception of nine types of funds.

The funding scheme devised by Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution. Our state’s constitution is clear that taxpayer money cannot be withdrawn or spent without specific appropriation authority. Article IV, Section 23 requires that “[e]very appropriation law shall distinctly specify the amount and purpose of the appropriation” Article III, Section 36 states that “the general assembly shall have no power to divert [revenue collected and money received by the state] or to permit the withdrawal of money from the treasury, except in pursuance of appropriations made by law.” Finally, Article IV, Section 28 prohibits withdrawing money from the state treasury “except by warrant drawn in accordance with an appropriation made by law,” The Missouri Supreme Court concluded that these constitutional provisions are “unambiguous” and “[t]heir meaning is clear: money may not be withdrawn from the state treasury for any purpose other than that specified in an appropriation law.” *State ex inf. Danforth v. Merrell*, 530 S.W.2d 209, 213 (Mo. banc 1975).

Despite this clear constitutional direction, the General Assembly failed to pass an appropriations bill this session that contained the funding provisions set forth in Senate Substitute for House Committee Bill No. 3. Likewise, no appropriation bill diverted \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund. And, no appropriation bill swept \$35,400,000 from specified funds into General Revenue in order to pay for this diversion.

Senate Substitute for House Committee Bill No. 3 is not itself an appropriation bill.¹ Yet Senate Substitute for House Committee Bill No. 3 is the only location for this \$35,400,000 diversion from General Revenue into the Missouri Senior Services Protection Fund, as well as the only authorization for the \$35,400,000 sweep from various

¹ Nor could Senate Substitute for House Committee Bill No. 3 be a valid appropriation bill. Under Article III, Section 25, the General Assembly could not consider any appropriation bill after 6 p.m. on May 5, 2017. The Senate did not pass Senate Substitute for House Committee Bill No. 3 until May 8, and the House did not truly agree and finally pass the bill until May 12.

funds into General Revenue. Because of the complete lack of authority in any appropriation bill, Senate Substitute for House Committee Bill No. 3 violates multiple provisions of the Missouri Constitution: Article III, Section 36; Article IV, Section 23; and Article IV, Section 28.

These constitutional deficiencies are compounded by the bill's failure to identify specific funds and amounts that will be swept, which would need to be included in an appropriations bill. Instead, the General Assembly attempted to shift responsibility to the Commissioner of Administration for deciding which funds would be targeted, and how much money would be drained from them.

The Missouri Supreme Court rejected a similar ploy by lawmakers more than 40 years ago. *See State ex inf. Danforth*, 530 S.W.2d at 214. In that instance, the General Assembly authorized the Commissioner of Administration and a committee of legislators to transfer funds from one purpose to another. *Id.* at 211. The Missouri Supreme Court ruled this delegation of appropriation power was unconstitutional and any exercise of it would be a "usurpation of power" by both the legislature and the committee. *Id.* at 214.

The Attorney General has also concluded that the General Assembly's delegation of appropriation power is unconstitutional. *See* Attorney General Opinion 190-74, at p. 5 ("It is the opinion of this office that the provision in [S.B. 1] which purports to give authority to the Committee on State Fiscal Affairs and the Commissioner of Administration to 'alter' the purpose of appropriations is unconstitutional in violation of Article IV, Section 28 and Article III, Sections 21 through 33, Constitution of Missouri."); Attorney General Opinion 222-73, at p. 2 ("Therefore, it is our opinion that the Office of Administration has no authority to allow expenditures from appropriations in accordance with directives received from the Committee on State Fiscal Affairs contrary to the provisions of an appropriation act.").

Just like the General Assembly's attempt to sweep funds 40 years ago – rejected as unconstitutional by the State's high court – Senate Substitute for House Committee Bill No. 3 would give the Commissioner of Administration authority to transfer funds from one purpose to another. Under the clear Missouri Supreme Court precedent in *State ex inf. Danforth*, Senate Substitute for House Committee Bill No. 3 is unconstitutional.

That the fund sweep is optional does not save Senate Substitute for House Committee Bill No. 3. In *State ex inf. Danforth*, the Missouri Supreme Court found unconstitutional a law that provided the Commissioner of Administration and a committee of legislators the *option* of transferring funds from one purpose to another. 530 S.W.2d 209, 214. Similarly, Senate Substitute for House Committee Bill No. 3 unconstitutionally provides the Commissioner of Administration the option of transferring funds from one purpose to another. But this "option" is a false choice. The Commissioner of Administration's failure to perform this fund sweep would unbalance the Fiscal Year 2018 state budget by \$35,400,000.

How the General Assembly passed the final version of Senate Substitute for House Committee Bill No. 3 also raises constitutional concerns. When the bill passed the House and received a public hearing in the Senate General Laws Committee, what was then House Committee Bill No. 3 redirected a property tax credit to fund the Missouri Senior Services Protection Fund. However, the substitute bill first introduced on the Senate floor in the final days of session replaced all of the original language in the House bill with the diversion and fund sweep approach. Neither chamber held a public hearing on the new approach.

Since 1875, the Missouri Constitution has required legislation to be limited to its original purpose. *See* Article III, Section 21. The original purpose of a bill is determined by "its earliest title and *contents*," and this constitutional doctrine prohibits "introduction of a matter that is not germane to the object of the legislation or that is unrelated to its original subject." *Legends Bank v. State*, 361 S.W.3d 383, 386 (Mo. banc 2012) (emphasis added). By completely changing the substance of the original bill, Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution's original purpose requirement. Moreover, any claim that the bill's broad title allowed a total replacement of bill text also implicates the Missouri Constitution's clear title requirement. *See Home Builders Ass'n of Greater St. Louis v. State*, 75 S.W.3d 267, 270 (Mo. banc 2012).

Practical concerns join these numerous constitutional problems. Missouri has 468 different state funds. When it negotiated the bill substitute, the Senate protected nine categories of funds from the fund sweep. Protected funds include funds for tattoo artists (Tattoo Fund), interior designers (Interior Designer Council Fund), embalmers (Board of Embalmers and Funeral Directors' Fund), acupuncturists (Acupuncturist Fund), massage therapists (Massage Therapy Fund), and realtors (Real Estate Commission Fund).

The Office of Administration's Budget and Planning Division estimates that Senate Substitute for House Committee Bill No. 3 exposed 233 state funds to the potential fund sweep. Funds at risk of being drained include programs to prevent child abuse and neglect (Children's Trust Fund), assistance to workers injured on the job (Workers Compensation Fund and Second Injury Fund), and training to police officers (Highway Patrol Academy Fund) and firefighters (Fire Education Fund).

Because there was no public hearing and the Senate negotiated carve-outs late in the legislative session, Missourians never had the chance to question or comment on this bill's funding priorities. Missourians did not have the chance to question why the Senate protected tattoo artists, interior designers, and realtors, while placing in jeopardy funds for abused children, injured workers, and first responders.

Elected officials in the General Assembly must confront funding issues seriously and not dodge tough decisions through last minute, unconstitutional gimmicks. In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Committee Bill No. 3** without my approval.

Sincerely,

/s/ Eric R. Greitens

Section 5.181

I hereby veto \$1 General Revenue for MOHEFA debt service and all related expenses associated with the Kansas City Music Conservatory project bonds.

This decision is consistent with my veto message of June 29, 2017 returning House Committee Substitute for House Concurrent Resolution 19 without my approval.

The Section vetoed relates to the General Assembly's decision to commit the State of Missouri to additional bond debt to fund 50% of a new conservatory building for the University of Missouri-Kansas City's music and dance programs. This would have put Missouri taxpayers on the hook for \$48 million in debt over the next decade. The interest on these bonds is estimated to be between \$7 million and \$10 million. Section 260.035, RSMo, grants the EI ERA, not the legislative branch, broad and specific powers to carry out the statutory duties assigned to the Authority. In addition, a majority of the resources in the SEIA Fund are the proceeds from EI ERA bond sales, for which the state has no liability (Section 260.065, RSMo), and should not be considered state resources located in the state treasury. The Supreme Court of Missouri has already rejected the claim that revenues collected by the Authority are to be deposited in the state treasury and appropriated therefrom. *State ex inf. Danforth v. Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Corrections and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the period beginning July 1, 2017 and ending June 30, 2018.

Section 9.263

I hereby veto \$35,500,000 allocated to the Inmate Canteen Fund.

Section 217.195, RSMo, which created the Inmate Canteen Fund, states that the funds shall be kept in a "separate account" and "shall not revert or be transferred to general revenue." The General Assembly has authorized the creation of funds that are separate from general revenue: "All moneys received by this state shall be deposited in the state treasury to the credit of the general revenue fund, unless required by statute or constitutional provision to be deposited in some other specifically named fund." Section 33.543, RSMo.

Section 217.195, RSMo expressly excepted the Inmate Canteen Fund from the requirements in Section 33.80, RSMo, that all state money be placed in the state treasury and be subject to appropriation by the General Assembly. Like in *Petition of Bd. of Pub. Buildings*, 363 S.W.2d 598, 607 (Mo. banc 1962), the Inmate Canteen Fund "would not have passed through the treasury at any time and would not have been withdrawn therefrom by appropriation." Accordingly, Section 9.263 impermissibly brings the Inmate Canteen Fund into the State Treasury and appropriations process. This provision is inconsistent with Section 217.195, RSMo. The legislature may not amend current legal requirements through the appropriation process. It is well-settled that "legislation of a general character cannot be included in an appropriation bill." *State ex rel. Davis v. Smith*, 75 S.W.2d 828, 830 (Mo. banc 1934); see also *State ex rel. Hueller v. Thompson*, 289 S.W. 338, 340 (Mo. banc 1926).

In addition, Section 217.195, RSMo further directs the Department of Corrections to "keep accurate records of the source of money deposited" into the fund and to "allocate appropriations from the fund to the appropriate correctional center." Because Section 217.195, RSMo already authorizes the Department of Corrections to allocate appropriations from the fund to the appropriate correctional center, where funds shall be expended "for the benefit of the offenders in the improvement of recreational, religious, or educational services," Section 9.263 is unnecessary.

Section 9.263 is vetoed in its entirety from \$35,500,000 to \$0 in total from the Inmate Canteen Fund.
From \$35,500,000 to \$0 in total for the section.

On June 30, 2017, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9**, except for those items specifically vetoed and not approved.

Sincerely,

/s/ Eric R. Greitens

AN ACT

To repeal section 40.435, RSMo, and to enact in lieu thereof one new section relating to military complaints against a commanding officer.

I disapprove of House Bill No. 850. My reasons for disapproval are as follows:

House Bill No. 850 would no longer allow Missouri National Guard soldiers to forward a complaint lodged against a commanding officer to the Governor, who is the Commander-in-Chief of the Missouri National Guard. *See* MO. CONST., art. IV, § 6; RSMo, § 41.120. Although there are other grievance procedures available to our soldiers, there are situations in which the State's Commander-in-Chief should be on notice of soldiers' grievances. Moreover, this

procedure has been available to our service men and women since 1984, and there is no evidence of substantial need to amend this long-standing process. I am committed to keeping as many resources as possible available to our soldiers; therefore, I must veto House Bill No. 850.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 850** without my approval.

Respectfully submitted,

NINETY-NINTH GENERAL ASSEMBLY
of the
STATE OF MISSOURI
FIRST EXTRAORDINARY SESSION

FIRST DAY, MONDAY, MAY 22, 2017

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He that doeth the will of God abideth forever. (I John 2:17)

Eternal Father, grant that in the worship of this moment and in the work of this day we may bear witness to the fact that we are Your children. In our relationship with each other may we be gentle in our criticisms, just in our judgments, lavish in our praises, and loyal to the best in all of us.

Give us insight into the needs of our citizens, inspiration to do something about them, and the confident assurance that You are with us, sustaining us, and supporting us, as we endeavor to keep our State great in goodness and good in greatness.

Unite us with all who are striving to safeguard our heritage of liberty and to keep our country forever the land of the free, the home of the brave, and the place where justice, peace and good will dwells.

And the House says, "Amen!"

MESSAGES FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Eric R. Greitens.

PROCLAMATION

WHEREAS, the people of Missouri deserve more quality jobs; and

WHEREAS, the State of Missouri has a skilled workforce able to manufacture materials and products sold around the world; and

WHEREAS, government should not prevent businesses from coming and growing here; and

WHEREAS, one critical measure not addressed by the 2017 legislative session would have kept Missouri in the running for a steel mill and additional manufacturing jobs; and

WHEREAS, the top priority of Missouri's elected leaders should be to fight for new jobs for Missourians; and

WHEREAS, in order to compete for new manufacturing jobs, utilities need additional flexibility; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need to provide the Public Service Commission with flexibility to approve special electricity rates for steel works, aluminum smelting facilities, or other similar facilities, in order to attract new jobs to Missouri, is an extraordinary occasion envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, ERIC R. GREITENS, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Ninth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 4 p.m., Central Daylight Time, on May 22, 2017; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To enact legislation authorizing the Public Service Commission to approve a special electricity rate for an aluminum smelting facility, a steel works facility, or other similar facility that is not based on the electrical corporation's cost of service, provided that the Public Service Commission (1) determines the special electricity rate for the facility is in the interest of the State of Missouri; (2) approves a uniform percentage adjustment in each general rate proceeding; (3) approves a tracking mechanism to track changes in the net margin experienced by the electrical corporation; and (4) approves either a rate schedule reflecting the special electricity rate if the facility is located within the electrical corporation's certificated service territory or a contract reflecting the special electricity rate, but neither the rate schedule nor the contract shall allow the special electricity rate to continue beyond ten years.
2. To enact legislation authorizing the Public Service Commission to allow electrical corporations a reasonable opportunity to earn a fair return, by methods such as rate adjustment mechanisms not otherwise statutorily authorized, which the commission shall lack authority to modify or eliminate during the specified term.
3. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 18th day of May, 2017.

/s/ Eric R. Greitens
Governor

First Extraordinary Session, 99th GENERAL ASSEMBLY

SECOND DAY, TUESDAY, MAY 23, 2017

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

*We do not grow weary; for though our outward man perish, yet the inner man is renewed day by day.
(II Corinthians 4:16)*

Almighty and Everlasting God, who is always ready to strengthen the souls of Your children, we pause to pray and lift our hearts unto You. Into our smallness breathe the greatness of Your power, into our misunderstandings bring the understanding of Your wisdom, and into our troubled hearts let there come the steadiness of Your strong spirit. Lift us from lower levels of living that, by loving You willingly and serving our constituents faithfully, we may find our true selves in You.

We pray for the people we serve that they not miss the right path amid the confusion of these times. With courageous hearts, creative minds, and confident hands, help us to bring order into the disorders of our State, to expel hatred with love and to replace prejudices with principles that we may leave behind us a better State of Missouri, where all can live together in peace with hope.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The Lord will give strength unto His people; the Lord will bless His people with Peace. (Psalm 29:11)

O God, whose mercy is everlasting and whose truth endures forever, direct us, as we face the duties of another day. Grant unto us the wisdom of Your thoughts and the confidence of Your creative mind that we may eagerly seek the best and the most honorable in all things concerning our good people. Help us to be courageous when courage is needed, strong when strength is demanded, patient when patience is necessary, and kind when kindness is essential.

Bless our Governor, our Speaker, Members of this House of Representatives, our Senate, and all who work with them. May they be strengthened by the assurance that Your hand supports them as they endeavor to lead our State in the paths of righteousness, peace and hope.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

House Amendment No. 4

AMEND House Committee Substitute for House Bill No. 1, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"386.264. 1. If the commission, during any general rate proceeding for a gas corporation, electrical corporation, water corporation, or sewer corporation, makes a determination that the total annual earnings for any single utility corporation are more likely than not to increase by one hundred million dollars or more as a direct result of an increase in rates authorized at such general rate proceeding, then the commission shall have authority to set a separate, lower fixed charge or customer charge for low-income customers and senior customers of such gas corporation, electrical corporation, water corporation, or sewer corporation.

2. For purposes of this section, "low-income customer" means a residential customer whose income for the prior calendar year does not exceed two hundred and fifty percent of the current federal poverty level.

3. For purposes of this section, "senior customer" means a residential customer who is over the age of fifty-six.

4. The commission may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section, shall be invalid and void.

386.715. 1. The public counsel shall, prior to the beginning of each fiscal year, make available to the commission an estimate of the expenses to be incurred by the public counsel during such fiscal year, reasonably attributable to his or her responsibilities under sections 386.700 and 386.710, and shall also separately estimate the amount of such expenses directly attributable to such responsibilities with respect to each of the following groups of public utilities: electrical corporations, gas corporations, water corporations, heating companies, telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The public counsel shall allocate to each such group of public utilities the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 with respect to such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the three preceding calendar years bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission during such calendar years. The commission shall then assess, on behalf of the public counsel, the amount so allocated to each group of public utilities, subject to reduction as provided in this section, to the public utilities in such group in proportion to its respective gross intrastate operating revenues during the preceding calendar year. The amount assessed shall not exceed one-eighth of one percent. Nothing in this section shall authorize the commission to determine how the public counsel allocates the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 or how the assessment imposed under this section is spent by the public counsel.

3. On behalf of the public counsel, the commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of such statement, to wit: July fifteenth, October fifteenth, January fifteenth, and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Counsel Fund", which fund shall be devoted solely to the payment of expenditures actually incurred by the public counsel and attributable to his or her responsibilities under sections 386.700 and 386.710. Any amount remaining in such special fund at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable to the payment of such expenditures of the public counsel in the succeeding fiscal year and shall be applied by the public counsel to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the public counsel to make the allocations and assessments provided for in this section, each public utility subject to the jurisdiction of the commission shall file with the commission on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time established in this subsection, the commission shall estimate such revenue. Such estimate shall be binding on such public utility for the purpose of this section.

6. (1) The commission, on behalf of the public counsel, may adopt rules establishing charges for copies of papers and records, official documents, and orders filed; certified copies of evidence and proceedings taken before the commission; and the transmission by electronic transmittal of papers, records, evidence and transcripts, diskettes, and other documents or papers for which requests for copies are received. Fees charged for copies of papers and records shall comply with the provisions of section 610.026;

(2) No fees shall be charged or collected for copies of papers, records, or official documents furnished to public officers for use in their official capacity;

(3) All fees collected under subdivision (1) of this subsection shall be deposited to the credit of the public counsel fund from which the expenses of furnishing the copies listed in subdivision (1) of this subsection are paid and shall be used by the public counsel to offset such expenses.

7. Beginning with the effective date of this section, the commission shall charge an annual fee comprised of five percent of the total increase in authorized earnings allowed by the commission and attributed by the commission to any increase in utility rates previously authorized by the commission. The fee shall be deposited in the fund created under subsection 8 of this section.

8. (1) There is hereby created in the state treasury the "Rate Payer Defense Fund", which shall consist of fees imposed under subsection 7 of this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for authorized expenditures, such as litigation expenses, by the public counsel as described under sections 386.700 and 386.710;

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund;

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund."; and

House Amendment No. 5

AMEND House Committee Substitute for House Bill No. 1, Page 3, Section 393.356, Line 3, by inserting immediately after said section and line the following:

"393.1410. 1. It shall be the policy of the state of Missouri for the commission to regulate electrical corporations in a manner to best ensure safe, reliable, and affordable energy for ratepayers through just and reasonable rates. To comply with this policy, the commission may support expenditures by electrical corporations that maintain or improve the reliability, safety, security, or automation of electric infrastructure, including the use of the latest technologies to meet the needs and expectations of customers if the commission determines that doing so is in the best interests of ratepayers by ensuring that energy is safe, reliable, and affordable in Missouri.

2. As used in this section, the following terms shall mean:

(1) "Decisional pre-approval with a post-construction review of construction projects", a process in which the electrical corporation may request commission pre-approval of a decision to undertake major construction projects, whereby, if pre-approval is granted, the electrical corporation shall remain subject to a

post-construction review of the prudence and reasonableness of the incurred costs of the projects prior to inclusion of the costs in customer rates;

(2) "Grid modernization incentive mechanisms", special ratemaking treatments granted to an electrical corporation to provide an incentive to engage in investments that modernize transmission, distribution, or metering system components installed pursuant to a commission-approved grid modernization plan, and which may include allowing the utility to defer depreciation, expense, and carrying costs on qualifying plant additions until the point that such investments are included in the electrical corporation's rate base for ratemaking purposes;

(3) "Partially forecasted test years", a test year consisting of twelve consecutive months of financial information utilized in a rate proceeding as a starting point to determine an electrical corporation's authorized revenue requirement that includes no more than six months of forecasted data;

(4) "Performance-based ratemaking", rates subject to the upward or downward periodic adjustment outside of a general rate case based on a utility's ability to meet certain preset financial or operating criteria established by the commission;

(5) "Revenue decoupling with regular adjustments", a mechanism to adjust rates prospectively to account for deviations in usage, demand, and customer count such that an electrical corporation's revenues for a given time period, as adjusted by costs previously determined in a general rate case, match that utility's commission-approved revenues.

3. Subject to the prohibitions of section 393.135, the commission may utilize partially forecasted test years, grid modernization incentive mechanisms, performance-based ratemaking, revenue decoupling with regular adjustments, or decisional pre-approval with post-construction review of construction projects. To the extent the commission's approval of a rate adjustment mechanism or other mechanism provided for by this section specifies a term over which the approval is to continue, the commission shall lack the authority to arbitrarily modify or eliminate the electrical corporation's use of the mechanism or tool during the specified term.

4. The commission may only utilize any of the ratemaking mechanisms specified in this section upon the electricity corporation establishing and the commission determining that use of the mechanism in the particular instance would result in an overall benefit to ratepayers considering its impact on rates, reliability, safety, security, and customer service.

5. Nothing in this section shall be construed to limit the commission's authority to make determinations regarding prudence or to set rates that are just and reasonable."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 5 was withdrawn.

Representative Christofanelli offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 1, Page 3, Section 393.356, Line 3, by inserting after all of said section the following:

"Section 1. 1. As used in this section, the term "utility customer" means any residential or commercial user of an electric utility that has its rates adjusted under sections 393.355 to 393.356.

2. "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or otherwise due under chapter 148;

3. "Taxpayer", any individual, partnership, or corporation as described in section 143.441, 143.471, or section 148.370 that is subject to the tax imposed in chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax imposed in chapter 148 or any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143.

4. For all tax years beginning on or after January 1, 2017, any utility customer shall be allowed to claim a tax credit equal to one hundred percent of the actual amount of the utility customer's increased utility expense based on the rate increase as calculated by the Missouri public service commission under subsection 2 of section 393.355. The credit shall not be refundable but can be carried forward up to three tax periods. No credit shall be sold, assigned, or transferred.

5. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. (2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The termination of the program as described in this subsection shall not be construed to preclude any taxpayer who claims any benefit under any program that is sunset under this subsection from claiming such benefit for all allowable activities related to such claim that were completed before the program was sunset, or to eliminate any responsibility of the administering agency to verify the continued eligibility of projects receiving tax credits and to enforce other requirements of law that applied before the program was sunset."; and

LETTERS OF RESIGNATION

May 18, 2017

Speaker Todd Richardson
201 West Capitol Avenue
Room 308
Jefferson City, MO 65101

Dear Speaker Richardson,

It is with bittersweet emotions that I submit my letter of resignation from the Missouri House of Representatives. My resignation shall be effective at midnight May 31, 2017. Serving in the Missouri House of Representatives has been the most rewarding experience of my life. My decision to resign was not made easily. Following resignation I will be relocating to Omaha, Nebraska to serve as the Founding Executive Director of Spark, a non-profit community development intermediary focused on the holistic redevelopment of the Omaha/Council Bluffs region.

Serving alongside you and the other members of the Legislature has been a pleasure and I will certainly miss it. I wish you all the best. May God Bless you, the state of Missouri and the United States of America.

Respectfully,

/s/ Randy D. Dunn
District 23

Speaker Todd Richardson
201 West Capitol Avenue
Room 308
Jefferson City, MO 65101

Speaker Richardson,

Please accept this as my letter of resignation effective June 2, 2017. I have truly enjoyed working with everyone in the General Assembly; it has been a privilege and honor to serve the people of the 151st District and the people of Missouri.

Not everyone has the opportunity to be a State Representative and it has taught me so much! I have learned things about my district and our state that I would never have known had I not been working in this capacity the past three years. The people whom I have met and been able to help in even the smallest ways have humbled me forever. I really do agree with the statement I once heard, that everyone should run for office at some point in his or her life; you truly do learn more about the political process and how government works than you ever knew was possible!

Thank you again for your leadership and I wish everyone the very best!

Sincerely,

/s/ Tila Hubrecht
State Representative
District 151

Prayer by Representative Justin Alferman.

Dear Heavenly Father, please watch over this House during this Extraordinary Session of the Missouri General Assembly.

MESSAGES FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Eric R. Greitens.

PROCLAMATION

WHEREAS, section 188.010, RSMo, provides that "it is the intention of the general assembly of the State of Missouri to grant the right to life of all humans, born and unborn;" and

WHEREAS, on May 2, 2017, the United States District Court for the Western District of Missouri (the "Court") in *Comprehensive Health of Planned Parenthood Great Plains, et al. v. Dr. Randall Williams, et al.*, Case No. 2:16-cv-047313-HFS ruled against health and safety standards for abortion clinics by preliminarily enjoining the enforcement of § 197.215.1(2), RSMo; 19 CSR § 30-30.060(1)(C)(4); the second sentence of § 188.080, RSMo; and § 188.027.1(1)(e), RSMo, as to physicians seeking to perform abortions; and

WHEREAS, on May 2, 2017, the Court also ruled against common sense health and safety standards for abortion clinics by preliminarily enjoining the enforcement of 19 CSR § 30-30.070 and 19 CSR § 30-30.060(1)(C)(4) as to abortion facilities; and

WHEREAS, the effect of the Court's ruling is to eliminate the meaningful licensure of abortion clinics in Missouri, and the Court's ruling constitutes an immediate danger to the public health, safety, and welfare; and

WHEREAS, the City of St. Louis enacted Board Bill 203CS/City Ordinance 70459, which undermines pregnancy care centers that provide critical resources for women seeking counseling and support for alternatives to abortion and the State's "Alternatives to Abortion" program; and

WHEREAS, the State should protect freedoms of speech, association, and religion and allow persons and institutions to follow their conscience with respect to abortion-related decisions; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor to "[o]n extraordinary occasions . . . convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary;" and

WHEREAS, the immediate danger to the public health, safety, and welfare due to the Court's ruling against health and safety regulations of abortion clinics is an extraordinary occasion as envisioned by Article IV, Section 9 of the Missouri Constitution; and

WHEREAS, the threat to pregnancy care centers and the State's "Alternatives to Abortion" program due to St. Louis City Ordinance 70459 likewise amounts to an extraordinary occasion as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, ERIC R. GREITENS, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Ninth General Assembly of the State of Missouri in the Second Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 4:00 p.m., Central Daylight Time, on June 12, 2017; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To amend section 197.200, RSMo, to define "Abortion Facility" or "Abortion Facilities;"
2. To amend section 197.200, RSMo, by deleting the portion of the definition of "ambulatory surgical center" that includes "any establishment operated for the purpose of performing or inducing any second or third-trimester abortions or five or more first-trimester abortions per month;"
3. To amend chapters 188, 191, 192, 197, and 595 so that each and every applicable section and subsection applies to "Abortion Facility" or "Abortion Facilities;"
4. To amend section 197.215, RSMo, to require that "Abortion Facilities" provide affirmative evidence that each person performing an abortion is a physician currently licensed to practice in Missouri;
5. To add a new subsection to § 197.225, RSMo, that authorizes the Department of Health and Senior Services to adopt rules, regulations, and standards regarding patient health and safety that apply to ambulatory surgical centers and, separately, that apply to "Abortion Facility" or "Abortion Facilities;"
6. To add a new subsection to § 197.230, RSMo, that requires the Department of Health and Senior Services to annually inspect every "Abortion Facility" for safety and compliance with state law and to establish the requirements of such inspections;

7. To add a new section to chapter 188 that preempts a political subdivision from enacting a law or policy that adversely affects the legal rights of a person or entity due to that person or entity's view on abortion; acknowledges those legal rights; and establishes judicial mechanisms to protect those legal rights;
8. To add a new subsection to § 188.021, RSMo, that requires "Abortion Facilities" to submit to the Department of Health and Senior Services their plans for dealing with complications resulting from certain abortions, to obtain approval from the Department of Health and Senior Services of these complication plans; and, further, to authorize the Department of Health and Senior Services to adopt rules, regulations, and standards governing these plans;
9. To amend sections 188.027.9 and 188.039.6, RSMo, to define "qualified professional" as a physician who has referred the woman to the physician who is to perform the abortion, or to an advance practice registered nurse engaged in a collaborative practice agreement with the physician who is to perform the abortion, as provided for in section 334.104, RSMo;
10. To add a new section to chapter 574 that prohibits a person, while working in an "Abortion Facility," from knowingly ordering, requesting, or attempting to prevent medical personnel or emergency services personnel from providing care to a patient in accordance with ordinary standards of care for reasons unrelated to that patient's health or welfare;
11. To add a new subsection to § 188.075, RSMo, that allows the Attorney General of Missouri to have concurrent original jurisdiction throughout the State, along with each prosecuting attorney and circuit attorney within their respective jurisdictions, to prosecute violations of chapter 188, violations of any state law on the use of public funds for abortion, and violations of any state law that regulates an "Abortion Facility" or person performing or inducing abortion, including the offense of interference with medical assistance;
12. To amend section 188.047, RSMo, to modify the law relating to the requirement of pathological examinations and related reports, and further, to authorize the Department of Health and Senior Services to adopt rules, regulations, and standards governing such examinations and reports;
13. To add a new section to chapter 188 protecting employees who disclose violations of applicable federal or state law related to chapter 188, and, further, authorizing the Department of Health and Senior Services to adopt rules, regulations, and standards regarding the implementation of such policies;
14. To add an Emergency Clause to all legislation enacted by the Ninety-Ninth General Assembly of the State of Missouri in the Second Extra Session of the First Regular Session; and
15. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 7th day of June, 2017.

JOURNAL OF THE HOUSE

Second Extraordinary Session, 99th GENERAL ASSEMBLY

FIFTH DAY, TUESDAY, JUNE 20, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Representative Ken Wilson.

Father, we acknowledge who You are, and we acknowledge Your presence here with us today in this assembly.

Father, please help us to be mindful of our hearts and tongues as we go about our work today.

Father, we may not know everything, but we pray that we may know Your will. We may not have the Wisdom of Solomon, but we know how to be gracious and kind and understanding in our words and actions toward each other.

May these few minutes of prayer find each one of us, in his own way, recharged and reaching out to You for help and guidance in this very important work that we do today.

Hear our prayers and be with us this day.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Jonathan T. Dunville.

The Journal of the first day was approved as printed by the following vote:

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 5, Pages 8 to 11, Section 188.030, Lines 1 to 110, by deleting said lines and inserting in lieu thereof the following:

"188.030. 1. ~~[Except in]~~ **In** the case of a medical emergency~~[-, no abortion of a viable unborn child shall be performed or induced unless the abortion is necessary to preserve the life of the pregnant woman whose life is~~

~~endangered by a]~~ **resulting from pregnancy**, physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself, or when continuation of the pregnancy will create a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman, **every effort shall be exercised to subject the unborn baby to a natural or surgical delivery**. For purposes of this section, "major bodily function" includes, but is not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

2. Except in the case of a medical emergency:

(1) Prior to performing or inducing an abortion upon a woman, **due process of law shall be required before the life of any unborn human is ended prior to natural death. Natural death shall mean miscarriage, still birth, or any death not induced by another;**~~[the physician shall determine the gestational age of the unborn child in a manner consistent with accepted obstetrical and neonatal practices and standards. In making such determination, the physician shall make such inquiries of the pregnant woman and perform or cause to be performed such medical examinations, imaging studies, and tests as a reasonably prudent physician, knowledgeable about the medical facts and conditions of both the woman and the unborn child involved, would consider necessary to perform and consider in making an accurate diagnosis with respect to gestational age;~~

~~———— (2) If the physician determines that the gestational age of the unborn child is twenty weeks or more, prior to performing or inducing an abortion upon the woman, the physician shall determine if the unborn child is viable by using and exercising that degree of care, skill, and proficiency commonly exercised by a skillful, careful, and prudent physician. In making this determination of viability, the physician shall perform or cause to be performed such medical examinations and tests as are necessary to make a finding of the gestational age, weight, and lung maturity of the unborn child and shall enter such findings and determination of viability in the medical record of the woman;~~

~~———— (3) If the physician determines that the gestational age of the unborn child is twenty weeks or more, and further determines that the unborn child is not viable and performs or induces an abortion upon the woman, the physician shall report such findings and determinations and the reasons for such determinations to the health care facility in which the abortion is performed and to the state board of registration for the healing arts, and shall enter such findings and determinations in the medical records of the woman and in the individual abortion report submitted to the department under section 188.052;~~

~~———— (4) (a) If the physician determines that the unborn child is viable, the physician shall not perform or induce an abortion upon the woman unless the abortion is necessary to preserve the life of the pregnant woman or that a continuation of the pregnancy will create a serious risk of substantial and irreversible physical impairment of a major bodily function of the woman.~~

~~(b)]~~ **(2)(a)** Before a physician may proceed with performing or inducing an abortion upon a woman ~~[when it has been determined that the unborn child is viable]~~, the physician shall first certify in writing the medical threat posed to the life of the pregnant woman, or the medical reasons that continuation of the pregnancy would cause a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman. **The physician shall make every effort to subject the unborn baby to a natural or surgical delivery. Following delivery of the baby, the attending physician shall take control of and provide immediate medical care for a child born.** ~~[Upon completion of the abortion, the physician shall report the reasons and determinations for the abortion of a viable unborn child to the health care facility in which the abortion is performed and to the state board of registration for the healing arts, and shall enter such findings and determinations in the medical record of the woman and in the individual abortion report submitted to the department under section 188.052.]~~

~~[(c)]~~ **(b)** Before a physician may proceed with performing or inducing an abortion upon a woman ~~[when it has been determined that the unborn child is viable]~~, the physician who is to perform the abortion shall obtain the agreement of a second physician with knowledge of accepted obstetrical and neonatal practices and standards who shall concur that the abortion is necessary to preserve the life of the pregnant woman, or that continuation of the pregnancy would cause a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman. This second physician shall also report such reasons and determinations to the health care facility in which the abortion is to be performed and to the state board of registration for the healing arts, and shall enter such findings and determinations in the medical record of the woman and the individual abortion report submitted to the department under section 188.052. The second physician shall not have any legal or financial affiliation or relationship with the physician performing or inducing the abortion, except that such prohibition shall not apply to physicians whose legal or financial affiliation or relationship is a result of being employed by or having

staff privileges at the same hospital, **ambulatory surgical center, or abortion facility**, as ~~[the term "hospital" is]~~ defined in **this chapter and** section 197.020.

~~[(d)] (c)~~ Any physician who performs or induces an abortion upon a woman ~~[when it has been determined that the unborn child is viable]~~ shall utilize the available method or technique of abortion most likely to preserve the life or health of the unborn child. In cases where the method or technique of abortion most likely to preserve the life or health of the unborn child would present a greater risk to the life or health of the woman than another legally permitted and available method or technique, the physician may utilize such other method or technique. In all cases ~~[where the physician performs an abortion upon a viable unborn child]~~, the physician shall certify in writing the available method or techniques considered and the reasons for choosing the method or technique employed.

~~[(e)] (d)~~ No physician shall perform or induce an abortion upon a woman ~~[when it has been determined that the unborn child is viable]~~ unless **due process of law for the unborn has been exercised** and there is in attendance a physician other than the physician performing or inducing the abortion who shall take control of and provide immediate medical care for a child born as a result of the abortion. During the performance of the abortion, the physician performing it, and subsequent to the abortion, the physician required to be in attendance, shall take all reasonable steps in keeping with good medical practice, consistent with the procedure used, to preserve the life or health of the viable unborn child; provided that it does not pose an increased risk to the life of the woman or does not pose an increased risk of substantial and irreversible physical impairment of a major bodily function of the woman.

3. Any person who knowingly performs or induces an abortion of an unborn child in violation of the provisions of this section is guilty of a class D felony, and, upon a finding of guilt or plea of guilty, shall be imprisoned for a term of not less than one year, and, notwithstanding the provisions of section 558.002, shall be fined not less than ~~[ten]~~ **fifty** thousand nor more than ~~[fifty]~~ **one hundred** thousand dollars.

4. Any physician who pleads guilty to or is found guilty of performing or inducing an abortion of an unborn child in violation of this section shall ~~[be subject to suspension or revocation of]~~ **have** his or her license to practice medicine in the state of Missouri **revoked** by the state board of registration for the healing arts under the provisions of sections 334.100 and 334.103.

5. Any hospital licensed in the state of Missouri that knowingly allows an abortion of an unborn child to be performed or induced in violation of this section ~~[may be subject to suspension or revocation of]~~ **shall have** its license **revoked** under the provisions of section 197.070.

6. Any ambulatory surgical center licensed in the state of Missouri that knowingly allows an abortion of an unborn child to be performed or induced in violation of this section ~~[may]~~ **shall** be subject to ~~[suspension or]~~ revocation of its license under the provisions of section 197.220 **and shall be fined not less than one million dollars.**

7. A woman upon whom an abortion is performed or induced in violation of this section shall not be prosecuted for a conspiracy to violate the provisions of this section.

8. Nothing in this section shall be construed as creating or recognizing a right to abortion, nor is it the intention of this section to make lawful any abortion that is currently unlawful.

9. It is the intent of the legislature that this section be severable as noted in section 1.140. In the event that any section, subsection, subdivision, paragraph, sentence, or clause of this section be declared invalid under the Constitution of the United States or the Constitution of the State of Missouri, it is the intent of the legislature that the remaining provisions of this section remain in force and effect as far as capable of being carried into execution as intended by the legislature.

10. The general assembly may, by concurrent resolution, appoint one or more of its members who sponsored or co-sponsored this act in his or her official capacity to intervene as a matter of right in any case in which the constitutionality of this law is challenged."; and

The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the ~~sixty-day~~ **two-year** period beginning on the last day of their pregnancy;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO

HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1;

(26) Effective August 28, 2013, persons who are in foster care under the responsibility of the state of Missouri on the date such persons attain the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, without regard to income or assets, if such persons:

- (a) Are under twenty-six years of age;
- (b) Are not eligible for coverage under another mandatory coverage group; and
- (c) Were covered by Medicaid while they were in foster care.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397II.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes ~~the sixtieth day~~ **two years** after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397II.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar

agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

NOW THEREFORE, I, ERIC R. GREITENS, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do hereby amend the matters specifically designated in said Proclamation for consideration by the General Assembly as follows:

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specially designated and limited hereinafter as follows:

1. To amend section 197.200, RSMo, to define “Abortion Facility” or “Abortion Facilities;”
2. To amend section 197.200, RSMo, by deleting the portion of the definition of “ambulatory surgical center” that includes “any establishment operated for the purpose of performing or inducing any second or third-trimester abortions or five or more first-trimester abortions per month;”
3. To amend chapters 188, 191, 192, 197, and 595 so that each and every applicable section and subsection applies to “Abortion Facility” or “Abortion Facilities;”
4. To amend section 197.215, RSMo, to require that “Abortion Facilities” provide affirmative evidence that each person performing an abortion is a physician currently licensed to practice in Missouri;

5. To add a new subsection to § 197.225, RSMo, that authorizes the Department of Health and Senior Services to adopt rules, regulations, and standards regarding patient health and safety that apply to ambulatory surgical centers and, separately, that apply to “Abortion Facility” or “Abortion Facilities;”
6. To add a new subsection to § 197.225, RSMo, that requires “Abortion Facilities” to maintain a written protocol for managing medical emergencies and the transfer of patients requiring further emergency care to a hospital within a reasonable distance from the “Abortion Facility;”
7. To amend section 197.287, RSMo, to require that all “Abortion Facilities” comply with the requirements of said section by July 1, 2018;
8. To add a new subsection to § 197.230, RSMo, that requires the Department of Health and Senior Services to annually inspect every “Abortion Facility” for safety and compliance with state law and to establish the requirements of such inspections and to make reports of such inspections publicly available;
9. To amend the definition of “nosocomial infection” in section 192.665, RSMo, to be defined according to the definition established by the federal Centers for Disease Control and Prevention;
10. To add a new section to chapter 188 that preempts a political subdivision from enacting a law or policy that adversely affects the operations, speech, or legal rights of a person or entity due to that person or entity’s view on abortion; acknowledges those legal rights; and establishes judicial mechanisms to protect those legal rights;
11. To add a new subsection to § 188.021, RSMo, that requires “Abortion Facilities” to submit to the Department of Health and Senior Services their plans for dealing with complications resulting from certain abortions, to obtain approval from the Department of Health and Senior Services of these complication plans; and, further, to authorize the Department of Health and Senior Services to adopt rules, regulations, and standards governing these plans;
12. To amend sections 188.027.9 and 188.039.6, RSMo, to define “qualified professional” as a physician who has referred the woman to the physician who is to perform the abortion, or to an advance practice registered nurse engaged in a collaborative practice agreement with the physician who is to perform the abortion, as provided for in section 334.104, RSMo;
13. To amend section 188.027, RSMo, to require that the physician performing the abortion inform the woman seeking an abortion of the medical risks associated with the proposed abortion method;
14. To amend sections 188.027 and 188.039, RSMo, to apply to “the referring physician;”
15. To add a new section to chapter 574 that prohibits a person, while working in an “Abortion Facility,” from knowingly ordering, requesting, or attempting to prevent medical personnel or emergency services personnel from providing care to a patient in accordance with ordinary standards of care for reasons unrelated to that patient’s health or welfare and to create the offense of interference with medical assistance;
16. To add a new subsection to § 188.075, RSMo, that allows the Attorney General of Missouri to have concurrent original jurisdiction throughout the State, along with each prosecuting attorney and circuit attorney within their respective jurisdictions, to prosecute violations of chapter 188, violations of any state law on the use of public funds for abortion, and violations of any state law that regulates an “Abortion Facility” or person performing or inducing abortion, including the offense of interference with medical assistance;
17. To amend section 188.047, RSMo, to modify the law relating to the requirement of pathological examinations and related reports, and further, to authorize the Department of Health and Senior Services to adopt rules, regulations, and standards governing such examinations and reports;

18. To add a new section to chapter 188 protecting employees who disclose violations of applicable federal or state law related to chapter 188, and, further, authorizing the Department of Health and Senior Services to adopt rules, regulations, and standards regarding the implementation of such policies;
19. To add an Emergency Clause to all legislation enacted by the Ninety-Ninth General Assembly of the State of Missouri in the Second Extra Session of the First Regular Session; and
20. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 5th day of July, 2017.

MESSAGES FROM THE GOVERNOR

June 29, 2017

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Concurrent Resolution No. 19** entitled:

AN ACT

Relating to the financing of educational facilities.

I disapprove of House Committee Substitute for House Concurrent Resolution 19. My reasons for disapproval are as follows:

Missouri government must be a wise steward of our citizens' hard-earned tax dollars. It should contribute to the economic growth of our State through the implementation of sound fiscal policy, and it should operate to serve all Missourians as efficiently as possible. Unfortunately, our budget is unbalanced, revenue is down, and the costs of living and conducting business are rising. In order to balance our budget, hard choices have to be made.

If signed into law, House Committee Substitute for House Concurrent Resolution 19 could commit the State to funding 50% of a new conservatory building for the University of Missouri-Kansas City's ("UMKC") music and dance programs. The remainder of the cost of the building would be funded by private donations, grants, and other funds from the University of Missouri. This bill puts Missouri taxpayers on the hook for \$48 million in debt over the next decade. The interest on these bonds is estimated to be between \$7 million and \$10 million. Furthermore, there is no definite plan to cover the facility's operating expenses; therefore, the taxpayers are currently at risk for an estimated \$19 million in operating expenses in the next 10 years.

I came into office as a conservative outsider. I pledged to act as a budget hawk and protect the people's money. My administration asked leaders across government to do more with less taxpayer money, and to get better results for the people of Missouri. I urged the leaders of Missouri's universities to think and act differently, to prioritize, and to make tough decisions.

In a sign of their commitment to heeding this call, the President and the Board of Curators of the University of Missouri System announced that they will reject any additional taxpayer money to pay for the UMKC conservatory. Instead, university leaders have committed to develop a real, detailed plan to pay for the building with alternative means: either through private funds or by reprioritizing their current resources.

Accordingly, I veto this bill to protect Missouri taxpayers and to signal my support for the need for a real plan before the State makes any major capital investment. I cannot support a bill that blindly pledges taxpayer dollars, and certainly not when leaders in the university system have publicly acknowledged that no state funds should be used for this project. Our university leaders and the Kansas City community are ready to do this the right way. My administration is committed to changing the way business is done in Missouri.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Concurrent Resolution No. 19** without my approval.

Sincerely,

/s/ Eric R. Greitens
Governor

June 30, 2017

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for House Committee Bill No. 3** entitled:

AN ACT

To repeal section 208.1050, RSMo, and to enact in lieu thereof one new section relating to funds for vulnerable senior citizens.

I disapprove of Senate Substitute for House Committee Bill No. 3. My reasons for disapproval are as follows.

Senate Substitute for House Committee Bill No. 3 is an unconstitutional, one-time fix that jeopardizes more than 200 state funds without the courtesy of a public hearing. Senate Substitute for House Committee Bill No. 3 requires the State Treasurer to divert \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund on or before September 1, 2017. To pay for this diversion, the bill authorizes the Commissioner of Administration to transfer \$35,400,000 into General Revenue “from the unexpended balance remaining from all fees, funds and moneys from whatsoever source received by any department, board, bureau, commission, institution, official, or agency of the state government,” with the exception of nine types of funds.

The funding scheme devised by Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution. Our state’s constitution is clear that taxpayer money cannot be withdrawn or spent without specific appropriation authority. Article IV, Section 23 requires that “[e]very appropriation law shall distinctly specify the amount and purpose of the appropriation” Article III, Section 36 states that “the general assembly shall have no power to divert [revenue collected and money received by the state] or to permit the withdrawal of money from the treasury, except in pursuance of appropriations made by law.” Finally, Article IV, Section 28 prohibits withdrawing money from the state treasury “except by warrant drawn in accordance with an appropriation made by law,” The Missouri Supreme Court concluded that these constitutional provisions are “unambiguous” and “[t]heir meaning is clear: money may not be withdrawn from the state treasury for any purpose other than that specified in an appropriation law.” *State ex inf. Danforth v. Merrell*, 530 S.W.2d 209, 213 (Mo. banc 1975).

Despite this clear constitutional direction, the General Assembly failed to pass an appropriations bill this session that contained the funding provisions set forth in Senate Substitute for House Committee Bill No. 3. Likewise, no appropriation bill diverted \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund. And, no appropriation bill swept \$35,400,000 from specified funds into General Revenue in order to pay for this diversion.

Senate Substitute for House Committee Bill No. 3 is not itself an appropriation bill.¹ Yet Senate Substitute for House Committee Bill No. 3 is the only location for this \$35,400,000 diversion from General Revenue into the Missouri Senior Services Protection Fund, as well as the only authorization for the \$35,400,000 sweep from various funds into General Revenue. Because of the complete lack of authority in any appropriation bill, Senate Substitute for House Committee Bill No. 3 violates multiple provisions of the Missouri Constitution: Article III, Section 36; Article IV, Section 23; and Article IV, Section 28.

These constitutional deficiencies are compounded by the bill’s failure to identify specific funds and amounts that will be swept, which would need to be included in an appropriations bill. Instead, the General Assembly attempted to shift responsibility to the Commissioner of Administration for deciding which funds would be targeted, and how much money would be drained from them.

¹ Nor could Senate Substitute for House Committee Bill No. 3 be a valid appropriation bill. Under Article III, Section 25, the General Assembly could not consider any appropriation bill after 6 p.m. on May 5, 2017. The Senate did not pass Senate Substitute for House Committee Bill No. 3 until May 8, and the House did not truly agree and finally pass the bill until May 12.

The Missouri Supreme Court rejected a similar ploy by lawmakers more than 40 years ago. *See State ex inf. Danforth*, 530 S.W.2d at 214. In that instance, the General Assembly authorized the Commissioner of Administration and a committee of legislators to transfer funds from one purpose to another. *Id.* at 211. The Missouri Supreme Court ruled this delegation of appropriation power was unconstitutional and any exercise of it would be a “usurpation of power” by both the legislature and the committee. *Id.* at 214.

The Attorney General has also concluded that the General Assembly’s delegation of appropriation power is unconstitutional. *See* Attorney General Opinion 190-74, at p. 5 (“It is the opinion of this office that the provision in [S.B. 1] which purports to give authority to the Committee on State Fiscal Affairs and the Commissioner of Administration to ‘alter’ the purpose of appropriations is unconstitutional in violation of Article IV, Section 28 and Article III, Sections 21 through 33, Constitution of Missouri.”); Attorney General Opinion 222-73, at p. 2 (“Therefore, it is our opinion that the Office of Administration has no authority to allow expenditures from appropriations in accordance with directives received from the Committee on State Fiscal Affairs contrary to the provisions of an appropriation act.”).

Just like the General Assembly’s attempt to sweep funds 40 years ago – rejected as unconstitutional by the State’s high court – Senate Substitute for House Committee Bill No. 3 would give the Commissioner of Administration authority to transfer funds from one purpose to another. Under the clear Missouri Supreme Court precedent in *State ex inf. Danforth*, Senate Substitute for House Committee Bill No. 3 is unconstitutional.

That the fund sweep is optional does not save Senate Substitute for House Committee Bill No. 3. In *State ex inf. Danforth*, the Missouri Supreme Court found unconstitutional a law that provided the Commissioner of Administration and a committee of legislators the *option* of transferring funds from one purpose to another. 530 S.W.2d 209, 214. Similarly, Senate Substitute for House Committee Bill No. 3 unconstitutionally provides the Commissioner of Administration the option of transferring funds from one purpose to another. But this “option” is a false choice. The Commissioner of Administration’s failure to perform this fund sweep would unbalance the Fiscal Year 2018 state budget by \$35,400,000.

How the General Assembly passed the final version of Senate Substitute for House Committee Bill No. 3 also raises constitutional concerns. When the bill passed the House and received a public hearing in the Senate General Laws Committee, what was then House Committee Bill No. 3 redirected a property tax credit to fund the Missouri Senior Services Protection Fund. However, the substitute bill first introduced on the Senate floor in the final days of session replaced all of the original language in the House bill with the diversion and fund sweep approach. Neither chamber held a public hearing on the new approach.

Since 1875, the Missouri Constitution has required legislation to be limited to its original purpose. *See* Article III, Section 21. The original purpose of a bill is determined by “its earliest title and *contents*,” and this constitutional doctrine prohibits “introduction of a matter that is not germane to the object of the legislation or that is unrelated to its original subject.” *Legends Bank v. State*, 361 S.W.3d 383, 386 (Mo. banc 2012) (emphasis added). By completely changing the substance of the original bill, Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution’s original purpose requirement. Moreover, any claim that the bill’s broad title allowed a total replacement of bill text also implicates the Missouri Constitution’s clear title requirement. *See Home Builders Ass’n of Greater St. Louis v. State*, 75 S.W.3d 267, 270 (Mo. banc 2012).

Practical concerns join these numerous constitutional problems. Missouri has 468 different state funds. When it negotiated the bill substitute, the Senate protected nine categories of funds from the fund sweep. Protected funds include funds for tattoo artists (Tattoo Fund), interior designers (Interior Designer Council Fund), embalmers (Board of Embalmers and Funeral Directors’ Fund), acupuncturists (Acupuncturist Fund), massage therapists (Massage Therapy Fund), and realtors (Real Estate Commission Fund).

The Office of Administration's Budget and Planning Division estimates that Senate Substitute for House Committee Bill No. 3 exposed 233 state funds to the potential fund sweep. Funds at risk of being drained include programs to prevent child abuse and neglect (Children's Trust Fund), assistance to workers injured on the job (Workers Compensation Fund and Second Injury Fund), and training to police officers (Highway Patrol Academy Fund) and firefighters (Fire Education Fund).

Because there was no public hearing and the Senate negotiated carve-outs late in the legislative session, Missourians never had the chance to question or comment on this bill's funding priorities. Missourians did not have the chance to question why the Senate protected tattoo artists, interior designers, and realtors, while placing in jeopardy funds for abused children, injured workers, and first responders.

Elected officials in the General Assembly must confront funding issues seriously and not dodge tough decisions through last minute, unconstitutional gimmicks. In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Committee Bill No. 3** without my approval.

Sincerely,

/s/ Eric R. Greitens

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 5** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Office of Administration, the Department of Transportation, the Department of Conservation, the Department of Public Safety, the Chief Executive's Office, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2017 and ending June 30, 2018.

Section 5.181

I hereby veto \$1 General Revenue for MOHEFA debt service and all related expenses associated with the Kansas City Music Conservatory project bonds.

This decision is consistent with my veto message of June 29, 2017 returning House Committee Substitute for House Concurrent Resolution 19 without my approval.

The Section vetoed relates to the General Assembly's decision to commit the State of Missouri to additional bond debt to fund 50% of a new conservatory building for the University of Missouri-Kansas City's music and dance programs. This would have put Missouri taxpayers on the hook for \$48 million in debt over the next decade. The

interest on these bonds is estimated to be between \$7 million and \$10 million. Furthermore, there was no definite plan to cover the facility's operating expenses; therefore, the taxpayers were at risk for an estimated \$19 million in operating expenses in the next 10 years.

I came into office as a conservative outsider. I pledged to act as a budget hawk and protect the people's money. I cannot support a legislative maneuver that blindly pledges taxpayer dollars, and certainly not when leaders in the university system have publicly acknowledged that no state funds should be used for this project.

Said section is vetoed in its entirety from \$1 to \$0 in total from General Revenue Fund.
From \$1 to \$0 in total for the section.

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 6** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Agriculture, Department of Natural Resources, Department of Conservation, and the several divisions and programs thereof and for the expenses, grants, refunds, distributions, and capital improvements projects involving the repair, replacement, and maintenance of state buildings and facilities of the Department of Natural Resources and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds, for the period beginning July 1, 2017 and ending June 30, 2018; provided the Department of Natural Resources notify members of the General Assembly, in

writing, about pending land purchases sixty (60) days prior to the close of sale; and further provided that the Department of Natural Resources not implement or enforce any portion of a federal proposed rule finalized after January 1, 2015, to revise or provide guidance on the regulatory definition of "waters of the United States" or "navigable waters" under the federal Clean Water Act, as amended, 33 U.S.C. Section 1251 et seq., without the approval of the General Assembly; and further provided the Department of Natural Resources not implement or enforce any portion of the federal Environmental Protection Agency's "Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units," 80 Fed. Reg. 64,662 (October 23, 2015).

Section 6.340

I hereby veto \$2,659,260 for the State Environmental Improvement Authority Fund (SEIA). Section 6.340 brings the operations of the Environmental Improvement and Energy Resources Authority (EIERA) onto the state budget. Section 260.035, RSMo, grants the EIERA, not the legislative branch, broad and specific powers to carry out the statutory duties assigned to the Authority. In addition, a majority of the resources in the SEIA Fund are the proceeds from EIERA bond sales, for which the state has no liability (Section 260.065, RSMo), and should not be considered state resources located in the state treasury. The Supreme Court of Missouri has already rejected the claim that revenues collected by the Authority are to be deposited in the state treasury and appropriated therefrom. *State ex inf. Danforth v. Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Corrections and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the period beginning July 1, 2017 and ending June 30, 2018.

Section 9.263

I hereby veto \$35,500,000 allocated to the Inmate Canteen Fund.

Section 217.195, RSMo, which created the Inmate Canteen Fund, states that the funds shall be kept in a "separate account" and "shall not revert or be transferred to general revenue." The General Assembly has authorized the creation of funds that are separate from general revenue: "All moneys received by this state shall be deposited in the state treasury to the credit of the general revenue fund, unless required by statute or constitutional provision to be deposited in some other specifically named fund." Section 33.543, RSMo.

Section 217.195, RSMo expressly excepted the Inmate Canteen Fund from the requirements in Section 33.80, RSMo, that all state money be placed in the state treasury and be subject to appropriation by the General Assembly. Like in *Petition of Bd. of Pub. Buildings*, 363 S.W.2d 598, 607 (Mo. banc 1962), the Inmate Canteen Fund "would not have passed through the treasury at any time and would not have been withdrawn therefrom by appropriation." Accordingly, Section 9.263 impermissibly brings the Inmate Canteen Fund into the State Treasury and appropriations process. This provision is inconsistent with Section 217.195, RSMo. The legislature may not amend current legal requirements through the appropriation process. It is well-settled that "legislation of a general character cannot be included in an appropriation bill." *State ex rel. Davis v. Smith*, 75 S.W.2d 828, 830 (Mo. banc 1934); *see also State ex rel. Hueller v. Thompson*, 289 S.W. 338, 340 (Mo. banc 1926).

In addition, Section 217.195, RSMo further directs the Department of Corrections to "keep accurate records of the source of money deposited" into the fund and to "allocate appropriations from the fund to the appropriate correctional center." Because Section 217.195, RSMo already authorizes the Department of Corrections to allocate appropriations from the fund to the appropriate correctional center, where funds shall be expended "for the benefit of the offenders in the improvement of recreational, religious, or educational services," Section 9.263 is unnecessary.

Section 9.263 is vetoed in its entirety from \$35,500,000 to \$0 in total from the Inmate Canteen Fund.
From \$35,500,000 to \$0 in total for the section.

On June 30, 2017, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 9**, except for those items specifically vetoed and not approved.

Sincerely,

/s/ Eric R. Greitens
Governor

July 14, 2017

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **House Bill No. 850** entitled:

AN ACT

To repeal section 40.435, RSMo, and to enact in lieu thereof one new section relating to military complaints against a commanding officer.

I disapprove of House Bill No. 850. My reasons for disapproval are as follows:

House Bill No. 850 would no longer allow Missouri National Guard soldiers to forward a complaint lodged against a commanding officer to the Governor, who is the Commander-in-Chief of the Missouri National Guard. *See* MO. CONST., art. IV, § 6; RSMo, § 41.120. Although there are other grievance procedures available to our soldiers, there are situations in which the State’s Commander-in-Chief should be on notice of soldiers’ grievances. Moreover, this procedure has been available to our service men and women since 1984, and there is no evidence of substantial need to amend this long-standing process. I am committed to keeping as many resources as possible available to our soldiers; therefore, I must veto House Bill No. 850.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 850** without my approval.

Sincerely,

/s/ Eric R. Greitens
Governor

The following Proclamation was received from His Excellency, Governor Eric R. Greitens.

PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly “whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in “equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly “when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based.”

NOW THEREFORE, I, Eric R. Greitens, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Ninth General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that the rate of expenditure for the appropriation lines in the fiscal year 2018 budget contained in Exhibit A attached hereto is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that, at the conclusion of fiscal year 2017, the appropriation lines in the fiscal year 2017 budget contained in Exhibit B attached hereto were permanently reduced as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2017 budget.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, this 1st day of August, 2017.

Governor
